STATE OF UTAH
CONTRACT AMENDMENT

AMENDMENT # **9** To CONTRACT # **MA149**

TO BE ATTACHED TO AND MADE A PART OF the above numbered contract by and between the State of Utah, **Division of Purchasing** referred to as State Entity and, **AT&T Corp**, referred to as Contractor.

THE PARTIES AGREE TO AMEND THE CONTRACT AS FOLLOWS:

1. **Contract period:**

   12/06/2019   (original starting date)

   08/11/2024   (current ending date)

   08/11/2024   **new ending date**

2. **Other changes:** (attach other sheets if necessary):

   The parties agree as follows: Add the products AlertGPS and Staff Alert
   Replacing Attachment G Product Catalog with updated Attachment G Product Catalog below.

3. **Effective Date of Amendment**: 04/07/2023

All other conditions and terms in the original contract and previous amendments remain the same.

IN WITNESS WHEREOF, the parties sign and cause the amendment to be executed.

Notes — Additional Notes			this non-pooling plan is best suited for qualified devices using machine-to-machine business applications that have variable usage. The plan provides a low cost solution in low-usage months and data overage protection in the occasiol higher-usage month. The plan is ideal for use as a temporary solution while your Wide Area Network (WAN) is being installed or as a backup solution for your WAN.

Description	Hot Spot, Tablet, Laptop, Software, License, Shipping, Mobile Device, Training, Installation, or some other indicator	Device SKU	MSRP	ICB approved device credit	Percent discount for equipment	Device price after modifiers and percent discount	One Time, Monthly, Quarterly, Bi-Annually, Annually	Yes or No		
IoT Implementation/Migration Services AT&T Enhanced Support Services or Migration Services provides an AT&T designated resource to assist with management of IoT solution deployments. This designated resource will be assigned to the Customer's IoT deployment for a period of twelve (12) weeks and assist with activities such as deployment tracking, portal education, training, issue resolution, as well as SIM migration assistance. (Included in Ehanced Support Services or sold separately)	Implementation Services	4411H	$3,500		5%	$3,325.00	One Time	Yes		
IoT Enhanced Client Education Support AT&T will provide training sessions to review all functionality.	Training	4411H	$600		5%	$570.00	One Time	Yes		
Scheduled Engineering Services AT&T's Advanced Mobile Application Systems Engineers will perform an IoT scheduled engineering service up to 50 hours per year; and if necessary, perform advanced diagnostics and troubleshooting for any current performance degradation.	Engineering Services	4411H	$9,950.00		5%	$9,452.50	One Time	Yes		
Priority Care Providing direct access to advanced technical support to help resolve technical issues. Sold separate from Enhanced Support Services.	Stand Alone Advanced Technical Support	4411H	$3,000.00		5%	$2,850.00	One Time	Yes		
SIM migration service 300,001-500,000 Transition device sims between network technologies. For example: Mobility devices can be transferred to an IOT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migrations.	Migration Services	4411H	$25,000.00		5%	$23,750.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers		
SIM migration service 200,001-300,000 Transition device sims between network technologies. For example: Mobility devices can be transferred to an IOT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migrations.	Migration Services	4411H	$18,000.00		5%	$17,100.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers		
SIM migration service 100,001-200,000 Transition device sims between network technologies. For example: Mobility devices can be transferred to an IOT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migrations.	Migration Services	4411H	$11,000.00		5%	$10,450.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers		
SIM migration service 10,001-100,000 Transition device sims between network technologies. For example: Mobility devices can be transferred to an IOT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migrations.	Migration Services	4411H	$7,000.00		5%	$6,650.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers		
SIM migration service 1-10,000 Transition device sims between network technologies. For example: Mobility devices can be transferred to an IOT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migrations.	Migration Services	4411H	$3,500.00		5%	$3,325.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers
