1.0 PURPOSE

- 1.1 The County of Loudoun, Virginia (County) seeks to award one (1) or more, with a maximum of (3), Task Order Contracts to qualified general contractors to provide for roadway related construction on an as-needed basis at various locations within Loudoun County over a one (1) year Base Term and up to four (4) one (1) year additional Option Terms. Work under the resulting contracts may be done on Virginia Department of Transportation (VDOT) or other public right-of way. A Task Order Contract is a competitively bid, firm fixed priced, indefinite quantity contract. The Work includes a collection of Tasks that have pre-established unit prices. Task orders will be used for the accomplishment of various traffic calming or traffic safety improvement projects to include related road maintenance. The Work to be performed will be in general conformance with the VDOT Traffic Calming Guide for Neighborhood Streets.
- 1.2 These Contract(s) will generally be utilized to accomplish small to medium sized, Projects with a typical Task Order value within the range of \$10,000-\$100,000. However, Task Orders in the \$1,000 to \$5,000 range may occur common. The typical Work is anticipated to include, but not be limited to, Projects such as: speed humps, crosswalk refuge, guardrail installation and street sweeping, etc. The maximum value of any individual Task Order is not expected to, but may, exceed \$200,000. The County makes no guarantee as to amount of Work.
- 1.3 For the purposes of these Contracts, a Loudoun County "Purchase Order" is described as a "Task Order".

2.0 COMPETITION INTENDED

It is the County's intent that this Invitation for Bid (IFB) permits competition. It shall be the bidder's responsibility to advise the Purchasing Agent in writing if any language, requirement, specification, etc., or any combination thereof, inadvertently restricts or limits the requirements stated in this IFB to a single source. Such notification must be received by the Purchasing Agent not later than fifteen (15) days prior to the date set for bids to close.

3.0 OVERVIEW OF THE CONTRACT

- 3.1 This Contract is an indefinite quantity contract pursuant to which the Contractor will perform an ongoing series of individual Projects at different sites within Loudoun County, often simultaneously. The Projects will be related to traffic calming and traffic safety improvements to include related road maintenance.
- 3.2 The Process - As Projects are identified by the County, the County will prepare a Detailed Scope of Work and issue a Request for Price Proposal to the Contractor. The Contractor will then prepare a Package for the Project

including a Price Proposal, Progress Schedule, any Incidental Design, a list of proposed subcontractors, and other requested documents. If all contents of the Price Proposal Package are found to be acceptable by the County, a Task Order may be issued.

- 3.4 Task Orders - A separate Task Order will be issued for each Project prior to the commencement of any Work by the Contractor, except in a declared State of Emergency as provided in Section 6.8.F.(5). A Task Order will reference the Detailed Scope of Work and set forth the Task Order Completion Time and the Task Order Amount. The Task Order Amount is determined by multiplying the pre-established Unit Prices for the appropriate tasks required to complete the Detailed Scope of Work by the appropriate quantities. The Task Order Amount shall be a lump sum, fixed price for completing the Detailed Scope of Work. Unforeseen/latent conditions, additions to and deletions from the Detailed Scope of Work will be addressed by amending the original Task Order.

3.5 Contractor Selection for Each Project

The County may award an individual Task Order to any selected contractor. Selection of the Contractor and award of the Task Order will be in compliance with established County procedures and based on one or more of the following criteria:

- E. Contractor's responsiveness to the County on Task Orders.
- F. Management of Task Order dollar volume within bonding limitations of the Contractor.

In all such cases, the County shall issue a Supplemental Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

If the Work is to be subcontracted, the Contractor shall submit three (3) independent bids from Subcontractors. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers and Subcontractors are not acceptable or if the prices are deemed (in the sole judgment of the County) not to be reasonable. If three (3) quotes or bids for materials or subcontracted work cannot be obtained, the Contractor will provide in writing to the County, for County approval, the reason why three (3) quotes cannot be submitted. If the explanation is accepted by the County, the Contractor may provide less than three (3) quotes.
- c. The final price for Non Pre-priced Tasks shall be according to the following formula:

For Work Performed with the Contractor's Own Forces:

A = The hourly rate for each trade classification multiplied by the quantity;

B = The hourly, weekly, or monthly rate for each piece of equipment multiplied by the quantity;

C = Lowest of three independent quotes for all materials.

Total for Non Pre-priced Tasks performed with Contractor's own forces = (A+B+C)

For Work Performed by Subcontractors:

D = Lowest of three subcontractor quotes

- d. After the cost for a Non Pre-priced Task has been approved, the County may determine that such cost shall be fixed for all future Price Proposals and will not

require three (3) quotes for price determination. The County reserves the right to request the Contractor provide current quotes for any Non Pre-priced Task approved previously.

- e. The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive.

F. Contractor's Price Proposal Package:

- (1) The Contractor's Price Proposal Package shall include, at a minimum:

On complex Task Orders, such as Task Orders requiring extensive approvals and permits, allowance will be made to provide adequate time for preparation and submittal of the Price Proposal Package and will be so reflected in the Price Proposal Package due date entered on the RFPP.
- (3) The Contractor shall provide all Incidental Design services required in connection with a particular Task Order including drawings and information required for filing.
- (4) Contractor shall make all necessary arrangements for and obtain all filings and permits required for the Work, including the preparation of all drawings and sketches, calculations and other documents and information that may be required thereof. If the Contractor is required to pay an application fee for filing a Project, a fee to obtain a VDOT Land Use Permit, or any other permit fee to any City, State or some other government or regulatory agency, then the amount of such fee paid by the

Contractor for which a receipt is obtained shall be treated as a reimbursable task for which the County will reimburse the Contractor dollar for dollar (1:1, no markup). The costs of all activities required to obtain the permits (including expediting services) will be at the Contractor's expense.

- (6) Price Proposals may not contain exclusions that conflict with any requirements in the Contract Documents. Any Price Proposal submitted that contains exclusions may be rejected as non-responsive.

G. Review of the Price Proposal Package and Issuance of a Task Order:

- (1) The County will evaluate (a) the entire Price Proposal and proposed tasks therein and compare these with the DSOW and any estimate the County may have prepared to determine the reasonableness of approach, including the nature and quantity of tasks proposed and the means and methods utilized, and; (b) all other components of the Price Proposal Package.
- (2) The County reserves the right to reject the Contractor's selection of Subcontractors on individual Task Orders. Failure to include the Subcontractor list in the Price Proposal Package submitted on each Task Order shall be cause for rejection of the Price Proposal as non-responsive.
- (3) The County reserves the right to reject a Price Proposal, or any other component of the Price Proposal Package, for any reason. The County also reserves the right not to issue a Task Order if it is determined, in the sole judgment of the County, not to be in the County's best interest. The Contractor shall have no claim to recover any costs arising out of or related to the development of the Price Proposal Package including but not limited to the costs to attend the Joint Scope Meeting, review of the DSOW, all costs associated with preparing a Price Proposal (and any other component of the Price Proposal Package), any Subcontractor costs incurred, and the costs to review the Price Proposal with the County. The County may pursue the performance of such Work by other means.

All work requested under this Contract shall be placed on a County issued Purchase Order. The Contractor shall not accept credit card orders or payments.

Contractor shall provide a single invoice in duplicate at the end of each project, such statement to include detailed breakdown of all charges, and shall be based on completion of tasks or deliverables for the project. Contractor and County may agree to partial or multiple payments when applicable. Allowance of partial payments will be detailed in the individual Task Order.

Invoices shall be submitted to the "Bill To" address listed on each Task Order (each department/division of the County utilizing this contract may have their own "Bill To" address).

Upon receipt of invoice and final inspection and acceptance of the equipment and/or service, the County will render payment, less retainage if applicable, within forty-five (45) days unless any items thereon are questioned, in which event payment will be withheld pending verification of the amount claimed and the validity of the claim. The Contractor shall provide complete cooperation during any such investigation. Unless invoice items are questioned, the interest shall accrue at the rate of one percent (1%) per month for any late payments.

Individual Contractors shall provide their social security numbers, and proprietorships, partnerships, and corporations shall provide their federal employer identification number on the pricing form.

6.47 Payments to Subcontractor

Within seven (7) days after receipt of amounts paid by the County for work performed by a subcontractor under this Contract, the Contractor shall either:

- A. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or
- B. Notify the County and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment and the reason for non-payment.

The Contractor shall pay interest to the subcontractor on all amounts owed that remain unpaid beyond the seven (7) day period except for amounts withheld as allowed in item B. above.

Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

The Contractor shall include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment

and interest requirements as set forth above with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this provision may not be construed to be an obligation of the County.

6.48 Construction Contract Performance and Payment Bonds

Within fifteen (15) calendar days after the effective date of the Agreement, the following bonds or security shall be delivered to the County and shall become binding on the parties upon the execution of the Contract:

- A A performance bond satisfactory to the County, executed by a surety company authorized to do business in Virginia with a Best's Key Rating of Level A or better and in a financial size of Class VII or higher, or otherwise secured in a manner satisfactory to the County, for the faithful performance of the Contract in strict conformity with the plans, specifications and conditions of the Contract. The bond shall be in the amount of \$300,000; and
- B A payment bond satisfactory to the County, executed by a surety company authorized to do business in Virginia with a Best's Key Rating of Level A or better and in a financial size of Class VII or higher, or otherwise secured in a manner satisfactory to the County, for the protection of all persons supplying labor and material to the Contractor or its subcontractors for the performance of the work provided for in the Contract. Labor and materials shall include public utility services and reasonable rentals of equipment, but only for the periods when the equipment rented is actually used at the site. The bond shall be in the amount of \$300,000.
- C. The amount of the performance and payment bonds shall increase without the necessity of any action by the County, to the same extent the Contract Price increases due to changes.
- D. The condition of the bonds is that if the Contractor shall in every respect discharge itself from its obligations under the Agreement, which Agreement is to be incorporated into the bonds by reference, then the bonds shall be void; otherwise, the bonds shall remain in full force and effect until released by the County.
- E. Surety shall expressly WAIVE any right to receive notice, review, approve any revisions to the plans, profiles, and specifications referred to in the Agreement and no such revision shall in any way affect the obligation of the Surety under the bonds.
- F. Surety shall be deemed to consent to any extension of time granted to Contractor to permit performance of the obligations of the Agreement, whether or not Surety receives notice of such extension

of time, and the liability of Surety under the bonds shall not be discharged or affected by any such extension of time.

- G. If at any time, any surety or sureties become insolvent or are determined by the County to be unable to adequately secure the interests of the County, the Contractor shall within thirty (30) days after such notice from County to do so, substitute an acceptable bond(s) in such form and sum and signed by such other sureties as may be satisfactory to County. The premium on such bond(s) shall be paid by the Contractor at no additional cost to the County provided reasonable justification can be provided by the County for its determination.
- H. A prime Contractor shall not be precluded from requiring each subcontractor to furnish a payment bond with surety thereon in an amount equal to one hundred percent (100%) of the Contract with such subcontractor.

6.49 Construction Contract Bond Forms and Copies; Alternative Forms

In lieu of a payment or performance bond, the Contractor may furnish a certified check or cash escrow in the face amount required for the bond. If approved by the County Attorney, a Contractor may furnish a personal bond, property bond, or bank or savings and loan association's letter of credit on certain designated funds in the face amount required for the payment or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords the same protection to the County equivalent to the corporate surety bond.

6.50 Assignment

The Agreement may not be assigned in whole or in part without the prior written consent of the Division of Procurement. The rights and obligations of the Contractor are personal and may be performed only by the Contractor. Any purported assignment that does not comply with this provision is void. This Agreement is binding upon and inures to the benefit of the parties and their respective permitted successors and assigns.

6.51 County's Right to Carry Out Work

- A. If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within seven (7) days after receipt of written Notice from the County to commence and continue correction of such default or neglect with diligence and promptness, the County may, without prejudice to any other remedy it may have, rectify such deficiencies as outlined in Section 6.52 County's Right to Perform Work and to Award Separate Contracts. In such case, an appropriate Change Order shall be issued deducting from the payments then or thereafter due the Contractor the cost of correcting such deficiencies, including compensation for

any Architect/Engineer ("A/E") additional services made necessary by such default, neglect or failure. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the County.

- B. Neither the County nor the A/E nor their officers, agents, assigns or employees are in any way liable or accountable to the Contractor or its surety for the method by which work performed by the County, or at the County's direction, or any portion thereof, is accomplished or for price paid therefore. Notwithstanding the County's right to carry out a portion of the Work, maintenance and protection of the Work remains the Contractor's and Surety's responsibility as provided for in the Performance Bond and Guarantee of Contractor.

6.52 County's Right to Perform and Award Separate Contracts

- A. The County reserves the right to perform work related to the Project with its own forces, and to award separate contracts in connection with other portions of the Project or other work on the site.
- B. When separate contracts are awarded for different portions of the Project or other Work on the site, the term Contractor in the Contract Documents in each case shall mean and Contractor who executes each separate Agreement.
- C. The County reserves the right to perform Work related to any Task Order with its own forces and to award separate contracts in connection with other portions of any Task Order or other Work on the Site under these or similar Conditions of the Contract. The Contractor shall afford other Contractors working on the same Site reasonable opportunity for the introduction and storage of the other Contractor's materials and the execution of the other Contractor's Work. The Contractor shall properly regulate, schedule, connect, and coordinate his Work with any other Contractors on Site.

6.53 Termination

Subject to the provisions below, this Contract may be terminated by the County upon thirty (30) days advance written notice to the Contractor; but if any work or service hereunder is in progress, but not completed as of the date of termination, then the Contract may be extended upon written approval of the County until said work or services are completed and accepted.

A. Termination for Convenience

The County may terminate this Contract for convenience at any time in which case the parties will negotiate reasonable termination costs.

B. Termination for Cause

In the event of Termination for Cause, the thirty (30) days advance notice is waived and the Contractor shall not be entitled to termination costs.

C. Termination Due to Unavailability of Funds in Succeeding Fiscal Years

If funds are not appropriated or otherwise made available to support continuation of the performance of this Contract in a subsequent fiscal year, then the Contract shall be canceled and, to the extent permitted by law, the Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the supplies or services delivered under the Contract.

6.54 Claims and Disputes Procedure

Intentionally Omitted

6.55 Severability

In the event that any provision shall be adjudged or decreed to be invalid by a court of competent jurisdiction, such ruling shall not invalidate the entire Agreement but shall pertain only to the provision in question and the remaining provisions shall continue to be valid, binding and in full force and effect.

6.56 Governing Law/Forum

This Agreement shall be governed and construed in all respects by its terms and by the laws of the Commonwealth of Virginia, without giving effect to its conflicts of laws provisions. Any judicial action shall be filed in the appropriate court in the County of Loudoun, Virginia or in the United States District Court for the Eastern District of Virginia in Alexandria. Contractor expressly waives any objection to venue or jurisdiction of the Loudoun County Circuit Court, Loudoun County, Virginia or the United States District Court for the Eastern District of Virginia in Alexandria. 6.57 Conflict within the Contract Documents

Should there be a conflict between the Loudoun County Revisions to Division 1 General Provisions and the terms and conditions of this IFB, the IFB shall take precedence.

6.58 Water

A. The Contractor may on occasion need water to perform the work.

(1) In the event the Work is performed in an area served by a public water system (i.e., the Loudoun County Sanitation Authority) the Contractor will arrange for the water usage to be metered and the County will reimburse the Contractor. The Contractor may include the fees incurred in its Price Proposal.

- (2) In the event the Work is performed in an area not served by a public water system, the Contractor shall furnish the water and any related hauling and use shall be included in its Price Proposal.

6.59 Ingress/Egress, Staging and Site Restoration

6.60 Licensure

6.61 Authority to Transact Business in Virginia:

A Contractor organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia or as otherwise required by law. Any business entity described herein that enters into a Contract with the County pursuant to the Virginia Public Procurement Act 2.2-4300 *et seq.* shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50 of the Code of Virginia, to be revoked or cancelled at any time during the term of the Contract. The County may void any Contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.

6.62 Criminal Background Checks

The Contractor shall submit the names, social security numbers, and other information of its employees when requested. This information will only be used by Loudoun County to obtain nation-wide criminal background checks when the County, in its sole discretion, determines it necessary for reasons of security or confidentiality. When this occurs, the Contractor shall not send any workers to the job site whose information has not been provided for the County's background check. If the Contractor needs to have materials delivered to the job site, deliveries from outside vendors must be approved in advance by the project manager. These background checks when requested will be performed at the County's expense.

6.63 County's Right to Stop Work

If the Contractor fails to correct defective Work as required herein or persistently fails to carry out the Work in accordance with the Contract Documents, the County, by a written order, may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated. However, this right of the County to stop the Work shall not give rise to any duty on the part of the County to exercise this right for the benefit of the Contractor or any other person or entity.

Bids with multiple signatures from multiple firms will not be accepted.

If a Joint Venture submits a bid, a Joint Venture Agreement, signed by individuals authorized to bind each member of the Joint Venture into contracts or agreements, must be included in the bid and this Agreement is subject to approval by the Loudoun County Office of the County Attorney prior to contract award. If the Joint Venture Agreement is not provided in the bid or is not approved by the Loudoun County Office of the County Attorney, the bid may be rejected as non-responsive and or non-responsible. Each member of the Joint Venture should submit a Proof of Authority to Transact Business in Virginia form that is contained in this IFB.

7.3 Questions and Inquiries

Questions and inquiries, both oral and written, will be accepted from any and all bidders. However, when requested, complex oral questions shall be submitted in writing. Material questions will be answered in writing with an Addendum provided, however, that all questions are received **by 5:00 p.m. May 25, 2021**. No exceptions or additions to the Specifications/Scope of Work or Contract Terms and Conditions shall be permitted. Any questions or concerns regarding any part of the IFB shall be submitted to the Division of Procurement prior to the date specified in the Questions and Inquiries section above. Bids containing any exceptions to the Specifications/Scope of Work or Contract Terms and Conditions or submitting additional Terms and Conditions shall be deemed non-responsive and rejected. Exceptions or additions proposed after bid submission by the successful bidder shall not be accepted.

7.5 Firm Pricing for County Acceptance

Bid price must be firm for County acceptance for a minimum of one hundred and twenty (120) days from bid opening date. "Discount from list" bids are not acceptable unless requested.

7.6 Proprietary Information

Trade secrets or proprietary information submitted by a bidder in connection with this solicitation shall not be subject to disclosure under the Virginia Freedom of Information Act; however, **pursuant to § 2.2-4342 of the Code of Virginia, the bidder must invoke the protections of this section prior to or upon submission of the data or other materials, and must clearly identify the data or other materials to be protected and state the reasons why protection is necessary. Failure to abide by this procedure may result in disclosure of the bidder's information.** Bidders shall not mark sections of their bid as proprietary if they are to be part of the award of the contract and are of a "Material" nature.

7.7 Authority to Bind Firm in Contract

Bids MUST give full firm name and address of bidder. Failure to manually sign bid may disqualify it. Person signing bid will show TITLE or AUTHORITY TO BIND THE FIRM IN A CONTRACT. Firm name and authorized signature must appear on bid in the space provided on the pricing page. Those authorized to sign are as follows:

If a sole proprietorship, the owner may sign.

If a general partnership, any general partner may sign.

Others may be granted authority to sign but the County requires that a corporate document authorizing him/her to sign be submitted with bid.

7.8 Withdrawal of Construction Contract Bid Due to Error

A bidder for a construction Contract may withdraw its bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake therein, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of a bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. The bidder shall give notice in writing of its claim of right to withdraw its bid within two (2) business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice.

7.9 Incidental and Consequential Damages

No bidder may require contractual language limiting or eliminating liability for incidental and consequential damages.

7.10 Late Bids

LATE bids will be returned to bidder UNOPENED, if IFB number, opening date and bidder's return address is shown on the container.

7.11 Rights of County

The County reserves the right to reject all or any part of any bid, waive informalities, and award the contract to the lowest responsive and responsible bidder to best serve the interest of the County. Informality shall mean a minor defect or variation of a bid from the exact requirements of the Invitation to Bid which does not affect the price, quality, quantity, or delivery schedule for the goods, services or construction being procured.

7.12 Prohibition as Subcontractors under Competitive Sealed Bidding

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the Contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

7.13 Vendor/Contractor Preference in Tie Bids

The Division of Procurement and all other departments of the County making purchases of goods, services and construction shall give preference to goods,

services and construction sold by County and State vendors, in that order, in all cases of tie bids, quality and service being equal.

7.14 Antitrust Violations

Tie bids may cause rejection of bids by the Division of Procurement and/or prompt an investigation for Anti-Trust violations.

7.15 Basis for Award

Contract award may be made to one (1) or more firms, with a maximum of three (3). Contract award will be made to the lowest responsive and responsible bidder based on the Lump Sum. If the County so elects, subsequent contracts may be awarded to the responsive and responsible bidders with the second and third lowest Lump Sums.

Whenever the lowest responsive and responsible bidder is a resident of a state other than Virginia and such state under its laws allows a resident contractor of that state a percentage preference, a like preference shall be allowed to the lowest responsive and responsible bidder who is a resident of Virginia and is the next lowest bidder. If the lowest bidder is a resident contractor of a state with an absolute preference, the bid preference shall not be considered.

7.16 Negotiation with the Lowest Responsible Bidder

Unless all bids are cancelled or rejected, the County reserves the right granted by § 2.2-4318 of the Code of Virginia to negotiate with the lowest responsive, responsible bidder to obtain a contract price within the funds available whenever such low bid exceeds the available funds. Negotiations with the low bidder may include both modifications of the bid price and the specifications/scope of work to be performed.

7.17 Notice of Award

A Notice of Award will be posted on the County's web site (www.loudoun.gov/procurement).

7.18 Protest

Bidders may refer to §§ 2.2-4357 through 2.2-4364 of the Code of Virginia to determine their remedies concerning this competitive process. Protests shall be submitted to the Director, Department of Finance and Budget.

Bid security is required for this Contract. Bid security shall be a bond provided by a surety company selected by the bidder and authorized to do business in Virginia, or the equivalent in cash, or otherwise supplied in a form satisfactory to the County. Bid security shall be in an amount equal to at least \$15,000. When the Invitation for Bid requires security, non-compliance requires that the bid be rejected unless it is determined that the bid fails to comply in a non-substantial manner with the security requirements.

7.20 Construction Contract Bond Forms and Copies; Alternative Forms

In lieu of a bid, payment or performance bond, a bidder may furnish a certified check or cash escrow in the face amount required for the bond. If approved by the County Attorney, a bidder may furnish a personal bond, property bond, or bank or savings and loan association's letter of credit on certain designated funds in the face amount required for the bid, payment or performance bond. Approval shall be granted only upon a determination that the alternative form of security proffered affords the same protection to the County equivalent to the corporate surety bond.

7.21 Debarment

By submitting a bid, the bidder is certifying that bidder is not currently debarred by a local or state government or the Federal Government. A copy of the County's debarment procedure in accordance with § 2.2-4321 of the Code of Virginia is available upon request.

7.22 Proof of Authority to Transact Business in Virginia

A bidder organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 of the Code of Virginia shall include in its bid or proposal the identification number issued to it by the State Corporation Commission. Any bidder that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 of the Code of Virginia or as otherwise required by law shall include in its bid or proposal a statement describing why the bidder is not required to be so authorized. Any bidder described herein that fails to provide the required information shall not receive an award unless a waiver of this requirement and the administrative policies and procedures established to implement this section is granted by County Administrator.

7.23 Acknowledgement of Contract

By submitting a bid, the bidder acknowledges that it understands and agrees to the Contract Terms and Conditions.

7.24 W-9 Form Required

Each bidder shall submit a completed W-9 form with their bid in the event of contract award. This information is required in order to issue purchase orders and payments to your firm. A copy of this form can be downloaded from <http://www.irs.gov/pub/irs-pdf/fw9.pdf>.

7.25 Insurance Coverage

Bidders shall include with their bid a copy of their current Certificate of Insurance that illustrates the current level of coverage the bidder carries. The Certificate can be a current file copy and does not need to include any "additional insured" language for the County.

7.26 Unit Price

In case of errors in extension of pricing from the Schedule of Bid Items, individual unit prices shall govern.

7.27 Condition of Bidding

If required the Contractor agrees to execute and deliver the County-Contractor Agreement on the following pages, in the prescribed form, within ten (10) days of notice of award from the County.
