

Reflection on 2023

- In 2023 IPPA held 9 Board Meetings which were held in person and virtual
- Topics discussed would include planning chapter events like Procurement Month, RVTS, Lunch & Learns and Chapter Meetings
- Every board member would provide an update on what they were working on during that month.

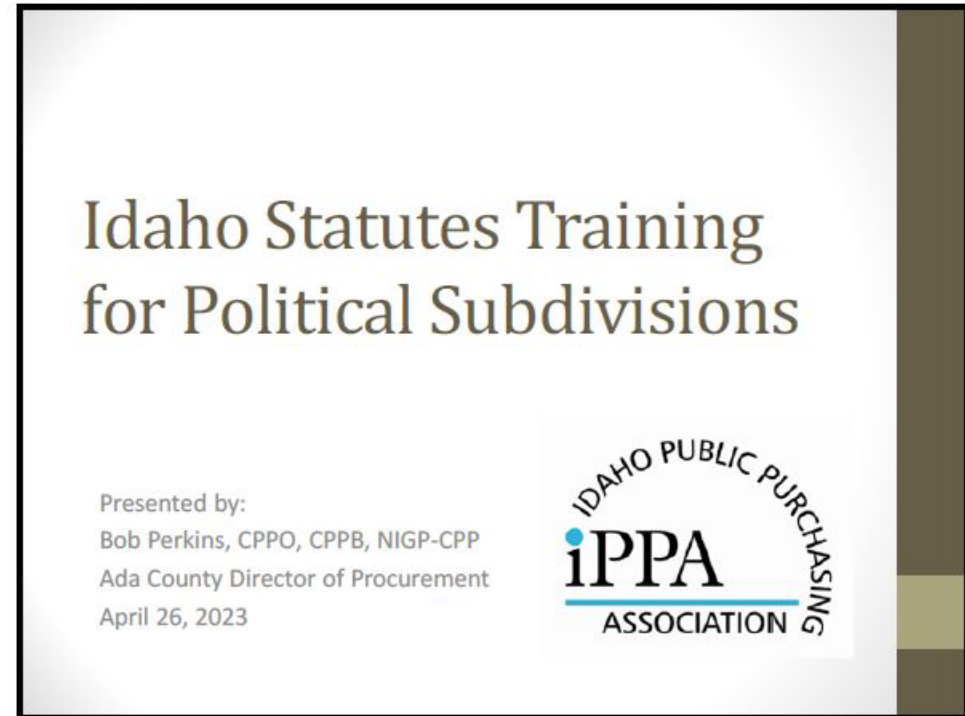

Education Classes

- IPPA hosted several virtual classes within 2023
- IPPA hosted its first in-person class in several years, Foundations of Leadership
- Other classes included:
 -

Education Classes continued

- IPPA also was able to host two IPPA sponsored classes this past year:
 - Bob Perkins taught Idaho Statutes Training for Political Subdivisions via in-person and hybrid
 - In September Lee Scott taught a class on Practical Process Improvement
- Education classes are at the heart of what IPPA stands for. These classes provide members with the tools they can bring back to their careers and to help them when they are getting ready to test for certification. IPPA is wanting to host some classes in 2024 that are really geared toward procurement professionals and what they do in their daily jobs.
