FEMA CLAIMS

DRS provides expert FEMA Public Assistance claims recovery and project management services that focus on helping you successfully recover from disasters such as fires, floods, hurricanes, and tornadoes.

COMMERCIAL INSURANCE CLAIMS

DRS helps you successfully navigate your recovery by guiding you through the insurance claims process. From optimizing recovery dollars through your available insurance coverages, to decreasing your operational downtime and minimizing lost revenue, DRS helps you achieve your claims recovery goals.

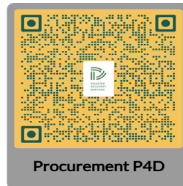

MANAGED VENDOR PARTNERS (MVPS)

DRS manages a vetted, and comprehensive list of best-in-class vendors who can provide immediate response and recovery services in the event of a disaster or loss. From disaster preparedness and mitigation to restoration and recovery, our partners offer competitive pricing, and are able to respond to any size need at a moment's notice. Many of these suppliers hold FEMA-compatible cooperative contracts.

PROCUREMENT PREPAREDNESS REVIEWS

DRS helps your organization optimize disaster recovery funding by conducting a FEMA Procurement Preparedness Review. Navigating unfamiliar rules and requirements after a catastrophic event can put millions of FEMA recovery dollars at risk. With this in mind, DRS reviews your organization's current procurement and contracting policies and procedures, measuring them against federal requirements, and then provide strategic guidance for better alignment for FEMA compatibility.

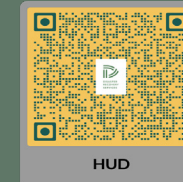

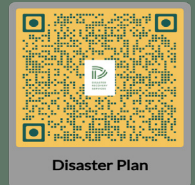

PROJECT MANAGEMENT

DRS has managed and coordinated the successful recovery of hundreds of complex disaster events around the world totaling billions of dollars. As the go-to experts, we hold a unique skill set that combines skilled disaster project management with an in-depth knowledge of financial claims recovery, resulting in a streamlined approach.

P4D - PLANNING FOR DISASTER

DRS offers a 4-dimensional approach to preparedness planning where we help you review, identify, implement, and monitor a comprehensive recovery plan that is customized to mitigate and recover from the disaster-related challenges that threaten your organization.

HUD - DISASTER RECOVERY FUNDS

DRS provides expert CDBG-DR, CDBG-MIT, and CDBG-CV services that focus on helping you successfully support long-term recovery efforts from disasters such as fires, floods, hurricanes, and tornadoes.

ARPA GRANTS MANAGEMENT

DRS assists state and local governments with their communities' recovery and resiliency objectives through the implementation of a comprehensive grant management approach that includes formulating a financial recovery strategy that optimizes the use of available COVID-19 funding sources (ARPA, IJA, FEMA, CDBG, etc.).
