MEMORANDUM

DATE: March 21, 2002
TO: The Contract File
PREPARED BY: Enrique Acosta Jr.
SUBJECT: Bid No. 2002-087 "Security Guard Services for the El Paso International Airport"

Summary

In accordance with State of Texas bidding requirements, formal bids were obtained for this acquisition. The solicitation when awarded will establish a contract for Security Guard Services at the El Paso International Airport. Akal Security has provided the Best Value Bid.

Background Information

In January 2002, formal bids were requested from twenty-seven companies, including thirteen area companies, in accordance with State of Texas bidding requirements. This solicitation was listed on the City's Internet web page and advertised in the El Paso Times (published January 15 and 22, 2002).

Staff recommends award for the Security Guard Services for the El Paso International Airport to Akal Security; this vendor has provided the Best Value Bid. Staff has evaluated the bid and finds that it meets City specifications. This action will best serve the public interest.

Akal Security supplied the City with the names of previous projects of a similar nature performed by their firm. These projects included security guard services for the Honolulu International Airport, Lalaeloa Airport, FAA (Honolulu Control Facility), FAA (Southern California TRACON), City of Santa Fe (Parking) and US Marshals Service (Court Security Program).

All contacts that replied to the City's reference check reported that the quality of their work was very good to excellent, responsive to contract requirements, conducted in a timely and efficient manner and that firm was responsive to technical direction.

All employees are provided employer-sponsored Employee Medical Benefit Coverage. Currently, Akal Security offers fully paid employer-sponsored Employee Medical Benefit Coverage to 77% of its employees. Akal Security offers to the remainder of the employees (23%), employer-sponsored Employee Medical Benefit Coverage through payroll deduction. All employees are provided compensated days off for sick leave, vacation, holidays or personal necessity.

The Texas Commission on Private Security's web site verified that Akal Security's Guard Company License is current, active, and in good standing, that is, with no disciplinary actions/enforcements. Staff also reviewed the List of Parties Excluded from Federal Procurement and Nonprocurement Programs and found no adverse records (debarred, suspended or excluded from receiving Federal contracts) for Akal Security. Based on the firm's prior performance record, little doubt exists that the recommended bid will successfully perform the required effort.

Respectfully submitted,

Enrique Acosta Jr.
Procurement Analyst
