“A Word From The President”
Clifton Crawford, New Castle County Government

Dear DPPA Members,

Our third quarter meeting was held using Zoom and we finally got the chance to welcome our two newest members, Susan Smith and Robin Allen, both from New Castle County Government. In addition, I would like to give a special thanks to one of our Chapter Sponsors, Mr. Patrick Crawford who is the Senior Account Manager of Safeware Inc. Safeware Inc. has been a long time supporter of our Chapter, therefore we invited Patrick to join in on our recent Zoom meeting. We were fortunate to also have Steve Havelka, representative from Equity Hub contact us regarding sponsorship opportunities, therefore we are pleased to announce Bid Locker by Equity Hub was our 3QTR meeting sponsor.

As you all know we had to postpone our Mid Atlantic Reverse Trade Show (MARTS) due to the pandemic. Since the conditions did not allow us to have the event this year we decided to issue full refunds to all vendors and attendees who registered and paid. Our hopes are to schedule the MART sometime next spring. Fingers Crossed!

2021 is Delaware’s turn to host the Area conference. Plans are being made in hopes of COVID-19 is under control. There will be several volunteer positions available for all Chapter members to participate. I would strongly suggest to our new members to get involved by volunteering and taking on a committee chair position. We all have different experiences, ideas and talents and by getting involved we can become a even better chapter.

Cliff

Coping With Stress & Anxiety During COVID-19

For many of us, COVID-19 has disrupted our routines and made every day activities, such as work and caring for loved ones challenging. These changes, on top of the general uncertainty around this pandemic, can create feelings of stress, fear and nervousness. These feelings are normal and people usually bounce back after awhile.

Peoples reactions appear in many different ways. Their sleeping habits, how they go about daily living and the way they interact with others are the most common. According to the American Red Cross, here are a few suggestions to help us cope:

⇒ Connect with loved ones on video calls, phone calls, texts and on social media
⇒ Take time to unwind by doing activities YOU enjoy
⇒ Take breaks from watching, reading or listening to news stories. Over indulging in the news can cause added stress
⇒ Stay informed with accurate, reliable information from trusted sources
⇒ Take care of yourself and monitor the physical health needs of your loved ones
⇒ Eat healthy, drink plenty of water and get plenty of sleep
⇒ Don’t forget to check on others
