

Accelerate Secure Cloud & Software Procurement

Acro Service Corporation – Awarded NASPO ValuePoint® Vendor

For over 44 years, Acro Service Corporation has partnered with government agencies to modernize workforce and operational systems at scale. As a Top 50 U.S. staffing and solutions firm and an NMSDC Corporate Plus MBE, we deliver proven, cloud-native Software-as-a-Service (SaaS) platforms backed by deep public-sector expertise and outcome-driven support.

Contract Overview

Portfolio: NASPO ValuePoint Cloud and Software Solutions (2026–2036), **Lead State:** Utah, **Service Model:** (SaaS) with Value-Added Services **Deployment & Risk Levels:** Public, Private, Hybrid, Community Cloud, and On-Premises | Low, Moderate, and High Data Risk Categories supported.

MASTER AGREEMENT - LS4979

LEAD STATE - Utah

TERM 09/16/2026 - 09/15/2036

AWARDED SOLUTION SCOPE

- **XRM System - Vendor Management Solution (SaaS):** cloud-based VMS for public-sector contingent workforce and SOW administration; supports vendor lifecycle, requisitions/approvals, supplier onboarding, rate cards, time/expense, invoicing validation, role-based access, audit logs, and dashboards.
- **ACAMS - Acro Case Management System (SaaS):** configurable case-management platform for secure data management, workflow automation, documentation, reporting, business rules, role-based access, audit logging, analytics, and mobile-responsive access.
- **Value-added services:** implementation/deployment, configuration/customization, data migration and integration, training, ongoing support, supplier/admin support, business process consulting, and workflow optimization.

ENTERPRISE-GRADE SECURITY & COMPLIANCE

Our SaaS platforms align strictly with federal cloud computing standards and government IT expectations.

- **NIST Aligned:** Full compliance with NIST SP 800-145 and NIST SP 800-53 controls (Access Control, Incident Response, Risk Assessment).
- **Robust Architecture:** Features encryption in transit and at rest, role-based access, audit trail logging, and logical tenant separation.
- **Trusted Hosting:** Hosted in Azure Government environments (where applicable) and supported by ISO 9001:2015 certified quality management.

The NASPO Advantage

A cooperative vehicle built to shorten sourcing effort while keeping public-sector safeguards in place.

- Competitively solicited portfolio for cloud and software solutions, including SaaS, PaaS, IaaS, and on-premises categories.
- Acro was selected among the 58 awarded suppliers after NASPO evaluation and award posting.
- Pre-negotiated terms, an established pricing framework, and quote based catalog entries help streamline purchase planning.
- Customers may negotiate deeper discounts where permitted by the catalog, Participating Addendum, and order.
- A Participating Addendum is required before delivery; each entity should confirm eligibility and PA availability before purchase.
