DULLES SOUTH RECREATION CENTER PHASE 5 – POOL FILTER UPGRADES

1.0 PURPOSE

The Intent of this Invitation for Bid (IFB) is for the County of Loudoun, Virginia (County) to obtain the services of a qualified General Contractor to replace the pool filtration system at the Dulles South Recreation Center Competition Pool, located at 24950 Riding Center Drive, South Riding, VA 20152.

The Dulles South Recreation Center Competition Pool was built in 2018, but the existing mechanical system does not effectively remove chloramines from the pool environment. The aim of this work is to correct this deficiency. The scope of this project is to provide an updated pool water filtration system which will include demolition of existing filter system and associated network of piping, installation of new filter tanks and piping with an exterior enclosed structure.

The facility will remain in full operation during all demolition work and new work for this project. The facility as well as the Competition Pool will remain open to public at all times of normal operation for the duration of the work. Some staff parking must be accessible for the public to this building throughout construction. All construction access and construction staging will be from the rear of the facility. Some work may need to be performed outside of normal operation hours for certain parts of the work to ensure no disruption to the normal operation of the pool or the facility. A scheduled shut down will be necessary for new work connections to existing, this shall not exceed two (2) weeks.

Protection from all debris from entering the pool will be the sole responsibility of the contractor. If debris enters the pool, the contractor will cover all expense to drain and clean the pool in addition to a \$1,000.00 for each day the pool is not available to the public as compensation to the County for lost revenue.

Testing Adjusting Balancing (TAB) and the Commissioning Agent will be hired directly by The County.

Project Timeline. The Contract Time is one-hundred-twenty (120) calendar days from Notice to Proceed to Substantial Completion. Notice to Proceed (NTP) will not be given until all materials and equipment are delivered and inspected by the County or their representative. All material and equipment submittals required by the specifications shall be submitted to the County no later than thirty (30) calendar days from the date of contract execution and approved by the County no later than sixty (60) calendar days from the date of contract execution.

Project Milestones:

- Substantial Completion of work shall not be given until after the filtration system has been function tested.
- Final Completion and the completion of punch list items; ten (10) calendar days after Substantial Completion.

The Contractor shall be responsible for all surveying to ensure the project is installed per the Plans and Specifications contained in Attachment 3. Any deviations from the Contract Documents shall be specifically requested via Request for Information (RFI) submitted to the Architect/Engineer of Record. All deviations shall be noted in the Contractor's "Record Set" of Construction Documents. Upon completion of the Project, two (2) hard-copy sets, and one (1) digital copy of "Record Set" Construction Documents shall be provided to the County.

Lastly, the County will require the Contractor awarded this Project to use e-Builder Construction Program Management Software. The County will purchase two (2) licenses for the Contractor's use and will provide training for the Contractor to ensure proficiency as recommended by e-Builder. The license and training will be provided to the Contractor at no cost and prior to the issuance of Notice to Proceed. Further training due to a lack of proficiency will be the responsibility of the Contractor.

The e-Builder Construction Program Management Software will be utilized for all Project management documentation and correspondence, including but not limited to: RFI's, submittals, meeting minutes, pay applications, proposed change orders/change orders, close-out documentation, etc. Contact e-Builder for further information at www.e-builder.net or 1-800-580-9322.

19.8 Withdrawal of Construction Contract Bid Due to Error

A bidder for a construction Contract may withdraw its bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake therein, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor, or material made directly in the compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents, and materials used in the preparation of the bid sought to be withdrawn. The bidder shall give notice in writing of its claim of right to withdraw its bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice.

19.9 Subcontractors

Please refer to Article 5: Subcontractors, of the *County of Loudoun General Conditions of the Construction Contract*.

19.10 Late Bids

LATE bids will be returned to bidder UNOPENED, if IFB number, opening date, and bidder's return address are shown on the container.

19.11 Rights of County

The County reserves the right to reject all or any part of any bid, waive informalities, and award the contract to the lowest responsive and responsible bidder to best serve the interest of the County. Informality shall mean a minor defect or variation of a bid from the exact requirements of the Invitation to Bid which does not affect the price, quality, quantity, or delivery schedule for the goods, services, or construction being procured.

19.12 Prohibition as Subcontractors Under Competitive Sealed Bidding

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to, or perform any subcontract or other work agreement, for the person or firm to whom the Contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

19.13 Vendor Preference in Tie Bids

The Division of Procurement and all other departments of the County making purchases of goods, services, and construction shall give preference to goods, services, and construction sold by Loudoun County and the Commonwealth of Virginia vendors, in that order, in all cases of tie bids, quality and service being equal.

19.14 Anti-Trust Violations

Tie bids may cause rejection of bids by the Division of Procurement and/or prompt an investigation for anti-trust violations.

19.15 Basis for Award

Contract award will be made to the lowest responsive and responsible bidder based upon the lump sum.

Whenever the lowest responsive and responsible bidder is a resident of a state other than Virginia and such state under its laws allows a resident contractor of that state a percentage preference, a like preference shall be allowed to the lowest responsive and responsible bidder who is a resident of Virginia and is the next lowest bidder. If the lowest bidder is a resident contractor of a state with an absolute preference, the bid preference shall not be considered.

19.16 Negotiation with the Lowest Responsible Bidder

Unless all bids are cancelled or rejected, the County reserves the right granted by § 2.2-4318 of the *Code of Virginia* to negotiate with the lowest responsive, responsible bidder to obtain a Contract price within the funds available whenever such low bid exceeds the available funds. Negotiations with the low bidder may include both modifications of the bid price and the specifications/scope of work to be performed.

19.17 Notice of Award

A Notice of Award will be posted on the County's web site (www.loudoun.gov/procurement).

19.18 Protest

Bidders may refer to §§ 2.2-4357 through 2.2-4364 of the Code of Virginia to determine their remedies concerning this competitive process. Protests shall be submitted to the Director, Department of Finance and Budget.

19.19 Construction Contract Bid Security

Bid security is required for this project. Bid security shall be a bond provided by a surety company selected by the bidder and authorized to do business in Virginia, or the equivalent in cash, or otherwise supplied in a form satisfactory to the County. Bid security shall be in an amount equal to at least five percent (5%) of the amount of the bid. Non-compliance with this provision requires that the bid be rejected unless it is determined that the bid fails to comply in a non-substantial manner the security requirements.

The apparent low bidder's Contract Bid Security shall be subject to forfeiture if the apparent low bidder withdraws his bid prior to award, or fails to sign and return the County – Contractor Agreement. The Contract Bid Security shall be forfeited according to the forfeiture provisions in Code of Virginia (§ 2.2-4336) and the proposal guaranty.

19.20 Construction Contract Bond Forms and Copies; Alternative Forms

In lieu of a bid, payment or performance bond, a bidder may furnish a certified check or cash escrow in the face amount required for the bond. If approved by the County Attorney, a bidder may furnish a personal bond, property bond,

or bank or savings and loan association's letter of credit on certain designated funds in the face amount required for the bid, payment or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords the same protection to the County equivalent to the corporate surety bond.

19.21 Debarment

By submitting a bid, the bidder is certifying that bidder is not currently debarred by a local or state government or the federal government. A copy of the County's debarment procedure in accordance with § 2.2-4321 of the Code of Virginia is available upon request.

The SCC may be reached at (804) 371-9733 or at <http://www.scc.virginia.gov/default.aspx>.

19.23 W-9 Form Required

Each bidder shall submit a completed W-9 form with their bid. In the event of Contract award, this information is required in order to issue purchase orders and payments to your firm. A copy of this form can be downloaded from <http://www.irs.gov/pub/irs-pdf/fw9.pdf>.

19.24 Insurance Coverage

Bidders shall include with their bid a copy of their current Certificate of Insurance that illustrates the current level of coverage the bidder carries. The Certificate can be a current file copy and does not need to include any "additional insured" language for the County for submission with the bid.

BEGIN QUESTIONS AND ANSWERS

Q1: Acceptable location to backwash water or pipe that we are to connect the backwash line to that meets county code requirements?

A1: The back wash lines are shown on drawing P201 discharging to the same drains to which the filters originally discharged. Refer to Keyed Notes 23 and 31. These existing drains are connected to a building drain that is labeled on the existing drawings as "8" sanitary for pool water". On drawing P201 this is the line identified as the "existing 8" pool drain" leaving the building.

Q2: Should we have an alternate in our bid for regenerative media for new filters?

A2: NO, LC will not change base of design on regenerative media for new filters.
