

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Master Agreement Number SPSD26-0563LS_EEWS
for
Data Communications
between
the State of Montana
and
Ericsson Enterprise Wireless Solutions

This Master Agreement is entered into by the State of Montana (“Lead Entity”) and the following contractor (each a “Party” and collectively the “Parties”) as a result of Solicitation Number SPB-RFP-2025-0563LS (the “RFP”) for the purpose of providing Data Communications through the RFXPremier cooperative purchasing program:

Ericsson Enterprise Wireless Solutions (“Contractor”)
1100 W Idaho St. Ste 800
Boise, ID 83702

MASTER AGREEMENT CONTACTS

Contractor’s contact for this Master Agreement is:

Stephanie Wildman
Global Partner Program Manager
Stephanie.wildman@ericsson.com
208.493.5040

Lead Entity’s contact for this Master Agreement is:

Lauren Spatzierath
Procurement Operations Manager
Lauren.Spatzierath@mt.gov
406.444.0118

TERM. This Master Agreement is effective as of the date of the last signature below, whichever is later, and will terminate on 09.30.2033 unless terminated sooner or extended or renewed in accordance with the terms set forth herein. Renewals totaling up to 3 years following the initial term may be exercised upon mutual agreement by the Parties.

ATTACHMENTS. This Master Agreement includes the following attachments:

- Attachment 1: Supporting Materials
- Attachment 2: Scope of Work
- Attachment 3: Cost Proposal

**Request for Proposals for
Data Communications**

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

SIGNATURE. The undersigned for each Party represents and warrants that this Master Agreement is a valid and legal agreement binding on the Party and enforceable in accordance with the Master Agreement’s terms and that the undersigned is duly authorized and has legal capacity to execute and deliver this Master Agreement and bind the Party hereto.

IN WITNESS WHEREOF, the Parties have executed this Master Agreement.

MASTER AGREEMENT

RFXPREMIER MASTER AGREEMENT TERMS AND CONDITIONS

1. Definitions

- 1.1 Acceptance** means acceptance of goods and services as set forth in Section 9 of this Master Agreement.
- 1.2 Contractor** means a party to this Master Agreement, whether a person or entity, that itself or through Fulfillment Partners delivers Products or performs Services under the terms set forth in this Master Agreement.
- 1.3 Eligible Entity** means all states (as well as the District of Columbia and US territories), cities, counties, districts, other political subdivisions of any State, Institutions of Higher Education, K-12, quasi-governmental entities, service districts, healthcare institutions, transportation districts, tribes/tribal organizations, or nonprofit organizations.
- 1.4 Embedded Software** means one or more software applications which permanently reside on a computing device owned by the Purchasing Entity, and which are not otherwise subject to a term license. The Purchasing Entity's license to use such Software applications will be subject to the terms and conditions of Contractor Supporting Materials attached to the Order and incorporated in the Order by reference.
- 1.5 Fulfillment Partner** means a third-party contractor and authorized by Contractor, and approved by a Participating Entity under a Participating Addendum, or other means, who may to the extent authorized by Contractor, fulfill any of the requirements of this Master Agreement including but not limited to providing Products or Services under this Master Agreement and billing Purchasing Entity for such Products or Services. Contractor may, upon written notice to the Participating Entity, add or delete authorized Fulfillment Partners as necessary at any time during the contract term. Fulfillment Partner has no authority to amend this Master Agreement or to bind Contractor to additional terms and conditions.
- 1.6 Intellectual Property** means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.
- 1.7 Lead Entity** means the Entity administering any resulting Master Agreement(s) who is a party to this Master Agreement.
- 1.8 Master Agreement** means the underlying agreement consisting of this Attachment D and all related attachments executed by and between the Lead Entity, acting in cooperation with RFXPremier, and the Contractor, as now or hereafter amended.
- 1.9 RFXPremier** is a division of the Procurement Professionals Alliance ("PPA"). RFXPremier facilitates administration of the PPA cooperative group contracting consortium for the benefit of states (as well as the District of Columbia and US territories), cities, counties, districts, other political subdivisions of any State, Institutions of Higher Education, K-12, quasi-governmental entities, service districts, healthcare institutions, transportation districts, tribes/tribal organizations, or nonprofit organizations. RFXPremier is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

and receiving reports, as well as other contract administration functions as assigned by the Lead Entity.

- 1.10 Order or Purchase Order** means any purchase order, sales order, or other document used by a Purchasing Entity to order the Products or Services as authorized under the Master Agreement and a Participating Addendum, if applicable, and accepted or processed by the Contractor. Each Order or Purchase Order includes and incorporates by reference the Master Agreement and Participating Addendum, if applicable. An accepted Order or Purchase Order may include Supporting Materials, provided that Supporting Materials are subject to the Order of Precedence listed in Section 3.1 - Order.
- 1.11 Participating Addendum** means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any additional Participating Entity-specific language or other requirements (*e.g.*, ordering procedures specific to the Participating Entity, entity-specific terms and conditions, etc.).
- 1.12 Participating Entity** means a state (as well as the District of Columbia and US territories), city, county, district, other political subdivision of a State, Institution of Higher Education, K-12, or a nonprofit organization under the laws of some states properly authorized to enter into a Participating Addendum, that has executed a Participating Addendum.
- 1.13 Product or Products and Services** means any equipment, Software (including Embedded Software and Cloud Software), service, or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Product includes goods and services supplied or created by the Contractor pursuant to this Master Agreement, but exclude any Third-Party Products as defined in Section 14.3 (Third-Party Goods and Services) below.
- 1.14 Published Specifications** mean the applicable user manual, acceptable use policies, privacy and product data sheets, and other corresponding documents published by Contractor that are customarily available to end users of the Product(s).
- 1.15 Purchasing Entity** means a Participating Entity that 1) issues a Purchase Order against the Master Agreement or 2) executes a Participating Addendum and becomes financially committed to the purchase.
- 1.16 Supporting Materials** means materials and documents which the parties identify as incorporated in an Order or Purchase Order either by attachment or reference. Supporting Materials may include (as examples) product lists, hardware or software specifications, standard or negotiated service descriptions, data sheets and their supplements, supplementary terms, policies, and statements of work (SOWs), published warranties and service level agreements, user agreements, and license agreements, and may be available to Participating Entity in hard copy or by accessing a designated Contractor website.

2. Term of Master Agreement

- 2.1 Initial Term.** The initial term of this Master Agreement is for seven (7) years. The term of this Master Agreement may be amended beyond the initial term for three (3) additional years at the Lead Entity's discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance. The additional years may be in increments of three (3) 12-month terms. This Master Agreement will not exceed ten (10) years total. The Lead Entity may, prior to execution, adjust the effective date or

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

duration of the initial term or renewal period of any Master Agreement for the purpose of making the Master Agreement coterminous with others.

- 2.2 Amendment Limitations.** The terms of this Master Agreement will not be waived, altered, modified, supplemented, or amended in any manner whatsoever without prior written agreement of the Lead Entity and Contractor.
- 2.3 Amendment Term.** **The term of this Master Agreement may be amended to extend past the initial term and stated renewal periods for a reasonable period by assigning the Master Agreement to another third-party to assume the obligations of Lead Entity (the "New Lead Entity"), per section 14.4.2, if in the judgment of the New Lead Entity a follow-on competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on Master Agreement. This subsection will not be deemed to limit the authority of a Lead Entity under the applicable laws, rules and regulations to otherwise negotiate contract extensions.**

3. Order of Precedence

- 3.1 Order.** Any Order placed under this Master Agreement will consist of the following documents:
- 3.1.1** A Participating Entity's Participating Addendum ("PA");
 - 3.1.2** RFXPremier Master Agreement, including all attachments thereto;
 - 3.1.3** A Purchase Order or Scope of Work/Specifications issued against the Master Agreement, or issued against a Participating Addendum;
 - 3.1.4** Supporting Materials accepted by a Purchasing Entity as part of an Order or Purchase Order;
 - 3.1.5** The Solicitation or, if separately executed after award, the Lead Entity's bilateral agreement that integrates applicable provisions;
 - 3.1.6** Contractor's response to the Solicitation, as revised (if permitted) and accepted by the Lead Entity.
- 3.2 Conflict.** These documents will be read to be consistent and complementary. Any conflict among these documents will be resolved by giving priority to these documents in the order listed above. Contractor Supporting Materials that apply to this Master Agreement are only those that are expressly accepted by the Purchasing Entity and must be in writing and attached to an Order or Purchase Order as an Exhibit or Attachment (including hyperlinks therein).
- 3.3 Participating Addenda.** Participating Addenda will not be construed to diminish, modify, or otherwise derogate any provisions in this Master Agreement between the Lead Entity and Contractor. The term of a Participating Addendum will not exceed the term of this Master Agreement, except when a Participating Entity determines an extension of its Participating Addendum is necessary to avoid a lapse in contract coverage and is permitted by law.

4. Participants and Scope

- 4.1 Eligibility for Participation.** Any Eligible Entity may utilize this Master Agreement as a Participating Entity or Purchasing Entity.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
- 4.2 Requirement for a Participating Addendum.** Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed.
- 4.3 Applicability of Master Agreement.** The Master Agreement is applicable to any Order issued against it by a Purchasing Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum, subject to Section 3. For any Order submitted directly against the Master Agreement by a Purchasing Entity that is not subject to a Participating Addendum, such Order shall be subject to the terms of Contractor Supporting Materials by default unless agreed in writing otherwise by such Purchasing Entity and Contractor. For the purposes of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Purchasing Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the written consent of the Purchasing Entity and Contractor, may be included in the Purchase Order used by the Purchasing Entity to place the Order. For the avoidance of doubt, any contingencies, or additional or conflicting terms in a Purchase Order or Order are deemed rejected by Contractor unless Contractor has expressly agreed to such terms in signed writing. Mere acceptance or processing of a Purchase Order or Order containing such terms shall not constitute express consent.
- 4.4 Obligated Entities.** Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities: **i)** within the scope of those Participating Addenda; or **ii)** who have issued a Purchase Order against the Master Agreement. Participating Entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Participating Entities incur no financial obligations on behalf of other Purchasing Entities.
- 4.5 [Reserved]**
- 4.6 Eligibility for a Participating Addendum or Order.** All eligible entities may sign their own Participating Addendum or Order. In all instances, the entity must ensure that they have the requisite procurement authority to execute a Participating Addendum.
- 4.7 Prohibition on Resale.** Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead Entity, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products purchased under this Master Agreement. Absent any such condition or explicit permission, this limitation does not prohibit payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.
- 4.8 Individual Customers.** Except as may otherwise be agreed to by the Purchasing Entity and Contractor, each Purchasing Entity shall follow the terms and conditions of the Master

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead Entity has in the Master Agreement and as the Participating Entity has in the Participating Addendum, including but not limited to any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

- 4.9 Release of Information.** Throughout the duration of this Master Agreement, Contractor must secure from the Lead Entity prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan.
- 4.10 No Representations.** The Contractor shall not make any representations of RFXPremier, the Lead Entity, any Participating Entity, or any Purchasing Entity's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent.

5. RFXPremier Provisions

- 5.1 Applicability.** RFXPremier is not a party to the Master Agreement. The terms set forth in Section 5 are for the benefit of RFXPremier as a third-party beneficiary of this Master Agreement.

5.2 Administrative Fees

- 5.2.1 RFXPremier Fee.** Contractor shall pay to RFXPremier, or its assignee, a RFXPremier Administrative Fee of four tenths of one percent (0.4% or 0.004) no later than sixty (60) days following the end of each calendar quarter. The RFXPremier Administrative Fee must be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The RFXPremier Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with a vendor's response to the Lead Entity's solicitation. After the contract has been established for 18 months, RFXPremier may seek to negotiate a higher administrative fee with the Contractor.
- 5.2.2 Entity Imposed Fees.** Some Participating Entities may require an additional fee be paid by Contractor directly to the entity on purchases made on that entity's Participating Addendum. For all such requests, the fee rate or amount, payment method, and schedule for such reports and payments will be incorporated into the applicable Participating Addendum. Unless agreed to in writing by the Participating Entity, **Contractor may not adjust the Master Agreement pricing to include the entity's fee for purchases made by Purchasing Entities on the Participating Addendum. No such agreement will affect the RFXPremier Administrative Fee percentage or the prices paid by Purchasing Entities outside the jurisdiction of the Participating Entity requesting the additional fee.**
- 5.2.3 Interest on Late Payment.** If the Contractor does not pay the RFXPremier Administrative Fee within sixty (60) days following the end of each calendar quarter as required by Section 5.2.1, then Contractor shall accrue interest on the unpaid amounts at the rate of 1% per month.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

5.2.4 Administrative Fee Updates. RFXPremier reserves the right to update the RFXPremier Administrative Fee. If the RFXPremier Administrative Fee is updated, any renewals exercised shall be contingent upon Contractor's acceptance of the updated RFXPremier Administrative Fee.

5.3 RFXPremier Summary and Detailed Usage Reports

5.3.1 Sales Data Reporting. In accordance with this section, Contractor shall report to RFXPremier all Orders under this Master Agreement for which Contractor has invoiced the Purchasing Entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by RFXPremier with reasonable written notice to Contractor and without amendment to this Master Agreement. RFXPremier shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section to create aggregated reports regarding all Master Agreements under the Data Communication Portfolios. Nothing herein shall preclude RFXPremier from providing reports to Participating and Purchasing Entities regarding Purchases made against their Participating Addendums.

5.3.2 Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by RFXPremier, report Summary Sales Data to RFXPremier for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.

5.3.3 Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by RFXPremier, including customer information, Order information, and line-item details. Contractor shall, using the reporting tool or template provided by RFXPremier, report Detailed Sales Data to RFXPremier for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by RFXPremier. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.

5.3.4 Sales Data Crosswalks. Upon request by RFXPremier, Contractor shall provide to RFXPremier tables of customer and Product information and specific attributes thereof for the purpose of standardizing and analyzing reported Sales Data ("Crosswalks"). Customer Crosswalks must include a list of existing and potential Purchasing Entities and identify for each the appropriate customer type as defined by RFXPremier. Product Crosswalks must include Contractor's part number or SKU for each Product in Offeror's catalog and identify for each the appropriate Master Agreement category (and subcategory, if applicable), manufacturer part number, product description, eight-digit UNSPSC Class Level commodity code, and (if applicable) EPEAT value and Energy Star rating. Crosswalk requirements and fields may be updated by RFXPremier with reasonable notice to Contractor and without amendment to this Master Agreement.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Contractor shall work in good faith with RFXPremier to keep Crosswalks updated as Contractor's customer lists and product catalog change.

5.3.5 Executive Summary. Contractor shall, upon request by RFXPremier, provide RFXPremier with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. RFXPremier and Contractor will determine the format and content of the executive summary.

5.4 RFXPremier Cooperative Program Marketing, Training, and Performance Review

5.4.1 Staff Education. Contractor shall work cooperatively with RFXPremier personnel. Contractor shall present plans to RFXPremier for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of RFXPremier procurements, the master agreement and participating addendum process, and the manner in which eligible entities can participate in the Master Agreement.

5.4.2 Onboarding Plan. Upon request by RFXPremier, Contractor shall, as Participating Addendums are executed, provide plans to launch the program for the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the scope and terms of the Master Agreement as available to the Participating Entity and eligible Purchasing Entities.

5.4.3 Annual Contract Performance Review. Contractor shall participate in an annual contract performance review with the Lead Entity and RFXPremier, which may at the discretion of the Lead Entity be held in person and which may include a discussion of marketing action plans, target strategies, marketing materials, Contractor reporting, and timeliness of payment of administration fees.

5.4.4 Use of RFXPremier Logo. The RFXPremier and PPA logos may not be used by Contractor in sales and marketing until a separate logo use agreement is executed with PPA.

5.4.5 Most Favored Customer. Contractor shall, within thirty (30) days of their effective date, notify the Lead Entity and RFXPremier of any contractual most-favored-customer provisions in third-party contracts or agreements that may affect the promotion of this Master Agreement or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this Master Agreement. Upon request of the Lead Entity or RFXPremier, Contractor shall provide a copy of any such provisions.

5.5 RFXPremier eMarketPlace. RFXPremier Cooperative may provide an eMarketPlace solution for public entities to access a central online platform to view and/or purchase the goods, services, and solutions available from RFXPremier's cooperative Master Agreements. If RFXPremier offers such an eMarketPlace, Contractor agrees to cooperate in good faith with PPA, and any third party acting as an agent on behalf of PPA, to integrate Contractor's industry presence into the eMarketPlace. Specific terms of this integration shall be negotiated at the time of implementation of any eMarketPlace.

5.6 Non-Renewal. In consultation with RFXPremier, and subject to Section 14.7, the Lead Entity may, in its discretion, terminate the Master Agreement or not exercise an option to renew, when utilization of Contractor's Master Agreement does not warrant further administration of

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

the Master Agreement. The Lead Entity may also exercise its right to not renew the Master Agreement if the Contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Termination based on nonuse or under-utilization will not occur sooner than two years after execution of the Master Agreement. This subsection does not limit the discretionary right of either the Lead Entity or Contractor to terminate the Master Agreement or terminate for default subject to the terms herein. This subsection also does not limit any right of the Lead Entity to terminate the Master Agreement under applicable laws.

- 5.7 Canadian Participation.** Subject to the approval of Contractor, any Canadian provincial government or provincially funded entity in Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Nova Scotia, Ontario, Prince Edward Island, Quebec, or Saskatchewan, and territorial government or territorial government funded entity in the Northwest Territories, Nunavut, or Yukon, including municipalities, universities, community colleges, school boards, health authorities, housing authorities, agencies, boards, commissions, and crown corporations, may be eligible to use Contractor's Master Agreement.
- 5.8 Additional Agreement with PPA.** Upon request by RFXPremier, awarded Contractor shall enter into a direct contractual relationship with PPA related to Contractor's obligations to RFXPremier under the terms of the Master Agreement, the terms of which shall be the same or similar (and not less favorable) than the terms set forth in the Master Agreement.

6. Pricing, Payment & Leasing

- 6.1 Pricing.** Contractor is guaranteeing discount levels off the Contractor's Manufacturer Suggested Retail Price (MSRP), and those discount levels contained in this Master Agreement or offered under this Master Agreement represent the not-to-be-less-than discounts to any Purchasing Entity.
- 6.1.1** All discount rates must be guaranteed for the initial term of the Master Agreement.
- 6.1.2** Following the initial term of the Master Agreement, any request for a discount or rate adjustment must be for an equal guarantee period and must be made at least 45 days prior to the effective date.
- 6.1.3** Requests for a price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement will not be effective unless approved in writing by the Lead Entity.
- 6.1.4** No retroactive adjustments to prices or rates will be allowed.
- 6.2 Payment.** Unless otherwise agreed upon in a Participating Addendum or Order, Payment after Acceptance will be made within thirty (30) days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum or Order, or otherwise prescribed by applicable law. Payments will be remitted in the manner specified in the Participating Addendum or Order. Payments may be made via a purchasing card with no additional charge.
- 6.3 Leasing or Alternative Financing Methods.** The procurement and other applicable laws of some Purchasing Entities may permit the use of leasing or alternative financing methods for the

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

acquisition of Products under this Master Agreement. Where the terms and conditions are not otherwise prescribed in an applicable Participating Addendum, the terms and conditions for leasing or alternative financing methods are subject to negotiation between the Contractor and Purchasing Entity.

7. Ordering

- 7.1 Order Numbers.** Master Agreement order and purchase order numbers must be clearly shown on all acknowledgments, packing slips, invoices, and on all correspondence.
- 7.2 Quotes.** Purchasing Entities may define entity-specific or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an “as needed” basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity’s rules and policies. The Purchasing Entity may in its sole discretion determine which contracted vendors (including Fulfillment Partners) should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost, and other factors considered.
- 7.3 Applicable Rules.** Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor and Contractor Fulfillment Partners, as applicable, are expected to become familiar with the Purchasing Entity’s rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.
- 7.4 Required Documentation.** Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- 7.5 Term of Purchase.** Orders may be placed with Contractor or Contractor Fulfillment Partners and accepted or rejected by Contractor or Contractor Fulfillment Partners during the term of the Master Agreement and Participating Addendum. All Orders must be consistent with the terms of this Master Agreement and applicable Participating Addendum.
- 7.5.1** Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement.
- 7.5.2** Notwithstanding the previous, Orders must also comply with the terms of the applicable Participating Addendum, which may further restrict the period during which Orders may be placed or delivered.
- 7.5.3** Provided that Purchasing Entities pay for ordered Products or Services performed, the financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon entity funds for that purpose being appropriated, budgeted, and otherwise made available.
- 7.5.4** Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor shall perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation, or termination of this Master Agreement, or in any manner inconsistent with this Master Agreement’s terms.
- 7.5.5** Orders for any separate indefinite quantity, task order, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

- 7.6 Order Form Requirements.** All Orders pursuant to this Master Agreement, at a minimum, must include:
- 7.6.1** The services or supplies being delivered;
 - 7.6.2** A shipping address and other delivery requirements, if any;
 - 7.6.3** A billing address;
 - 7.6.4** Purchasing Entity contact information;
 - 7.6.5** Pricing consistent with this Master Agreement and applicable Participating Addendum and as may be adjusted by agreement of the Purchasing Entity and Contractor;
 - 7.6.6** A not-to-exceed total for the products or services being ordered; and
 - 7.6.7** The Master Agreement number or the applicable Participating Addendum number, provided the Participating Addendum references the Master Agreement number.
- 7.7 Communication.** All communications concerning administration of Orders placed must be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.
- 7.8 Contract Provisions for Orders Utilizing Federal Funds.** Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.
- 8. Shipping and Delivery**
- 8.1 Shipping Terms.** Unless otherwise agreed upon in a Participating Addendum or Order, all deliveries will be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor or Fulfillment Partner.
- 8.1.1** Notwithstanding the above, responsibility and liability for loss or damage will remain the Contractor's until final inspection and acceptance when responsibility will pass to the Purchasing Entity except as to latent defects, fraud, and Contractor's warranty obligations.
- 8.2 Minimum Shipping.** The minimum shipment amount, if any, must be contained in the Master Agreement. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered will be shipped without charge.
- 8.3 Inside Deliveries.** To the extent applicable, all deliveries will be "Inside Deliveries" as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to a location other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Costs to repair any damage to the building interior (e.g., scratched walls, damage to the freight elevator, etc.) caused by

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Contractor or Contractor's carrier will be the responsibility of the Contractor. Immediately upon becoming aware of such damage, Contractor shall notify the Purchasing Entity placing the Order.

- 8.4 Packaging.** All products must be delivered in the manufacturer's standard package. Costs must include all packing and/or crating charges. Cases must be of durable construction, in good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton must be marked with the commodity, brand, quantity, item code number and the Purchasing Entity's Purchase Order number.

9. Inspection and Acceptance

- 9.1 Laws and Regulations.** Any and all Products offered and furnished must comply fully with all applicable Federal, State, and local laws and regulations.
- 9.2 Applicability.** Unless otherwise specified in the Master Agreement, Participating Addendum, or ordering document, the terms of this Section 9 will apply. This section is not intended to limit rights and remedies under the applicable commercial code.
- 9.3 Inspection.** All Products are subject to inspection at reasonable times and places before Acceptance. Contractor shall provide right of access to the Lead Entity, or to any other authorized agent or official of the Lead Entity or other Participating or Purchasing Entity, at reasonable times, to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement.
- 9.3.1** Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use.
- 9.3.2** Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.
- 9.4 Failure to Conform.** Unless otherwise agreed upon in a Participating Addendum or Order, if any services do not conform to contract requirements as agreed, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements as agreed, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and reduce the contract price to reflect the reduced value of services performed. Please also refer to Section 9.5 Acceptance and Section 10 Warranty.
- 9.5 Acceptance Testing.** Purchasing Entity may establish a process, in keeping with industry standards, to ascertain whether the Product meets the standard of performance or specifications as agreed by the Parties prior to Acceptance by the Purchasing Entity.
- 9.5.1** The Acceptance Testing period will be thirty (30) calendar days, unless otherwise specified, starting from the day after the Product is delivered or, if installed by Contractor, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- 9.5.2** If the Product does not meet the standard of performance or specifications as agreed by the Parties during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met.
- 9.5.3** Upon rejection, the Contractor will have fifteen (15) calendar days to cure. If after the cure period, the Product still has not met the standard of performance or specifications, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order with respect to non-conforming Product only; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor.
- 9.5.4** Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section.
- 9.5.5** No Product will be deemed Accepted and no charges will be paid until the standard of performance or specification is met.

10. Warranty

- 10.1 Applicability.** Unless otherwise specified in the Master Agreement, Participating Addendum, or ordering document, the terms of this Section 10 will apply.
- 10.2 Warranty of Products.** The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation and as attached herein, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects subject to the Warranty statement provided by Contractor, (f) the Product is free and clear of any liens or encumbrances, Contractor has full legal title to the Goods, and that no other person or entity has any right, title, or interest in the Goods which the rights granted to the Participating Entity, (g) the Product complies with all applicable health and safety standards, including Occupational Safety and Health Administration (OSHA) health and safety standards.
- 10.3 Warranty of Services.** Subject to the Warranty statement provided by Contractor, the Contractor warrants that the Services provided conform to the Master Agreement requirements, including all descriptions, specifications and attachments made a part of this Master Agreement. The Participating Entity's acceptance of Services provided by Contractor shall not relieve Contractor from its obligations under this warranty. In addition to its other remedies under this Master Agreement, at law, or in equity, Participating Entity may require Contractor to promptly correct, at Contractor's expense, any Services failing to meet Contractor's warranty herein. Services corrected by Contractor shall be subject to all the provisions of this Master Agreement in the manner and to the same extent as Services originally furnished.
- 10.4 Breach of Warranty.** Upon breach of a warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product or Service whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product or Service proves to

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made.

- 10.5 Rights Reserved.** The rights and remedies of the parties under a warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.
- 10.6 Warranty Period Start Date.** The warranty period will begin upon Acceptance, as set forth in Section 9.

11. Product Title

- 11.1 Conveyance of Title. Upon Acceptance by the Purchasing Entity, Contractor or Contractor's Fulfillment Partner (when an Order is fulfilled by Contractor's Fulfillment Partner) shall convey to Purchasing Entity title to the Product, except for any portion of the Product which is provided subject to a nonexclusive subscription license or is Embedded Software, free and clear of all liens, encumbrances, or other security interests.**
- 11.2 Embedded Software.** If there is a transfer of title to the Product as contemplated in Section 11.1 (Conveyance of Title) above, such transfer must include a license to use any Embedded Software in the Product which shall be subject to the terms of Contractor's Supporting Materials. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license will be at no additional cost or charge to either Purchasing Entity or Purchasing Entity's transferee. Notwithstanding the foregoing, any sale or transfer permitted by this subsection must be consistent with license rights granted for the use of the Embedded Software.
- 11.3 License of Pre-Existing Intellectual Property.** Except for any portion of the Product which is provided subject to a nonexclusive subscription license or which is Embedded Software, Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property associated with such Product, and its derivatives, used or delivered under this Master Agreement with respect to such Product, but not created under it ("Pre-existing Intellectual Property"). Contractor grants to Purchasing Entity a license to Software pursuant to the license terms and restrictions set forth in Contractor's Supporting Materials. The license shall be subject to owner and 3rd party rights in Pre-existing Intellectual Property. The Contractor shall be responsible for ensuring that this license is consistent with any third-party rights in the Pre-existing Intellectual Property. Notwithstanding the foregoing, any sale or transfer permitted by this section or Section 11.1 (Conveyance of Title) must be consistent with license rights granted for the use of the Software.
- 11.4** Unless otherwise specified in the Master Agreement, Participating Addendum, or ordering document, the terms of this Section 11 will apply.
- 11.5** No Ownership in Contractor Software. Notwithstanding anything to the contrary, in no event shall Purchasing Entity receive ownership or title rights to any Contractor software or cloud services.
- 11.6** Purchasing Entity Data. Except in an aggregated and anonymized format that does not identify the Purchasing Entity or individual users, Purchasing Entity retains full right and title to its data.

12. Indemnification

12.1 General Indemnification. The Contractor shall defend, indemnify and hold harmless PPA, RFXPremier, the Lead Entity, Participating Entities, and Purchasing Entities, along with their officers and employees ("Indemnified Party"), from and against third-party claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, injury, or damage to tangible property arising from any act, error, or omission of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to performance under this Master Agreement. If the Contractor fails to pursue the defense or settlement of the third-party claim, the Indemnified Party may assume the defense or settlement of the third-party claim and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in relation to the third-party claim as finally awarded by a court of competent jurisdiction or as mutually agreed in a settlement approved by both the Indemnified Party and Contractor.

The foregoing indemnification obligations are conditioned upon the Indemnified Party promptly notifying the Contractor in writing of the claim, suit, or proceeding for which the Contractor is obligated under this Subsection, cooperating with, assisting, and providing information to the Contractor as reasonably required, and granting the Contractor the exclusive right to defend or settle such claim, suit or proceeding; provided that any such settlement or compromise includes a release of the Indemnified Party from all liability arising out of such claim, suit or proceeding.

12.2 Intellectual Property Indemnification. The Contractor shall defend, indemnify and hold harmless PPA, RFXPremier, the Lead Entity, Participating Entities, Purchasing Entities, along with their officers and employees ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys' fees and related costs arising out of the claim that the Product or its use infringes Intellectual Property rights of another person or entity ("Intellectual Property Claim").

12.2.1 The Contractor's obligations under this Section 12.2 will not extend to any Intellectual Property Claim based on:

- 12.2.1.1** a combination of the Product or Service with any other product, system, or method, unless the other product, system, or method is (a) provided by the Contractor or the Contractor's subsidiaries or affiliates; (b) specified by the Contractor to work with the Product or Service; (c) reasonably required to use the Product or Service in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or (d) reasonably expected to be used in combination with the Product or Service and Contractor is aware of the possibility of such use; or
- 12.2.1.2** Contractor's compliance with any designs, specifications, requirements, or instructions by any Indemnified Party or a third party on Indemnified Party's behalf; or
- 12.2.1.3** the alteration or modification of the Contractor's Product by anyone other than Contractor or Contractor's Fulfillment Partner; or

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- 12.2.1.4** the amount or duration of use made of Contractor’s Product or Services offered by Indemnified Party to external or internal Purchasing Entity, or revenue earned by the Indemnified Party; or
 - 12.2.1.5** use of a Product not in accordance with or in violation of this Agreement or the Published Specifications; or
 - 12.2.1.6** failure to use: (a) the most recent version of a Product or Service; or (b) an equally compatible and functionally equivalent non-infringing version of a Product or Service provided by Contractor to address such an Intellectual Property Claim.
 - 12.2.1.7** specified by the Contractor to work with the Product;
 - 12.2.1.8** reasonably required to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or
 - 12.2.1.9** reasonably expected to be used in combination with the Product.
- 12.2.2** The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. If the Indemnified Party fails to provide reasonable notice, and that failure prejudices Contractor's ability to defend, settle, or respond to the claim, then Contractor's obligation to defend, indemnify, or hold harmless the Indemnified Party with respect to that Intellectual Property Claim will be reduced to the extent Contractor has been prejudiced. In addition, such failure to provide reasonable notice shall relieve Contractor of any obligation to reimburse for Indemnified Party’s attorneys’ fees incurred prior to notification. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of the Intellectual Property Claim. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible.
- 12.2.3** The Indemnified Party shall furnish, at the Contractor’s reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of the Intellectual Property Claim and the Contractor shall be liable for all costs and expenses, including reasonable attorneys’ fees and related costs, incurred by the Indemnified Party in relation to the Intellectual Property Claim as finally awarded by a court of competent jurisdiction or as mutually agreed in a settlement approved by both the Indemnified Party and Contractor.
- 12.2.4** Unless otherwise set forth herein or in a Participating Addendum, Order, or Contractor Supporting Materials incorporated in an Order, Section 12.2 is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

12.3 Limitation of Liability

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- 12.3.1 General Limitation of Liability.** Except as provided in Sections 12.3.2, and unless otherwise specified in an applicable Participating Addendum, notwithstanding anything else herein, all liability of Contractor and its suppliers to any Purchasing Entity or Participating Entity (and all Purchasing Entities under the corresponding Participating Addendum) for claims arising under this Master Agreement, the applicable Participating Addendum, or otherwise shall be limited to the greater of (i) five million dollars (\$5,000,000.00) or (ii) the money paid to Contractor by the Participating Entity under this Master Agreement if no Participating Addendum, or under the applicable Participating Addendum (as applicable), in the twelve (12) month period prior to the event or circumstances that first gave rise to such liability. This limitation of liability is cumulative and not per incident.
- 12.3.2 Exception to General Limitation of Liability.** The limitation of liability in Section 12.3.1 does not apply to: (i) liabilities or obligations set forth under Section 12.2 (Indemnification); (ii) liability for damage or loss caused by injury to persons or tangible property; or (iii) matters for which liability cannot be excluded or limited under applicable law.
- 12.3.3 Limitation on Indirect Damages.** To the extent permitted by applicable law, and except as provided in Section 12.3.4, neither Party shall be liable for any special, indirect, incidental, punitive, exemplary, reliance, or consequential damages of any kind (including but not limited to loss of business, goodwill, data, profits, or use or for the cost of procuring substitute products, services or other goods), arising out of or relating to the Products or Services to which this Agreement relates, regardless of the theory of liability and whether or not each Party was advised of the possibility of such damage or loss.
- 12.3.4 Exception to Limitation on Indirect Damages.** Contractor's liability for a breach of system security under Contractor's custody or control or unauthorized disclosure of Confidential Information are not subject to the limitation on indirect damages in Section 12.3.3. Notwithstanding the foregoing, in no event shall Contractor be liable for greater than ten million dollars (\$10,000,000), in the aggregate, for indirect damages related to breach of system security under Contractor's custody or control or unauthorized disclosure of Confidential Information under this Master Agreement.

13. Insurance

- 13.1 Term.** Unless otherwise agreed to between Contractor and Participating Entity, Contractor shall acquire maintain such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- 13.2 Class.** Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.

- 13.3 Coverage.** Unless otherwise agreed to between Contractor and Participating Entity, coverage must be written on an occurrence basis. The minimum acceptable limits will be as indicated below:
- 13.3.1** Contractor shall maintain Commercial General Liability insurance covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence and \$2 million general aggregate. If Contractor does not maintain such insurance covering independent contractors, Contractor shall ensure its subcontractors' insurance satisfies this requirement;
- 13.3.2** Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.
- 13.4 Notice of Cancellation.** Contractor shall pay premiums on all insurance policies. Unless otherwise agreed to between Contractor and Participating Entity, Contractor or Contractor's insurer shall provide notice to a Participating Entity within 30 days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration otherwise may occur.
- 13.5 Notice of Endorsement.** Prior to commencement of performance, Contractor shall provide to the Lead Entity a written endorsement to the Contractor's general liability insurance policy or other insurance industry standard documentary evidence acceptable to the Lead Entity that (1) provides that written notice of cancellation will be delivered in accordance with the policy provisions, and (2) provides that the Contractor's liability insurance policy will be primary, with any liability insurance of any Participating Entity as secondary and noncontributory.
- 13.6 Participating Entities.** Unless otherwise agreed to between Contractor and Participating Entity, Contractor shall provide to Participating Entities the same insurance obligations and documentation as those specified in Section 13, except the endorsement or documentation is provided to the applicable Participating Entity.
- 13.7 Furnishing of Certificates.** Unless otherwise agreed to between Contractor and Participating Entity, Contractor shall furnish to the Lead Entity copies of certificates of insurance for all required insurance applicable to this Master Agreement in a form sufficient to show required coverage within thirty (30) calendar days of the execution of this Master Agreement and prior to performing any work. Copies of renewal certificates of all required insurance will be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide evidence of coverage may, at the sole option of the Lead Entity, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.
- 13.8 Disclaimer.** Insurance coverage and limits will not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

14. General Provisions

14.1 Records Administration and Audit

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
- 14.1.1** The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as will adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead Entity, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. The Lead Entity may terminate this Master Agreement, without incurring any liability, for the Contractor's refusal to allow access as required by this section. This right will survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Master Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.
- 14.1.2** Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead Entity, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.
- 14.1.3** The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement that requires the Contractor to self-audit contract obligations and that permits the Lead Entity to review compliance with those obligations.
- 14.2 Confidentiality, Non-Disclosure, and Injunctive Relief**
- 14.2.1 Confidentiality.** Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients.
- 14.2.1.1** Any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information").
- 14.2.1.2** Any reports or other documents or items (including software) that result from the use of the Confidential Information by Contractor shall be treated in the same manner as the Confidential Information.
- 14.2.1.3** Confidential Information does not include information that (1) is or becomes (other than by disclosure by Contractor) publicly known; (2) is furnished by Purchasing Entity to others without restrictions similar to

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

those imposed by this Master Agreement; (3) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than Purchasing Entity without the obligation of confidentiality, (5) is disclosed with the written consent of Purchasing Entity; or (6) is independently developed by employees, agents or subcontractors of Contractor who can be shown to have had no access to the Confidential Information.

14.2.2 Non-Disclosure. Contractor shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement.

14.2.2.1 Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information.

14.2.2.2 Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead Entity immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of Section 14.2 of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person.

14.2.2.3 Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information. In the event it is not possible or practicable to return such information, Contractor may, at Purchasing Entity's option, destroy such Confidential Information utilizing industry standard processes, or shall maintain possession of such Confidential Information and maintain its confidentiality for as long as necessary.

14.2.2.4 If applicable law, regulation, or document retention policy prevents Contractor from destroying or returning all or part of the Confidential Information, Contractor will maintain the security and confidentiality of all such retained Confidential Information. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Information necessary for quality assurance, audits, and evidence of the performance of this Master Agreement.

14.2.2.5 Contractor may publicize the Contract term, scope and price without prior written approval. However, Contractor may not use the Montana State seal, any State logo, or claim any State endorsement as to the Contract without prior written approval by the State of Montana.

14.2.3 **Injunctive Relief.** Contractor acknowledges that Contractor’s breach of Section 14.2 may cause irreparable injury to the Purchasing Entity that cannot be adequately compensated in monetary damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

14.2.4 **Purchasing Entity Law.** These provisions will be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

14.2.5 **RFxPremier.** Subject to public information laws, the rights granted to Purchasing Entities and Contractor’s obligations under this section will also extend to RFxPremier’s Confidential Information, including but not limited to Participating Addenda, Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line-item descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead Entity, a Participating Entity, or any governmental entity exercising an audit, inspection, or examination pursuant to this Master Agreement. To the extent permitted by law, Contractor shall notify the Lead Entity of the identity of any entity seeking access to the Confidential Information described in this subsection.

14.2.6 **Public Information.** This Master Agreement and all related documents are subject to disclosure pursuant to the Lead Entity’s public information laws. Under Montana public information laws, this Master Agreement, referenced documents, including pricing documents, are all deemed public information.

14.3 **Third-Party Products.** Third Party Product is a good sold by the Contractor that is manufactured by another company. Third Party Products are intended to enhance or supplement a Contractor’s own product line and are not intended to represent more than one-quarter (25%) of total sales under this Master Agreement. Terms and conditions and markup on Third Party Products shall be communicated with the Purchasing Entity.

Contractor must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. The Lead Entity may limit the sale of Third-Party Products during the life of the Master Agreement should Third-Party Product sales be determined to consistently exceed one-quarter (25%) of the total sales under this Master Agreement. Such limitations may take the form of any action the Lead Entity so chooses, up to and including non-renewal or cancellation of the Master Agreement.

14.4 **Assignment/Subcontracts**

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
- 14.4.1** Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead Entity. Notwithstanding the foregoing, Contractor may, with prior written consent from Participating Entities, which consent shall not be unreasonably withheld, enter into subcontracts with third parties as Fulfillment Partners. Fulfillment Partners are subcontractors who may provide Products and Services under this Master Agreement at the price discounts established in this Master Agreement and bill Purchasing Entities directly for such Products and Services. In addition, Contractor may, without permission, utilize subcontractors to perform Services sold under this Master Agreement and provide cloud-based Products and Services. Contractor may, upon written notice to the Participating Entity, add or delete authorized Fulfillment Partners as necessary, at any time during the term. For clarity, Fulfillment Partners have no authority to amend this Master Agreement or to bind Contractor to any additional terms or conditions.
- 14.4.2** Upon written notice to Contractor, the Lead Entity reserves the right to assign any rights or duties, including written assignment of contract administration duties, to RFXPremier and other third parties.
- 14.5 Changes in Contractor Representation.** The Contractor must, within thirty (30) calendar days, notify the Lead Entity in writing of any changes in the Contractor's key administrative personnel managing the Master Agreement. The Lead Entity reserves the right to approve or reasonably reject changes in key personnel, as identified in the Contractor's proposal. The Contractor shall propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.
- 14.6 Independent Contractor.** Contractor is an independent contractor. Contractor has no authorization, express or implied, to bind the Lead Entity, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and shall not hold itself out as agent except as expressly set forth herein or as expressly set forth in an applicable Participating Addendum or Order.
- 14.7 Termination.** Unless otherwise set forth herein, this Master Agreement may be terminated by either party upon sixty (60) days' written notice prior to the effective date of the termination. Further, any Participating Entity may terminate its participation upon thirty (30) days' written notice, unless otherwise limited or stated in an applicable Participating Addendum. Termination may be in whole or in part. Any termination under this provision will not affect Orders outstanding at the time of termination and the rights and obligations attending thereto, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment under any then-outstanding Orders in accordance with Section 7.53 herein, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Termination of the Master Agreement due to Contractor default may be immediate.
- 14.8 Force Majeure.** Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or acts of war which are beyond that party's reasonable control. Either party may terminate this Master Agreement upon determining such delay or default by the other party will reasonably prevent successful performance of the Master Agreement.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

14.9 Defaults and Remedies

- 14.9.1** The occurrence of any of the following events may be an event of default under this Master Agreement:
 - 14.9.1.1** Nonperformance of material contractual requirements;
 - 14.9.1.2** A material breach of any material term or condition of this Master Agreement;
 - 14.9.1.3** Any certification, representation or warranty by Contractor in response to the solicitation or in this Master Agreement that proves to be untrue or materially misleading;
 - 14.9.1.4** Institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
 - 14.9.1.5** Any material default specified in another section of this Master Agreement.

- 14.9.2** Upon the occurrence of an event of default, the Lead Entity shall issue a written notice of default, identifying the nature of the default, and providing a period of time specified by the Lead Entity but in no event shorter than thirty (30) calendar days in which Contractor shall have an opportunity to cure the default. The Lead Entity shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead Entity, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure will not diminish or eliminate Contractor’s liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

- 14.9.3** If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead Entity shall have the right to exercise any or all of the following remedies:
 - 14.9.3.1** Any remedy provided by law;
 - 14.9.3.2** Termination of this Master Agreement and any related Contracts or portions thereof;
 - 14.9.3.3** Assessment of liquidated damages as provided in a Participating Addendum or Order under this Master Agreement;
 - 14.9.3.4** Suspension of Contractor from being able to respond to future bid solicitations;
 - 14.9.3.5** Suspension of Contractor’s performance; and
 - 14.9.3.6** Withholding of payment until the default is remedied, if applicable to an Order under the Participating Addendum

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

14.9.4 Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and shall have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in an Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions will be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

14.9.5 If this Master Agreement is not renewed at the end of this term, if the Master Agreement is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Master Agreement or particular work under this Master Agreement. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to the Participating Entity or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Master Agreement, except for those terms or conditions that do not reasonably apply to such transition assistance. Participating Entity shall pay Contractor for any resources, Products, or Services utilized in performing such transition assistance at the most current Master Agreement rates. If the Participating Entity terminates a project or this Master Agreement for cause, then the Participating Entity may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages the Participating Entity may have sustained as a result of Contractor’s breach.

14.10 Waiver of Breach. Failure of the Contractor, Lead Entity, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies will not operate as a waiver under this Master Agreement, any Participating Addendum, or any Purchase Order. Any waiver by the Contractor, Lead Entity, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Contractor, Lead Entity or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order will not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, any Participating Addendum, or any Purchase Order.

14.11 Debarment. The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, or declared ineligible from participation in public procurement or contracting by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead Entity.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

14.12 No Waiver of Sovereign Immunity

14.12.1 In no event will this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead Entity, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

14.12.2 This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

14.13 Governing Law and Venue

14.13.1 The procurement, evaluation, and award of the Master Agreement will be governed by and construed in accordance with the laws of the Lead Entity sponsoring and administering the procurement. The construction and effect of the Master Agreement after award will be governed by the law of the state serving as Lead Entity. The construction and effect of any Participating Addendum or Order against the Master Agreement will be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's state.

14.13.2 Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the state serving as Lead Entity. Venue for any claim, dispute or action concerning the terms of the Master Agreement will be in the state serving as Lead Entity. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum will be in the Purchasing Entity's state.

14.13.3 If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead Entity for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead Entity is a party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

14.14 Assignment of Antitrust Rights. Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action to the extent the assignment is necessary for the Participating Entity to overcome a federal or state government's bar on indirect purchases.

-
- 14.15 Survivability.** Unless otherwise explicitly set forth in a Participating Addendum or Order, the terms of this Master Agreement as they apply to the Contractor, Participating Entities, and Purchasing Entities, including but not limited to pricing and the reporting of sales and payment of administrative fees to RFXPremier, shall survive expiration of this Master Agreement and shall continue to apply to all Participating Addenda and Orders until the expiration thereof.
- 14.16 Compliance with Law.** Both parties agree to comply with the laws and regulations applicable to their respective business and, with respect to Contractor, those laws and regulations applicable to its general provision of the Products and Services under this Master Agreement, without regard to any entity's particular use of such Products or Services.
- 14.17 Severability.** If any provision of this Master Agreement is deemed by a court or other tribunal of competent jurisdiction to be invalid or unenforceable, the remaining terms of this Master Agreement will remain in full force and effect, and the provision affected will be construed so as to be enforceable to the maximum extent permissible by law.
- 14.18 Entire Agreement.** This Master Agreement, along with any attachment or exhibit hereto, contains the entire understanding of the parties hereto with respect to the Master Agreement unless a term is modified in an Order or Participating Addendum with a Participating Entity. Except as otherwise expressly set out in this Master Agreement, any amendment of any provision of this Master Agreement will be effective only if in writing and signed by duly authorized representatives of both parties.

TABLE OF CONTENTS

1. Ericsson Enterprise Wireless Solutions Warranty

1 | Ericsson Enterprise Wireless Solutions Warranty

This article describes the Ericsson Enterprise Wireless Solutions ("Ericsson") Warranty policy regarding Ericsson - Cradlepoint products. If you are an Australian consumer as defined under Australian Consumer Law, please refer to Warranty for Australian consumers.

LIMITED HARDWARE WARRANTY

All hardware products sold as components of Ericsson NetCloud, Ericsson Private 5G or Ericsson Enterprise 5G Coverage Packages include a limited warranty against defects in materials and workmanship through Last Date of Support. You may refer to Ericsson's End of Life Policy for Last Date of Support dates: <https://docs.cradlepoint.com/r/Cradlepoint-End-of-Life-Policy>. The warranty does not apply unless Purchaser (i) uses hardware products only in accordance with Ericsson's product documentation and (ii) maintains a continuous, fully paid-up subscription license to the applicable Ericsson service during the applicable warranty period. Ericsson's limited hardware product warranty is non-transferable and extends only to the original purchaser of the products from an Authorized Partner. Notwithstanding the foregoing, antennas, batteries and power supplies include a limited warranty against defects in materials and workmanship to the original purchaser for a period of one (1) year from the date of shipment, regardless of whether it is sold as a component of an Ericsson NetCloud, Ericsson Private 5G or Ericsson Enterprise 5G Coverage Package.

Ericsson's warranty is limited to a repair or replacement of the hardware product, at Ericsson's discretion, as original purchaser's sole and exclusive remedy. Ericsson does not warrant that the operation of the hardware

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

product will meet original purchaser's requirements or be error free. This warranty does not cover any failure of the product due to normal wear and tear, misuse (including but not limited to use in other than a normal and customary manner in accordance with Ericsson's instructions for use and maintenance of the product), accident, modification or adjustment, acts of God, improper ventilation, or damage resulting from liquid.

THE SPECIFIC WRITTEN WARRANTIES SET FORTH IN THIS WARRANTY STATEMENT ARE IN LIEU OF ANY OTHER WARRANTIES WHATSOEVER. EXCEPT AS SET FORTH HEREIN, ERICSSON DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES, AND CONDITIONS, WHETHER EXPRESSED OR IMPLIED, WITH RESPECT TO THE HARDWARE PRODUCTS, INCLUDING ANY WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. To obtain warranty service, the original purchaser must first call Ericsson for a Return Materials Authorization ("RMA") number, then return the properly packaged product to Ericsson for repair or replacement as required.

DISCLAIMER AND LIMITATION OF LIABILITY

THE REMEDIES PROVIDED HEREIN ARE THE PURCHASER'S SOLE AND EXCLUSIVE REMEDIES. ERICSSON AND ITS AFFILIATES HEREBY SPECIFICALLY DISCLAIM LIABILITY FOR ANY AND ALL: (A) DIRECT, INDIRECT, SPECIAL, GENERAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES, INCLUDING WITHOUT LIMITATION FOR LOSS OF PROFITS OR REVENUE OR OF ANTICIPATED PROFITS OR REVENUE ARISING OUT OF THE USE OR INABILITY TO USE THE PRODUCT, EVEN IF ERICSSON AND/OR ITS AFFILIATES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND EVEN IF SUCH DAMAGES ARE FORESEEABLE; OR (B) CLAIMS BY ANY THIRD PARTY. NOTWITHSTANDING THE FOREGOING, IN NO EVENT SHALL THE AGGREGATE LIABILITY OF ERICSSON AND/OR ITS AFFILIATES ARISING UNDER OR IN CONNECTION WITH THE PRODUCT, HOWEVER ARISING, REGARDLESS OF THE NUMBER OF EVENTS, OCCURRENCES, OR CLAIMS GIVING RISE TO LIABILITY, EXCEED THE PRICE PAID BY THE ORIGINAL PURCHASER OF THE PRODUCT. THE LIMITATIONS OF LIABILITY SET FORTH HEREIN SHALL REMAIN IN FULL FORCE AND EFFECT REGARDLESS OF WHETHER THE REMEDIES HEREUNDER ARE DETERMINED TO HAVE FAILED OF THEIR ESSENTIAL PURPOSE.

Ericsson's warranty is subject to change without notice and does not represent any commitment on the part of Ericsson or its affiliates. This warranty shall be governed by the laws of the State of Idaho and the parties irrevocably submit to the exclusive jurisdiction of the courts of the State of Idaho.

End User Agreement

Updated September 3, 2024

Acceptance of the End User Agreement

PLEASE REVIEW THIS AGREEMENT CAREFULLY. ONCE SIGNED BY BOTH PARTIES, THIS BECOMES A BINDING LEGAL AGREEMENT BETWEEN ERICSSON AND CUSTOMER AND PREVAILS OVER ANY INCONSISTENT PROVISIONS IN ANY AGREEMENT WITH A CHANNEL PARTNER OR ANY PRIOR AGREEMENT BETWEEN ERICSSON AND CUSTOMER. THIS AGREEMENT DEFINES THE TERMS OF USE FOR THE SERVICES AND ANY HARDWARE OR SOFTWARE REQUIRED TO DELIVER THE SERVICES (DEFINED BELOW). THIS AGREEMENT ALSO INCORPORATES ANY SERVICE-SPECIFIC TERMS AND CONDITIONS THAT APPLY TO PURCHASED SERVICES. IF YOU ARE SIGNING THIS AGREEMENT ON BEHALF OF YOUR EMPLOYER OR ANOTHER LEGAL ENTITY, YOU REPRESENT THAT YOU HAVE THE LEGAL AUTHORITY TO BIND CUSTOMER. CUSTOMER'S CONTINUED USE OF SERVICES PROVIDED BY ERICSSON SHALL ALSO CONSTITUTE ACCEPTANCE OF THE TERMS OF THIS AGREEMENT. IF YOU DO NOT HAVE AUTHORITY TO BIND CUSTOMER, OR CUSTOMER DOES NOT AGREE TO BE BOUND BY ALL OF THE TERMS IN THIS AGREEMENT, INCLUDING THE PRIVACY NOTICE, DO NOT PROCEED WITH THE ACCOUNT REGISTRATION OR SETUP PROCESS AND DO NOT USE THE SERVICES.

ERICSSON DOES NOT GUARANTEE THAT THE SERVICES ARE AVAILABLE IN OR MAY BE USED IN ALL COUNTRIES OR JURISDICTIONS. ERICSSON MAY RESTRICT THE AVAILABILITY OF OR MODIFY SERVICES IN ANY LOCATION TO COMPLY WITH APPLICABLE LAWS AND REGULATIONS.

This Agreement governs both Customer's: (1) purchase and use of Ericsson Services, and (2) provision and use of any Limited Release Services.

Customer represents that it is not a direct competitor of Ericsson and will not give access to the Services to any competitor of Ericsson or to any third party for benchmarking or other competitive purposes, unless Ericsson has provided express written consent.

Capitalized terms have the definitions stated in this Agreement.

ERICSSON'S PROVISION OF SERVICES

1.1. Provision of Purchased Services. Customer will purchase Services from a Channel Partner for a designated Service Term and Entitlement as set forth in an Order Form. Subject to Customer's and End Users' use of the Services in accordance with this Agreement and applicable Documentation, Ericsson will: (a) make the Services available to Customer pursuant to this Agreement and Documentation, (b) grant Customer a limited, non-exclusive, non-sublicensable, non-transferable license to use the Software in accordance with this Agreement, Documentation, and only as required to access the Services, and (c) provide the Services in accordance with laws and government regulations applicable to Ericsson's provision of its Services to its customers generally without regard for Customer's particular use of the Services.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

1.2. Customer Support. Ericsson and/or its designated Channel Partners will provide Ericsson standard support for the Services to Customer during the designated Service Term at no additional charge, and/or upgraded support if purchased.

1.3. Updates or Additional Services. Ericsson makes continuous Updates to the Services in its sole discretion for any purpose deemed appropriate by Ericsson. Customer may only receive and use Updates or purchase additional Services beyond the current Entitlement if Customer has a current, unexpired subscription to the Services. Ericsson will use reasonable efforts to give Customer prior notice of any material Updates, which notice may be provided via the Services, email, or other notification method.

1.4. Evaluation Services. If Ericsson makes Evaluation Services available to Customer, Customer may only use the Evaluation Services on a temporary basis for the designated period of time (the "**Evaluation Period**"). If there is no Evaluation Period specified, such use is limited to 90 days after the Evaluation Services are made available to Customer. If Customer does not stop using the Evaluation Services or the hardware on which it is authorized for use by the end of the Evaluation Period, Ericsson or a Channel Partner may invoice Customer for the applicable list price and Customer agrees to pay such invoice. The Evaluation Services may contain bugs, errors, or other issues. Unless approved by Ericsson, Customer will not use Evaluation Services in a production environment. Ericsson may stop providing the Evaluation Services at any time and Customer will stop using the Evaluation Services at such time. Any data Customer enters into the Services and any configurations made to the Services by Customer during the Evaluation Period will be permanently lost unless Customer purchases a subscription to the same Services before the end of the Evaluation Period.

1.5. Limited Release Services. Ericsson may make Limited Release Services available to customer to try at its option for a limited time period to be determined by Ericsson in its sole discretion and subject to any additional terms as may be established by Ericsson.

CUSTOMER'S USE OF SERVICES

2.1. Customer's Responsibilities. Customer will use the Service in accordance with this Agreement and in compliance with all applicable laws and regulations, including but not limited to any privacy and data security laws, employment, marketing and consumer protection laws and guidelines. Customer is responsible for maintaining the security of Customer's account, passwords, including but not limited to administrative and user passwords and files, and for all uses of Customer account with or without Ericsson's knowledge or consent. Customer will also cooperate with Ericsson (i) in establishing a password or other procedures for verifying that only designated employees of Customer have access to any administrative functions of the Services, and (ii) in connection with the performance of this Agreement by making available such personnel and information as may be reasonably requested by Ericsson. Customer is responsible for reviewing applicable Documentation (including usage materials) to implement the Service and configure privacy and security controls in accordance with Customer's IT and security policies and procedures.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

2.2. Restrictions. Customer will not, and will not permit its End Users or any third party to: (a) use the Services in connection with any High-Risk Applications; (b) transfer, sell, sublicense, redistribute, use or make the Services available for third party usage, or for any purpose other than its own internal use, except as set forth in Section 2.3; (c) reverse engineer, decompile, disassemble or otherwise attempt to discover the source code, object code or underlying structure, ideas or algorithms of any portion of the Service, documentation or data related to the Service (provided that reverse engineering is prohibited only to the extent such prohibition is not contrary to applicable law); (d) modify, translate, or create derivative works based on the Service; (e) run or use any processes that run or are activated while Customer is not logged on to the Services or that “crawl,” “scrape,” or “spider” the Service; (f) facilitate any disruption, threat, or attack on the Services such as through the distribution of Malicious Code, denial-of-service attack, unauthorized penetration testing, or other action that poses a security risk to the Services, Ericsson’s systems, or other users of the Services; (g) move the Services or any related hardware to any other country other than the Original Territory, unless authorized in writing by Ericsson; or (h) use the Services in any manner that (i) is illegal, harmful, fraudulent, deceptive, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, libellous, or otherwise objectionable (including without limitation, accessing any computer, computer system, network, software, or data without authorization, breaching the security of another user or system, and/or attempting to circumvent any user authentication or security process), (ii) impersonates any person or entity, including without limitation any employee or representative of Ericsson, (iii) is unwanted such as sending unsolicited bulk, commercial, or spam messages in violation of law; (iv) places an unreasonable or unexpected load on the Services; or (v) may subject Ericsson to liability. The Customer account holding the Entitlement to the Software shall also hold title to any hardware sold to Customer as part of the Service and Customer shall not transfer any hardware to any other third party.

2.3. Managed Services. If a Channel Partner desires to offer a Managed Service, and if approved by Ericsson, then Channel Partner must participate in Ericsson’s managed service provider partner program and/or enter into a separate agreement with Ericsson to obtain the right to offer a Managed Service. Channel Partner acknowledges that in connection with offering a Managed Service it is the Customer subject to the terms of this Agreement. Channel Partner will: (a) hold the Entitlements with the corresponding rights to the Services, (b) contract with its own end users to provide a Managed Service pursuant to terms that are at least as protective of Ericsson and Ericsson’s Services as this Agreement, (c) comply with then- current requirements of Ericsson’s managed service provider program, (d) inform its own end users, prior to purchase, that the Products and Services include cloud services hosted in the United States and development and support services may be performed in the United States or other Ericsson locations worldwide, including using follow the sun coverage, (e) notify each end user in writing that the end user information entered into or gathered and/or stored in conjunction with the use of the Service shall be governed under the terms of the applicable end user terms and Ericsson’s Privacy Policy available at <https://cradlepoint.com/privacy-policy>, and (f) remain responsible for all acts and omissions, including any breaches of this Agreement, of its end users as if Channel Partner committed such act or omission itself. Channel Partner is an independent entity and has no authority to make representations or warranties, incur obligations, or otherwise act on behalf of Ericsson in any way. Ericsson may exercise any rights and/or remedies under this Agreement, at law or in equity, based upon such acts or omissions of Channel Partner’s or its end users.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

2.4. **Customer Contacts.** Customer will designate an employee who will be responsible for all matters relating to this Agreement (“**Primary Contact**”) and a point of contact in the event of a security incident (“**Security Contact**”). Customer may change the designated Primary Contact and Security Contact at any time through its account settings on the Services. Customer will cooperate with Ericsson in connection with the performance of this Agreement by making available such personnel and information as may be reasonably required and taking such other actions as Ericsson may reasonably request.

CONFIDENTIALITY

3.1. The Receiving Party agrees: (a) not to divulge to any third person any Confidential Information, except to those employees, Affiliates, legal counsel and accountants with a need to have access thereto for purposes of this Agreement or to potential investors or acquirers (each a “**Permitted Recipient**”), and (b) to take the same security precautions to protect against disclosure or unauthorized use of Confidential Information that the party takes with its own confidential information, but in no event less than reasonable precautions to protect Confidential Information. The Receiving Party must ensure that any Permitted Recipient is subject to written confidentiality obligations no less restrictive than those set forth in this Agreement and will remain liable for any breach of this Section by Permitted Recipients.

3.2. The Receiving Party may disclose the Disclosing Party’s Confidential Information if: (a) such disclosure is approved in writing by the other party prior to such disclosure, (b) is included in a filing required to be made by the Receiving Party with a governmental authority or is otherwise required to comply with applicable law or governmental order, provided it will provide notice to Disclosing Party (if legally permissible) and reasonably cooperate, at Disclosing Party’s expense, to obtain confidential treatment or a protective order.

3.3. Upon the reasonable written request of the Disclosing Party, the Receiving Party will either return, or certify to the deletion or destruction of all Confidential Information of Disclosing Party, unless prohibited by law, and provided that such request is submitted no later than 5 days after termination or expiration of this Agreement.

3.4. Customer acknowledges that Ericsson does not wish to receive any Confidential Information from Customer that is not necessary for Ericsson to perform its obligations under this Agreement (including, without limitation, any information protected under applicable privacy laws and regulations), and, unless the parties specifically agree otherwise, Ericsson may reasonably presume that any unrelated information received from Customer is not Confidential Information.

LICENSE AND USE OF DATA

4.1. Definitions.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

“Customer Content” means all electronic data and information transmitted by or on behalf of Customer or its End Users through use of the Services.

“Customer Data” means all electronic data and information submitted by Customer for setup and provisioning of the Services, including all data regarding and submitted by or on behalf of Customer’s End Users. Customer Data does not include Customer Content. This includes, but is not limited to, any data or information provided by Customer while seeking support for the Services.

“Ericsson Data” means all information created, generated, collected, or compiled regarding Customer’s use of the Services including aggregated machine learning results, and related to the provision, performance, and operation of the Services, in an aggregate and anonymous manner that does not identify Customer or Customer’s Confidential Information.

4.2. Limited License from Customer. By using or accessing the Services, Customer hereby grants to Ericsson, its Affiliates, and applicable licensors and service providers a worldwide, royalty-free, non-exclusive, irrevocable, sublicensable, limited right and license as necessary to provide, support, and ensure proper operation of the Services in accordance with this Agreement to: (a) host, use, copy, display, store, transmit, and modify Customer Data and Subscriber Data, and (b) host, copy, transmit, and display Customer Content.

4.3. Customer’s Right to Data and Content. Customer represents and warrants to Ericsson that: (a) it has valid legal bases for its data processing and obtained all necessary consents to provide contact details and any personal data that Customer provides to Ericsson; (b) it has complied with all applicable privacy, employment, consumer protection, marketing and data security laws and government guidelines, including without limitation all laws that apply to collecting, accessing, using, disclosing any Customer Data and Subscriber Data that Customer provides to Ericsson, and laws applicable to protection of minor children and students; (c) it has notified the relevant data subjects that Ericsson will be given such information for use in accordance with the terms of this Agreement; and (d) it has the right to access and use Customer Content in connection with the Services. Customer shall notify Ericsson as soon as reasonably practicable of any amendments required to any personal data either through the Service or as otherwise directed in the Privacy Notice. If Customer receives any notice or claim that any Customer Data, Subscriber Data, Customer Content, or activities hereunder with respect to any Customer Data, Subscriber Data, or Customer Content, may no longer be used or must be removed, modified, or disabled to avoid violating any third-party rights or any applicable law or regulation, Customer will do so promptly. If Customer does not, then Ericsson may (but is not required to) suspend activity hereunder with respect to that Customer Data, Subscriber Data, and Customer Content.

4.4. Use of Ericsson Data. Notwithstanding anything else in this Agreement or otherwise, Ericsson may monitor Customer’s use of the Service, and in an aggregate and anonymous manner, compile Ericsson Data. Ericsson owns all right, title and interest in and to the Ericsson Data and may use, reproduce, sell, develop, and publicize Ericsson Data, provided that it does not identify Customer or Customer’s Confidential Information, including for the purposes of improving the Services generally and training machine learning models for general use and provision by Ericsson. To the extent needed to perfect

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Ericsson's ownership in the Ericsson Data, Customer hereby irrevocably assigns all right, title and interest in such Ericsson Data to Ericsson.

4.5. Protection of Customer Data. Ericsson will maintain, and requires its subprocessors to maintain, reasonable administrative, physical, and technical safeguards to prevent unauthorized access to or disclosure of Customer Data and Subscriber Data, as described in the Documentation and Ericsson's Privacy Notice. Subject to Section 3.3, after termination of all Services provided to Customer, Ericsson will have no obligation to maintain or provide any Customer Data, and as provided in the Documentation will thereafter delete or destroy all copies of Customer Data in its systems or otherwise in its possession or control in accordance with Ericsson's data retention policy, unless legally prohibited. Upon request by Customer made within 30 days after the effective date of termination or expiration of this Agreement, Ericsson will make Customer Data available to Customer for export or download. After such 30-day period, Ericsson will have no obligation to maintain or provide any Customer Data.

4.6. Compliance with Privacy Laws. Unless otherwise expressly set forth in writing by Ericsson, Customer acknowledges that it is the data controller (or equivalent term used in the applicable law), as defined under applicable privacy laws, of Customer Data. Ericsson may process and store Customer Data in the United States, the European Economic Area (the "EEA"), or outside of the country where it was collected. Ericsson may transfer Customer Data outside the EEA using the standard contractual clauses pursuant to the Commission Decision of 4 June 2021 on standard contractual clauses for the transfer of personal data to third countries pursuant to Regulation (EU) 2016/679 of the European Parliament and of the Council, or any replacing version of such clauses adopted by the European Commission. Customer agrees that Ericsson may use subcontractors and subprocessors to provide the Service and such subcontractors and subprocessors may process Customer Data. Customer may transfer and access Customer Data from multiple locations around the world consistent with its global operations and in compliance with applicable laws and regulations. If Customer or its End Users use the Services in a location with local laws that regulate collection and use of data about individuals and transfer of such data outside of such jurisdiction, Customer accepts responsibility for compliance with all such applicable laws. The parties acknowledge that Ericsson is service provider as defined by the California Consumer Privacy Act of 2018 (as amended) and as may be defined under other U.S. state laws. For more information, please see Ericsson's privacy policy at www.cradlepoint.com/privacy.

4.7. Software Updates. Customer should always use the most recent version of the Software and install patches and security fixes as soon as they are made available for download by Ericsson. Failure or delay to download increases security risks, including the ability to safeguard Customer Data. Ericsson is not responsible for any security incidents resulting from Customer's delay or failure to download. Ericsson shall have no liability for any claim based on or arising from, nor any obligations under this Agreement related to, the use of any version of the products that is not supported by Ericsson at the time the claim arises.

INTELLECTUAL PROPERTY RIGHTS

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

5.1. Reservation of Rights. Except as expressly set forth herein, Ericsson alone (and its licensors, where applicable) will retain all intellectual property rights relating to the Services, including Software, Evaluation Services, Limited Release Services, Ericsson Data, and any suggestions, ideas, enhancement requests, feedback, recommendations, or other information provided by Customer or any third party relating to the Services, which are hereby assigned to Ericsson. Customer will not copy, distribute, reproduce or use any of the foregoing except as expressly permitted under this Agreement. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the Service or any intellectual property rights. Customer retains any ownership rights in and to the Customer Content and Customer Data. As between them, each party retains all ownership rights in and to its Confidential Information.

PAYMENT OF FEES

6.1. Fees. Customer will pay the applicable Fees, without any right of set-off or deduction. All payments will be made in accordance with the payment schedule and the method of payment set forth in the Order Form. If Customer uses the Services in excess of the applicable Entitlement, Customer shall notify Ericsson or the Channel Partner and, regardless of whether Ericsson or the Channel Partner is made aware of such excess usage via notification or another way (such as pursuant to Section 6.4), then Ericsson or the Channel Partner may invoice Customer, and Customer agrees to pay, for such excess usage. Unless prohibited by law, all Fees paid hereunder (including any prepaid amounts) are non-refundable and quantities purchased cannot be decreased during the applicable Service Term, including without limitation if this Agreement is terminated or Services are suspended in accordance with Section 7 below.

6.2. Overdue Charges. Unless otherwise specified by the Channel Partner from which Customer purchased the Services, unpaid overdue Fees may be subject to a finance charge of one percent (1.0%) per month calculated on the overdue amount, or the maximum permitted by law, whichever is lower, plus all expenses of collection, including reasonable attorneys' fees.

6.3. Taxes. Fees under this Agreement do not include any present or future taxes, levies, duties, or similar governmental assessments of any nature, including national, state or provincial and local use, sales, value-added, property, withholding and similar taxes, if any ("**Taxes**"). Unless otherwise explicitly agreed in writing at the time of purchase, Customer is responsible for paying all Taxes associated with its purchases (excluding taxes assessable against Ericsson's net income, property, and employees). Customer's payments are considered payments for the right to access and use of the Services and should generally be characterized as an automated service payment for tax purposes frequently referred to as 'business profits' under applicable income tax treaties. Customer acknowledges that Customer's payment does not represent a license or royalty payment and should not be subject to local country withholding tax. In the case of any withholding requirements, Customer will pay any required withholding itself and will not reduce the amount paid on account thereof. If Ericsson has the legal obligation to pay or collect Taxes for which Customer is responsible, Ericsson will increase the Fees to cover such payment of Taxes and invoice Customer and Customer will pay that amount unless Customer provides Ericsson with a valid tax exemption certificate authorized by the appropriate taxing authority. Either party is entitled to contest the amount or

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

validity of the imposition of any Taxes at its own expense or as mutually agreed upon, and each party agrees to furnish reasonable cooperation to the contesting party in any proceeding contesting the amount or validity of imposition of such Taxes. Both parties shall mutually cooperate to minimize the Taxes by availing any exemptions or treaty benefits, as applicable under the relevant laws of each jurisdiction.

6.4. Usage Review. During the Service Term and for a period of 12 months after expiration or termination, Customer will take reasonable steps to maintain complete and accurate records of its use of the Services to demonstrate compliance with this Agreement ("**Customer Records**"). Ericsson may request that Customer allow Ericsson and its representatives access to the Customer Records during normal business hours and the Services within thirty (30) days of such request to review Customer's compliance with the terms of this Agreement, provided that Ericsson shall not make such request more than once per 12-month period. If the review process discloses underpayment of Fees: (a) Customer will pay such Fees; and (b) Customer will also pay the reasonable cost of the review if the Fees owed to Ericsson are 5% greater than the amounts previously paid.

TERMINATION; REMEDIES; SUSPENSION

7.1. Term of Agreement. This Agreement starts on the date that Customer accepts it and continues until all subscriptions to Services have either expired or been terminated in accordance with this Section 7.

7.2. Service Term. The Service Term of each subscription shall be as specified in the applicable Order Form. Except as otherwise specified in an Order Form, subscriptions will automatically renew for additional one-year terms, unless either party gives the other written notice (email acceptable) at least 30 days before the end of the relevant Service Term. Except as expressly provided in the applicable Order Form, renewal of Services will be at Ericsson's applicable list price in effect at the time of the applicable renewal. Notwithstanding anything to the contrary, any renewal in which the total volume or service term length for any Services has decreased from the prior Service Term will result in revised pricing at renewal, without regard to the prior Service Term's pricing.

7.3. Termination. Customer may terminate any Services or this Agreement upon thirty (30) days' written notice to Ericsson. Ericsson may terminate any Services or this Agreement immediately upon written notice to Customer in the event of: (a) any material breach of this Agreement by Customer and/or its End Users, including without limitation, any breach of Section 2.2, any export restrictions set forth in Section 11.2 of this Agreement or any Service-Specific Terms, and/or failure to pay any Fees or other amounts when due hereunder if such breach remains uncured at the expiration of the 30-day period, or (b) if Ericsson's provision of the Services or performance under this Agreement would cause Ericsson to breach applicable laws or cause material security or safety detriment to Ericsson, its employees, or contractors. Either party may terminate this Agreement upon notice to the other party: (i) upon the institution by or against the other party of insolvency, receivership, or bankruptcy proceedings (provided such proceedings are not dismissed within thirty (30) days of such institution), (ii) upon the other party's making an assignment for the benefit of creditors, or (iii) upon the other party's dissolution or ceasing to do business. The parties

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

acknowledge and agree that a court order shall not be required to give effect to any termination of this Agreement.

7.4. Effect of Termination. Unless otherwise required under applicable law, Customer agrees that upon any termination or cancellation of any Services or this Agreement Customer will not be entitled to a refund of fees for any additional work previously performed by Ericsson at Customer's request or any pre-paid Fees for Subscriptions still in effect at the time of termination or cancellation, and Customer's obligation to pay any balance due shall survive any such termination or cancellation. Customer's access to all Services, and any licenses or rights granted hereunder, shall terminate upon any termination of this Agreement, except as set forth in Section 4.5 to retrieve Customer Data. All sections of this Agreement, which by their nature should survive termination, will survive termination, including, without limitation, restrictions, accrued rights to payment, confidentiality obligations, intellectual property rights, warranty disclaimers, and limitations of liability. The terms and conditions of this Agreement shall survive the expiration or termination of this Agreement to the full extent necessary for their enforcement and for the protection of the party in whose favor they operate.

7.5. Service Suspension. Notwithstanding anything to the contrary, Ericsson reserves the right to suspend or limit Customer's access to the Service if Ericsson determines, in its sole discretion, that Customer's use of the Service does or is likely to: (a) constitute a use of the service in violation of this

Agreement, including without limitation Section 2.2 (Restrictions) or Section 11 (U.S. Government Matters) or any applicable laws or regulations; (b) damage the Service or interfere with Ericsson's ability to reliably provide the Service to other users; (c) place an unreasonable or unexpected load on the Service; (d) there is a threat or attack on the cloud servers hosting the Services (including a denial of service attack) or other event that may create a risk to the Services, to Customer or to any other user of the Services; (e) Customer's use of the Services disrupts or poses a security risk to the Services or any other user of the Services, may harm Ericsson's systems or any other user of the Services, or may subject Ericsson or any third party to liability; (f) Customer is in default of Customer's payment obligations hereunder; or (collectively, "**Service Suspensions**"). Customer understands that certain reasons for suspension are imposed on Ericsson by third parties, are subject to change without notice, and may result in Customer's access to the Services being suspended because of the actions of other users. Ericsson will make commercially reasonable efforts, circumstances permitting, to provide written notice of any Service Suspension to Customer (including notices posted on the website or sent to Customer's registered e-mail address) and to provide updates regarding resumption of Customer's access to the Services following any Service Suspension. If Ericsson receives any notice or claim that any Customer Data, Customer Content, or activities hereunder with respect to any Customer Data or Customer Content, may infringe or violate rights of a third party or any applicable law or regulation, Ericsson may suspend activity hereunder with respect to that Customer Data or Customer Content.

WARRANTY AND DISCLAIMER

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

TO THE FULL EXTENT PERMITTED BY LAW AND SUBJECT TO ANY NON-EXCLUDABLE RIGHTS OR REMEDIES THAT MAY BE AFFORDED TO CUSTOMER:

8.1. THE SERVICES ARE NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE WITH HIGH-RISK APPLICATIONS. ERICSSON AND ITS THIRD-PARTY LICENSORS SPECIFICALLY DISCLAIM ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH-RISK APPLICATIONS.

8.2. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, ERICSSON DOES NOT WARRANT THAT THE OPERATION OF THE SERVICES OR ANY FEATURE OR FUNCTION CONTAINED THEREIN AT THE TIME OF PURCHASE OR AS A RESULT OF ANY UPDATES WILL MEET CUSTOMER'S REQUIREMENTS, BE UNINTERRUPTED OR ERROR-FREE, THAT DEFECTS WILL BE CORRECTED, OR THAT THE SERVICE OR THE SERVERS THAT MAKE THE SERVICE AVAILABLE ARE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS. THE SERVICES, SOFTWARE AND ERICSSON PROPRIETARY INFORMATION AND ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS-IS".

8.3. ANY USE OF THE SERVICES IS DONE AT CUSTOMER'S SOLE RISK AND CUSTOMER WILL BE RESPONSIBLE FOR ANY DAMAGE, LOSS OR EXPENSE INCURRED AS A RESULT OF OR ARISING OUT OF CUSTOMER'S USE OF THE SERVICES. ERICSSON SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, OR NON-INFRINGEMENT THAT ARE BEYOND ANY APPLICABLE OBLIGATIONS THAT ERICSSON MAY HAVE AT LAW.

8.4. ERICSSON PROVIDES EVALUATION SERVICES AND LIMITED RELEASE SERVICES "AS-IS" WITHOUT SUPPORT OR ANY EXPRESS OR IMPLIED WARRANTY AND ERICSSON SHALL HAVE NO INDEMNIFICATION OBLIGATIONS WHATSOEVER RELATED TO SUCH SERVICES. ERICSSON HAS NO LIABILITY RELATING TO CUSTOMER'S USE OF THE EVALUATION SERVICES OR LIMITED RELEASE SERVICES, WHICH CUSTOMER ACKNOWLEDGES MAY CONTAIN VARIOUS DEFICIENCIES INCLUDING, WITHOUT LIMITATION, BUGS OR SECURITY VULNERABILITIES.

LIMITATION OF LIABILITY

TO THE FULL EXTENT PERMITTED BY LAW AND SUBJECT TO ANY NON-EXCLUDABLE RIGHTS OR REMEDIES THAT MAY BE AFFORDED TO CUSTOMER:

9.1. REGARDLESS OF WHETHER ANY REMEDY HEREIN FAILS OF ITS ESSENTIAL PURPOSE, ERICSSON OR ITS CHANNEL PARTNERS OR THIRD PARTY SUPPLIERS SHALL NOT BE LIABLE TO CUSTOMER, ITS END USERS, OR ANY THIRD PARTY ARISING OUT OF THE USE OF OR INABILITY TO USE THE SERVICES, UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR: LOSS OF PROFITS OR REVENUES, BUSINESS INTERRUPTION, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR TECHNOLOGY, LOSS OF PRIVACY, CORRUPTION OR LOSS OF DATA, FAILURES TO TRANSMIT OR RECEIVE

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

DATA OR ANY OTHER PECUNIARY LOSS WHATSOEVER ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OF OR INABILITY TO USE THE SERVICES OR OTHERWISE IN CONNECTION WITH ANY PROVISION OF THIS AGREEMENT, EVEN IF ERICSSON OR ITS CHANNEL PARTNERS OR THIRD PARTY SUPPLIERS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9.2. ERICSSON WILL HAVE NO LIABILITY FOR ANY DAMAGE, LIABILITIES, LOSSES OR ANY OTHER CONSEQUENCES THAT CUSTOMER MAY INCUR BECAUSE OF ANY SERVICE SUSPENSIONS OR LIMITATIONS RELATED TO CARRIER COVERAGE OR SUPPORT.

9.3. THE TOTAL LIABILITY OF ERICSSON AND ITS SUPPLIERS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), OR OTHERWISE, WILL NOT EXCEED, IN THE AGGREGATE, THE LESSER OF ONE THOUSAND DOLLARS (\$1,000.00) OR THE FEES PAID FOR ERICSSON SERVICES HEREUNDER IN THE THREE (3) MONTH PERIOD ENDING ON THE DATE THAT A CLAIM OR DEMAND IS FIRST ASSERTED. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

9.4. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SHALL APPLY EVEN IF ANY REMEDY FAILS ITS ESSENTIAL PURPOSE. ERICSSON WILL HAVE NO LIABILITY FOR ANY DAMAGE, LIABILITIES, LOSSES OR ANY OTHER CONSEQUENCES ARISING FROM OR RELATED TO CUSTOMER'S FAILURE TO INSTALL ANY UPDATE TO THE SERVICES MADE AVAILABLE BY ERICSSON PURSUANT TO SECTION 1.3.

9.5. NOTHING IN THIS AGREEMENT IS INTENDED TO EXCLUDE, RESTRICT OR MODIFY ANY NON-EXCLUDABLE RIGHT OR REMEDY IMPOSED UNDER STATUTE. TO THE EXTENT THAT ERICSSON IS LIABLE FOR SUCH A NON-EXCLUDABLE RIGHT OR REMEDY, ERICSSON'S LIABILITY IS LIMITED TO ONE OR MORE OF THE FOLLOWING AT ERICSSON'S SOLE DISCRETION:

9.5.1. IN RELATION TO GOODS: (A) THE REPLACEMENT OF THE GOODS OR THE SUPPLY OF EQUIVALENT GOODS; (B) THE REPAIR OF THE GOODS; (C) THE PAYMENT OF THE COST OF REPLACING THE GOODS OR OF ACQUIRING EQUIVALENT GOODS; OR (D) THE PAYMENT OF THE COST OF HAVING THE GOODS REPAIRED; AND

9.5.2. IN RELATION TO SERVICES: (A) THE SUPPLYING OF THE SERVICES AGAIN.

INDEMNIFICATION

10.1. **Customer Indemnity.** Unless prohibited by applicable law, Customer shall, at Customer's expense, defend and hold harmless Ericsson and its Affiliates and its and their respective employees, officers, directors and agents (collectively, "**Related Parties**") from and against any claim, investigation, suit or

Request for Proposals for
Data CommunicationsIssued by the **State of Montana****Solicitation Number: SPB-RFP-2025-0563LS**

proceeding brought by an unaffiliated third party (“**Third-Party Claim**”) that arises from or is based on any of the following: (a) Customer and its End Users’ use of the Services or breach of this Agreement, including without limitation Section 4.6 (Data Controller); (b) any Customer Content transmitted using the Services; (c) any violation by Customer or its End Users of any law, regulation or rule applicable to their use of the Services; (d) violation by Customer or its End Users of any privacy, employee, or consumer protection right, or intellectual property right that is implicated herein; or (e) a combination by Customer or its End Users with any non-Ericsson hardware, software, technology, or other materials. In addition, Customer shall indemnify Ericsson and its Related Parties from and against any and all damages, costs and expenses (including court costs and reasonable attorneys’ fees), fines and other monetary liabilities (“**Liabilities**”) awarded against any of them in a final court judgment or a governmental authority’s order or decision in connection with any such Third-Party Claim or agreed to in a settlement of any such Third-Party Claim.

10.2. Indemnification Procedures. Ericsson will promptly notify Customer of any Third-Party Claim that falls within the scope of the indemnification rights set forth above (a “**Covered Claim**”) and shall provide reasonable cooperation and assistance to Customer in defending or settling the Covered Claim (at Customer’s request and expense). Notwithstanding the foregoing, a delay or failure by Ericsson to provide such notice or cooperation and assistance shall not relieve Customer of its defense and indemnity obligations hereunder, except to the extent that such delay or failure materially prejudices Customer's ability to defend such Covered Claim. Customer, at its sole expense, shall promptly assume the defense of the Covered Claim after receipt of notice of such Covered Claim from Ericsson and shall have sole control over the defense of the Covered Claim, including any proposed settlement thereof (subject to the requirements below with respect to settlement), using counsel of its own choosing and approved by Ericsson, with such approval not to be unreasonably withheld. Ericsson, in its sole discretion, may participate in (but not control) the defense of a Covered Claim using its own counsel at its own expense. Ericsson shall not make any statements or admissions that may prejudice or impact Customer’s defense or settlement of the Covered Claim. Customer shall not settle any Covered Claim without first obtaining Ericsson’s prior written consent where the settlement of such Covered Claim results in any admission of wrongdoing or liability on the part of Ericsson, fails to grant Ericsson a release of all claims in the suit or proceeding, or imposes any obligation or liability on Ericsson (other than monetary liability for Ericsson that is fully indemnified by Customer). Further, the parties agree that any amounts paid or payable hereunder by Customer with respect to a Covered Claim in connection with a final court judgment, a fine assessed by a governmental authority, or pursuant to a settlement that is approved by Ericsson, shall constitute direct damages for purposes of the Agreement.

U.S. GOVERNMENT MATTERS; EXPORT CONTROL

11.1. U.S. Government End Use Provisions. Ericsson provides the Services, including related software and technology, for ultimate federal government end use in accordance with the following: The Services consist of “commercial items,” as defined at FAR 2.101. In accordance with FAR 12.211-12.212 and DFARS 227.7102-4 and 227.7202-4, as applicable, the rights of the U.S. Government in connection with the Services shall be solely as provided in this Agreement, except that, for U.S. Department of Defense end users, technical data customarily provided to the public is furnished in accordance with DFARS 252.227-

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

7015. If a government agency needs additional rights, it must negotiate a mutually acceptable written addendum to this Agreement specifically granting those rights. Any provisions that are inconsistent with applicable federal, state, or local procurement regulations are not enforceable against the government agency purchasing services under this Agreement.

11.2. **Export Laws.** Notwithstanding anything else, Customer may not provide to any person or export, re-export, transfer, or allow the export, re-export, or transfer of the Service or any software or anything related thereto or any direct product thereof without written approval (collectively "**Controlled Subject Matter**"), in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or any other United States, European Union, or United Kingdom agency or authority. Without limiting the foregoing Customer acknowledges and agrees that the Controlled Subject Matter will not be used or transferred or otherwise exported or re-exported to countries as to which the United States, European Union, or United Kingdom maintains an embargo, sanction or other export control (collectively, "**Embargoed Countries**"), or to or by a national or resident thereof, or any person or entity on the U.S. Department of Treasury's List of Specially Designated Nationals or the U.S. Department of Commerce's Table of Denial Orders, the European Union restricted party list or the United Kingdom sanctioned party lists (collectively, "Designated Nationals"). The lists of Embargoed Countries and Designated Nationals are subject to change without notice. Customer's use of the Service is deemed a representation and warranty by Customer that the End User is not located in, under the control of, or a national or resident of an Embargoed Country or Designated National. The Controlled Subject Matter may use or include encryption technology that is subject to licensing requirements under the U.S. Export Administration Regulations. Customer may not remove the Controlled Subject Matter from, or otherwise use it outside of, the Original Territory, unless authorized in writing by Ericsson. If requested, Customer shall promptly provide Ericsson with documentary evidence verifying compliance with this clause and shall notify Ericsson immediately upon becoming aware that it is not in compliance with this clause.

GOVERNING LAW AND VENUE; COMPLIANCE WITH LAW

12.1. **Governing Law.** Unless unenforceable under applicable law, this Agreement will be governed by and interpreted in accordance with the laws of the applicable state or country identified below based on Customer's primary place of business, without regard to conflicts of laws and principles that would cause the laws of another jurisdiction to apply. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods. Except as provided in Section 12.2 (Dispute Resolution), any legal suit, action, or proceeding arising out of or related to this Agreement or the Services will be instituted in the applicable courts identified below, and each party consents to the exclusive personal jurisdiction of these courts. Notwithstanding the foregoing, either party may seek injunctive relief in any court of appropriate jurisdiction regarding any breach of its intellectual property or proprietary rights.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Customer’s Primary Place of Business	Governing Law	Court with Jurisdiction
United States*, Canada, Mexico, or a country in Central or South America or the Caribbean	State of Texas, and U.S.A. controlling federal law	State and federal courts in Texas, U.S.A.
United Kingdom or a country in the Middle East or Africa	England and Wales	Commercial Court in London, England
A Country in Europe, other than United Kingdom	Sweden	Sweden
Australia or New Zealand	New South Wales, Australia	State courts in New South Wales, Australia
A Country in Asia or the Pacific region, other than Australia or New Zealand	Singapore	Singapore

*If Customer is a public sector agency or government institution in the United States, the laws of the state in which Customer is located will govern this Agreement and any dispute or action arising out of or related to this Agreement or the Services.

12.2. Dispute Resolution. Ericsson and Customer will attempt to settle any claim or controversy arising out of this Agreement through consultation and negotiation in good faith and a spirit of mutual cooperation. Notwithstanding the provisions of Section 12.1 above, if Customer’s primary place of business is not in the United States and attempts to resolve through consultation and negotiation fail, then such claim or controversy claim arising out of or relating to this Agreement or the existence, validity, breach or termination thereof, whether during or after its term, shall be submitted for arbitration to be administered in Dallas, Texas, USA, by the International Chamber of Commerce (“ICC”). Such arbitration proceedings shall be conducted in English before a single arbitrator if the parties agree to the arbitrator, and except as otherwise provided in this Agreement, shall be conducted in accordance with the then current commercial arbitration rules of the ICC for international arbitration. To initiate arbitration, one of the parties will file the appropriate notice at the ICC. The parties will in good faith agree on the arbitrator. If the parties are unable to agree on an arbitrator, the arbitration panel will consist of three (3) arbitrators, one arbitrator appointed by each of Customer and Ericsson and a third neutral arbitrator appointed by the two arbitrators designated by the parties. Any communication between a party and any arbitrator will be directed to the ICC for transmittal to the arbitrator(s). The parties expressly agree that the arbitrators will be empowered to grant, at either party's request, injunctive relief. The arbitral award will be the exclusive remedy of the parties for all claims, counterclaims, issues or accountings presented or plead to the arbitrators. The award will (i) be granted and paid in U.S. dollars exclusive of any tax, deduction or offset, and (ii) include interest (which shall accrue at an annual rate of four percent (4%) above LIBOR, from the date of that the award is

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

rendered until it is fully paid. Judgment upon the arbitral award may be entered in any court that has jurisdiction thereof. The arbitrators shall require the attorney's fees and expenses of the substantially prevailing party to be paid by the other party. Any additional costs, fees or expenses incurred in enforcing the arbitral award will be charged against the party that resists its enforcement. Nothing in this Section will prevent either party from resorting to judicial proceedings if (i) good faith efforts to resolve the dispute under these procedures has been unsuccessful, (ii) interim relief from a court is necessary to prevent serious and irreparable injury to one party or to others, (iii) litigation is required to be filed prior to the running of the applicable statute of limitations, or (iv) in the case of the other party's insolvency or bankruptcy (or similar proceedings). The use of any alternative dispute resolution procedure will not be construed under the doctrines of laches, waiver or estoppel to affect adversely the rights of either party

12.3. Compliance with Laws. Both parties shall comply with all applicable federal, state and local laws and regulations of the United States and the Service location in performing their respective obligations under this Agreement.

MISCELLANEOUS

13.1. Severability. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable.

13.2. Assignment. This Agreement is not assignable, transferable or sublicensable by Customer except with Ericsson's prior written consent. Ericsson may transfer and assign any of its rights and obligations under this Agreement with written notice to Customer. Ericsson may subcontract any performance associated with the Services to third parties, provided that such subcontract does not relieve Ericsson of any of its obligations under this Agreement.

13.3. Entire Agreement. Both parties agree that this Agreement is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed or otherwise agreed to by Ericsson, except as otherwise provided herein.

13.4. Order of Precedence. If there is any conflict between this Agreement and any ServiceSpecific Terms expressly referenced in this Agreement, the order of precedence is: (a) such Service-Specific Terms; (b) this Agreement (excluding the Service-Specific Terms and any Ericsson policies); then (c) any applicable Ericsson policy expressly referenced in this Agreement. If Customer purchased the Services from a Channel Partner, the terms of this Agreement apply to Customer's use of the Services and prevail over any inconsistent provisions in any agreement with the Channel Partner. Titles and headings of sections of this Agreement are for convenience only and shall not affect the construction of any provision of this Agreement.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

13.5. **Force Majeure.** Neither party shall be liable to the other or responsible for delay or non-performance of any of the terms of the Agreement due to a Force Majeure Event.

13.6. **Independent Contractors.** No agency, partnership, joint venture, or employment is created because of this Agreement and Customer does not have any authority of any kind to bind Ericsson in any respect whatsoever.

13.7. **Third Party Beneficiaries.** Unless expressly stated, this Agreement does not grant any right or cause of action to any third party. For the avoidance of doubt, any third parties, including those Customer contracted with to provide consulting, implementation, or other services in relation to the Services, are independent of Ericsson and Ericsson shall in no event be responsible for their acts or omissions, including when such acts or omissions impact Customer's use of the Services.

13.8. **Attorney Fees.** In any action or proceeding to enforce rights under this Agreement, the prevailing party will be entitled to recover costs and attorneys' fees.

13.9. **Notices.** All notices and consents under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or registered mail (return receipt requested), postage prepaid.

13.10. **Amendments.** Ericsson reserves the right, in its sole discretion, to change, modify, add or remove provisions of this Agreement at any time. By using the Service after Ericsson posts any changes to this Agreement or otherwise notifies Customer of such changes, Customer agrees to accept those changes, whether or not Customer has reviewed them. If Customer does not agree to this Agreement, Customer should not use the Service and Customer should cancel the Services.

13.11. **No Implied Waivers.** If either party fails to require performance of any duty hereunder by the other party, such failure shall not affect its right to require performance of that or any other duty thereafter. The waiver by either party of a breach of any provision of this Agreement shall not be a waiver of the provision itself or a waiver of any breach thereafter, or a waiver of any other provision herein.

13.12. **Language.** The Parties agree that this Agreement and/or any Documentation and other information or policies referenced or attached to this Agreement are in English and, in the event of a conflict between a translation of any term herein into any other language, the English language version shall govern.

DEFINITIONS

“Affiliate” means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity. **“Control,”** for purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.

“Agreement” means this End User Agreement.

“Confidential Information” means any information or data, regardless of whether it is in tangible form, disclosed by either party (**“Disclosing Party”**) to the other party (**“Receiving Party”**) that is marked or otherwise designated as confidential or proprietary or that should otherwise be reasonably understood to be confidential given the nature of the information and the circumstances surrounding disclosure. Confidential Information of Customer includes Customer Data; Confidential Information of Ericsson includes the Services, Evaluation Services, Limited Release Services, and the terms and conditions of this Agreement. Confidential Information of each party includes business and marketing plans and strategies, technology and technical information, security reports and attestations, product plans and designs, and business processes disclosed by such party. Confidential Information does not include any information that (1) is or becomes generally known to the public without breach of any obligation owed to the Disclosing Party, (2) was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party, (3) is received from a third party without knowledge of any breach of any obligation owed to the Disclosing Party, or (4) was independently developed by the Receiving Party without use of any Confidential Information of the Disclosing Party.

“Channel Partner” means a Ericsson-authorized reseller, distributor, or systems integrator authorized by Ericsson to sell Services.

“Customer” means the company or other legal entity accepting this Agreement (or represented by the individual accepting this Agreement) or that is using or accessing the Services.

“Documentation” means the applicable Service’s documentation, usage materials, and policies specifying the functionality of each Service, as updated from time to time, accessible via <https://customer.cradlepoint.com/s/> or login to the applicable Service.

“End User” means an individual: (1) who is authorized by Customer to use a Service, (2) for whom Customer has purchased a subscription or otherwise provisions a Service, and (3) to whom Customer (or, when applicable, Ericsson at Customer’s request) has provided login credentials. End Users may include employees, consultants, contractors and agents of Customer and its Affiliates.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

“Entitlement” means the specific quantity, duration, user count, or other measurement of Services purchased by Customer.

“Ericsson” means Ericsson Enterprise Solutions, Inc. or the Ericsson company otherwise specified in an Order Form.

“Evaluation Services” means Ericsson services or functionality that may be made available to Customer to try at its option at no additional charge which are clearly designated as proof of concept, evaluation, beta, pilot, developer preview, non-production, or similar description.

“Fees” means the applicable fees as set forth at the time of purchase by Ericsson or the Channel Partner from which Customer purchased the Services.

“Force Majeure Event” means an event beyond a party’s reasonable control, including acts of God, acts of government or war, flood, fire, earthquake, civil unrest, act of terror, strikes, riots, work stoppage, epidemics, pandemics, material shortages, restricting legislation, embargo, or Internet service provider failure, denial of service attack, or outage of a public communications carrier.

“High-Risk Applications” means any use of the Services that could lead to death, personal injury, or serious physical or environmental damage, including without limitation use in consumer automobiles or uses requiring fail-safe performance such as in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapon systems.

“Limited Release Services” means new services or functionality, identified as beta, pilot, limited release, evaluation, or other similar description that may be offered by Ericsson in its discretion from time to time.

“Malicious Code” means code, files, scripts, agents or programs intended to do harm, including, for example, viruses, worms, time bombs and Trojan horses, keystroke loggers, packet sniffers, encryption circumvention programs.

“Managed Service” means a combination of Channel Partner products or services with the Ericsson Services that Channel Partner delivers to Channel Partner’s end customers, which is (1) Channel Partner-branded in a manner that differentiates the Managed Service from the Ericsson Services and (2) supported by Channel Partner exclusively.

“Non-Ericsson Items” means hardware, software, materials, or other services or functionality that interoperates with a Service, that is provided by Customer or a third party.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

“Order Form” means an ordering document, renewal, or online order specifying the Services to be provided hereunder that is entered into between Customer and Ericsson or any Channel Partner.

“Original Territory” means original shipping country or region as listed on Customer’s order for the services and approved by Ericsson.

“Service-Specific Terms” means additional Service-related terms applicable to specific Services as set out at www.cradlepoint.com/legal.

“Services” means (1) the products, hardware, Software, and services that are ordered by Customer under an Order Form, (2) services or features ordered online through use of the Services, (3) Evaluation Services, or (4) mobile applications made available by Ericsson. Services may be hosted on servers under control or direction of Ericsson or its third-party providers. Services exclude third party applications, products, or services not provided by Ericsson.

“Service Term” means the period of time starting on the date that the Service is made available for Customer’s use continuing until the expiration or termination of the subscription as set forth in the applicable Order Form.

“Software” means the Ericsson operating software, firmware, including Updates, and applicable Documentation. **“Updates”** means all updates, upgrades, bug fixes, error corrections, and other modifications to the Software, including changes, additions, or deletions of or to features or functionality.

Attachment 2 SCOPE OF WORK

This Scope of Work (SOW) describes the deliverables available through this Master Agreement and the scope of what Contractors are expected to offer Participating Entities and Purchasing Entities. This SOW defines the scope of the Master Agreement and is not intended to limit the products and services a Contractor may offer within the defined scope.

I. OBJECTIVES

A. Scope of Work Objectives:

1. **Data Communications:** For the purposes of this Scope of Work and the resulting Master Agreements, **Data Communications is defined as the products and services that provide the technological capabilities to transmit, receive, and manage digital information through information technology networks.** This SOW seeks the Contractor to provide all aspects of data communications capabilities in a holistic solution, that includes hardware, software, and services, to develop, establish, maintain, secure, and expand data communications networks.
2. **Original Equipment Manufacturer (OEM):** For the purposes of this Scope of Work and the resulting Master Agreements, **OEM is defined as a Contractor that designs and manufactures data communications hardware.** The OEM (Awarded Contractor) shall provide data communications solutions consisting of the hardware as well as software solutions and services to support the hardware. Offerors are strongly encouraged to review this definition as it pertains to this SOW, to determine its eligibility to submit a proposal. All Offerors must affirm their OEM status (as defined in this section) in Attachment G, Offeror Response Worksheet.

B. Approach and Considerations: The scope of work approach will not establish individual product award categories but will seek to award to OEMs that manufacture data communications hardware and be capable of supporting that hardware through a holistic approach of software, cloud networking, services, etc. to provide the interested Participating Entities secure data communications capabilities in various protocols (data formatting, transmission, and error handling such as TCP/IP, HTTP, FTP, etc.). As stated, there will not be individual award categories, however, this SOW seeks solutions to be provided consisting of, but not limited to, the following common Data Communication fields:

- **Networking:** The infrastructure and systems that enable connectivity and data transfer, including routers, switches, network management and network optimization tools.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- **Unified Communications:** Data Communications products and technologies that integrate various communications to provide the capability of exchanging digital information seamlessly including, but not limited to, voice, video, and text and other forms of media.
- **Wireless Networking:** Technologies that enable data communication over wireless mediums, including Wi-Fi access points, wireless controllers, and related management tools.
- **Security:** Solutions that ensure confidentiality, integrity, and availability of data and network resources, including firewalls, intrusion detection/prevention systems, encryption technologies, and secure access controls.
- **Facilities Management:** Products and technologies that provide digital capabilities to manage, monitor, and control various facilities functions utilizing access control systems, security and surveillance, energy and climate control, alert and emergency response systems, etc.

The definition of Data Communications above will consist of the following and defined in the below sections of this SOW. Some content and scope in the sections may cross between hardware and software.

- Hardware
- Software
- Services

This Scope of Work is meant to be solution-based, the following content in this SOW is meant to provide guidelines and framework for Data Communications solutions, it is not meant to limit the scope or restrict the solutions or systems. It is strongly encouraged to propose emerging technologies (such as Artificial Intelligence, Internet of Things) under the multiple categories so long as it is considered within the scope of Data Communications, by the definition encompassing this SOW, and adds or enhances the overall solution for the customer. The products must be able to address customers' business needs and integrate into the overall solution.

II. DATA COMMUNICATIONS: HARDWARE

- A. Networking: Routers** – A device that forwards data packets along networks. A router is connected to at least two networks, commonly two LANs or WANs or a LAN and its ISP's network. Routers are located at gateways, the places where two or more networks connect, and are the critical device that keeps data flowing between networks and keeps the networks connected to the Internet. Below is a list of routers, this list is not limited to the routers that can be provided under this scope:

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
1. **Branch Routers** — A multiservice router typically used in branch offices or locations with limited numbers of users and supports flexible configurations/feature. For example: security, VoIP, wan acceleration, etc.
 2. **Network Edge Routers** — A specialized router residing at the edge or boundary of a network. This router ensures the connectivity of its network with external networks, a wide area network or the Internet. An edge router uses an External Border Gateway Protocol, which is used extensively over the Internet to provide connectivity with remote networks.
 3. **Core Routers** – High performance, high speed, low latency routers that enable Enterprises to deliver a suite of data, voice, and video services to enable applications such as Internet Protocol Television (IPTV) and Video on Demand (VoD), and Software as a Service (SaaS).
 4. **Service Aggregation Routers** — Provides multiservice adaptation, aggregation and routing for Ethernet and IP/MPLS networks to enable service providers and enterprise edge networks simultaneously host resource-intensive integrated data, voice and video business and consumer services.
 5. **Carrier Ethernet Routers** — High performance routers that enable service providers to deliver a suite of data, voice, and video services to enable next-generation applications such as IPTV, Video on Demand (VoD), and Software as a Service (SaaS)
- B. Networking: Switches** – A networking hardware device that connects multiple technology devices within a local area network (LAN). It forwards data packets to the correct destination device, ensuring efficient communication. These can be managed, unmanaged, layer 2/3 devices that are used to connect segments of a LAN (local area network) or multiple LANs and to filter and forward packets among them. Below is a list of switches, this list is not limited to the switches that can be provided under this scope:
1. **Campus LAN – Access Switches** — Provides initial connectivity for devices to the network and controls user and workgroup access to internetwork resources.
 2. **Campus LAN – Core Switches** — Campus core switches are generally used for the campus backbone and are responsible for transporting large amounts of traffic both reliably and quickly.
 3. **Campus Distribution Switches** — Collect the data from all the access layer switches and forward it to the core layer switches. Traffic that is generated at Layer 2 on a switched network needs to be managed or segmented into Virtual Local Area Networks (VLANs), Distribution layer switches provides the inter-VLAN routing functions so that one VLAN can communicate with another on the network. Distribution layer switches provide advanced security policies that can be applied to network traffic using Access Control Lists (ACLs).

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

4. **Data Center Switches** — Data center switches, or Layer 2/3 switches, switch all packets in the data center by switching or routing good ones to their final destinations, and discard unwanted traffic using Access Control Lists (ACLs) a minimum of 10 Gigabit speeds. High availability and modularity differentiate a typical Layer 2/3 switch from a data center switch. Ability to remotely disable and enable individual ports. Support “NetFlow” or equivalent. Jumbo frame supports EVPN over MPLS or BGP (9k bytes), plug and play fabric formation. Ultra-low latency through wire-speed ports with nanosecond port-to-port latency and hardware- based Inter-Switch Link (ISL) trunking.
5. **Carrier Aggregation Switches** — Carrier aggregation switches route traffic in addition to bridging (transmitted) Layer 2/Ethernet traffic that are designed for Ethernet networks that support video and high-bandwidth applications. Supports a variety of interface types, especially those commonly used by service providers.
6. **Carrier Ethernet Access Switches** – A carrier Ethernet access switch can connect directly to the customer or be utilized as a network interface on the service side to provide layer 2 services.
7. **MPLS and Ethernet-Based WAN Solutions** – Modern, scalable WAN technologies replacing legacy SONET networks.
8. **Switch Features and Capabilities** – the following list includes desired features and capabilities as necessary for the appropriate switch, as applicable:
 - Security Features: SSHv2 (Secure Shell Version 2), 802.1x (Port Based Network Access Control), Port Security, DHCP (Dynamic Host Configuration Protocol) Snooping, Two-Factor or Multi-Factor Authentication (2FA/MFA), MacSec encryption, Role-based access control lists (ACL)
 - Fast Ethernet/Gigabit Ethernet - 802.3bz (multi-gig interfaces 2.5Gbps and 5 Gbps)
 - 1/10/25/40/100/400 Gbps Support
 - PoE (Power over Ethernet) - up to 90/95W on all ports
 - Port Mirroring
 - Span Taps
 - Support of IPv6 and IPv4
 - Swappable powerlines and fans
 - AC or DC power supply minimum DC input ranging from 18V to 32 VDC and 36V to 72 VDC
 - Switch-port auto recovery
 - Dynamic Trunking Protocol (DTP)
 - Per-VLAN Rapid Spanning Tree (PVRST+)
 - IGP (Interior Gateway Protocol) routing, including non-proprietary such as IS-IS, OSPF, iBGP
 - EGP (Exterior Gateway Protocol) routing, including Border Gateway Protocol (BGP)

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- VPLS (Virtual Private LAN Service) Support
- VRRP (Virtual Router Redundancy Protocol) Support

C. Networking: Storage

The emergence of new technologies creates an emphasis on storage devices that are connected via networks to servers to data to be accessed, managed, and shared efficiently across multiple systems. The goal is to provide managed centralized storage, increased scalability, and improved data protection and backup solutions.

This scope seeks various storage solutions that facilitate several use cases including, but not limited to, enterprise data centers, high performance computing, virtualization environments, artificial intelligence, security systems, backup and redundancy systems, and disaster recovery systems. Below is a list of storage solutions that are desired, this list is not limited to the storage devices or solutions that can be provided under this scope:

1. Storage Area Network (SAN): These devices are high-speed and specialize in block-level storage for data centers. This solution is protocol-independent and can be Fibre Channel (FC), FCOE or similar SAN topology for private cloud storage in virtualized environments.
2. Network Attached Storage (NAS): storage system at the file level connected to an IP network.
3. Fabric and Blade Server Switches: A Fibre Channel switch is a network switch compatible with the Fibre Channel (FC) protocol. It allows the creation of a Fibre Channel fabric, which is currently the core component of most SANs. The fabric is a network of Fibre Channel devices, which allows many-to-many communication, device name lookup, security, and redundancy. FC switches implement zoning; a mechanism that disables unwanted traffic between certain fabric nodes.

D. Optical Networking

High-capacity networks based on optical technology and components that provide routing, grooming, and restoration at the wavelength level as well as wavelength-based services.

1. Core DWDM (Dense Wavelength Division Multiplexing) Switches — Switches used in systems designed for long haul and ultra long-haul optical networking applications.
2. Edge Optical Switches — Provide entry points into the enterprise or service provider core networks.
3. Optical Network Management — Provides capabilities to manage the optical network and allows operators to execute end-to-end circuit creation.
4. IP over DWDM (IPoDWDM) — A device utilized to integrate IP Routers and Switches in the OTN (Optical Transport Network).

E. Wireless Networking

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

Wireless networking hardware are physical devices that enable data transmission without the use of physical cables, using radio waves, microwaves, or infrared signals to connect computers, mobile devices, and networks.

1. **Wireless Access Points (WAP)** – A device that allows wireless devices to connect to a wired network using Wi-Fi, or related standards. Capabilities should include:
 - 802.11a/b/g/n/ac/ and later
 - 2.4GHz, 5GHz, and 6GHz support
 - Should be capable of controller via DHCP, or automatically discovering cloud management system
 - Support for WPA2/WPA3
 - UL2043 plenum rated for safe mounting in a variety of indoor environments
 - Support AES-CCMP (128-bit)
 - Provides real-time wireless intrusion monitoring and detection
2. **Wireless Router** – Combination of a router and wireless access point, provides both internet access and Wi-Fi connectivity.
3. **Outdoor Wireless Access Points** – Outdoor APs are more rugged devices. Should be able to tolerate the elements of weather to tolerate a wide temperature range, high humidity, exposure to water, dust and oil, be able to be deployed virtually anywhere, provide real-time wireless intrusion monitoring and detection.
4. **Wireless LAN Controllers** — An onsite or offsite solution utilized to manage Light-weight access points in large quantities by the network administrator or network operations center. These devices are gateways that control user traffic aggregation. The WLAN controller automatically handles the configuration of wireless access points. Capabilities should include:
 - Ability to monitor and mitigate RF interference/self-heal
 - Support seamless roaming from AP to AP without requiring re-authentication
 - Support configurable access control lists to filter traffic and deny wireless peer to peer traffic
 - System encrypts all management layer traffic and passes it through a secure tunnel
 - Policy management of users and devices provides ability to de-authorize or deny devices without denying the credentials of the user, nor disrupting other AP traffic
5. **Wireless LAN Network and Cloud-Based Services and Management** — Enables network administrators to quickly plan, configure and deploy a wireless network, as well as provide additional WLAN services. Some examples include wireless security, asset tracking, and location services. Capabilities should include:
 - Provide for redundancy and automatic failover

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
- Historical trend and real time performance reporting is supported
 - Management access to wireless network components is secured
 - RFC 1213 compliant
 - Automatically discover wireless network components
 - Capability to alert for outages and utilization threshold exceptions
 - Capability to support Apple's Bonjour Protocol / mDNS
 - QoS / Application identification capability
 - Zero-touch access point provisioning
 - Network-wide visibility and control
 - RF optimization,
 - Firmware updates
6. Mobile Device Management (MDM) — MDM technology is utilized to allow employees to bring personally owned mobile devices (laptops, tablets, and smart phones) to their workplace, and use those devices to access privileged government information and applications in a secure manner. Capabilities should include:
- Ability to apply corporate policy to new devices accessing the network resources, whether wired or wireless
 - Provide user and devices authentication to the network
 - Provide secure remote access capability
 - Support 802.1x
 - Network optimization for performance, scalability, and user experience
 - BYOD/unmanaged device configuration (such as SecureW2 or CloudPath)

F. Security Hardware

1. Intrusion Detection/Protection and Firewall Appliances — Provide comprehensive inline network firewall security from worms, Trojans, spyware, key loggers, and other malware. This includes Next-Generation Firewalls (NGFW), which offer a wire-speed integrated network platform that performs deep inspection of traffic and blocking of attacks.
- Non-disruptive in-line bump-in-the-wire configuration
 - Network-address translation (NAT), stateful protocol inspection (SPI) and virtual private networking (VPN), etc.
 - Application awareness, full stack visibility and granular control
 - Capability to incorporate information from outside the firewall
 - Upgrade path to include future information feeds and security threats
 - SSL decryption to enable identifying undesirable encrypted applications (Optional)
2. Data Center and Virtualization Security Products and Appliances — Products designed to protect high-value data and data center resources with threat defense and policy control.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

3. Application Delivery and Security – Includes application deliver controllers, load balancers, and Layer 7 Firewalls. Can be physical and virtual load balancers, WAFs, SSL offloading, and advanced traffic management.

III. DATA COMMUNICATIONS: SOFTWARE and CLOUD

Please note that software and cloud offerings are to be related to the functionality and solution-based data communications systems and solutions scope. It is recognized that advancements in technology have provided emerging solutions that do not require hardware or on-premises solutions to provide network and data communications capabilities. This Contract will not require software or cloud services to be tied to a hardware purchase, however, the software and cloud offerings must strictly to relate to Data Communications as per the definition established in this Scope of Work.

Below is a list of software solutions, this list is not limited to the software solutions that can be provided under this scope:

A. Networking Software Solutions

Software covers a wide array of solutions required to support network operation and management within the scope of data communications. These consist of management tools to optimize area networks, or to ensure performance, optimization, capacity, data migration, data reduction and efficiency.

1. Networking Software – Software that runs on a server, or within the Cloud, and enables the server to manage data, users, groups, security, applications, and other networking functions. The network operating system is designed to allow transfer of data among multiple computers in a network, typically a local area network (LAN), a private network or to other networks. Networking software capabilities should include:
 - Restartable Process
 - High availability options
 - Targeted operating systems, i.e. DC, campus, core, WAN
 - Operating System Efficiencies
 - Network analysis tools (solutions utilized to collect, classify, analyze, and securely store log messages)
 - Load balancing – supports multiple balances in the same system, layer 4+7
 - Reporting
 - WAN optimization
 - Data compression
 - Network analysis tools (solutions utilized to collect, classify, analyze, and securely store log messages)
2. Software Defined Networks (SDN) – Virtually manages flow control and can include SDN virtualized switches, routers, and controllers. These applications enable intelligent networking.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

3. Automated Management Software for Network, Cloud, and Data Centers — Software products and solutions for network automation, cloud computing, and IT systems management to ensure secure, reliable, and scalable network operations.
 - Automate routine and repetitive tasks
 - Implement monitoring and alerting for proactive system maintenance
 - Provision, configure, and manage cloud resources (IaaS, PaaS, SaaS)
 - Automate backup, scaling, and deployment processes
 - Monitor server health, storage systems, and power usage
 - Ensure cloud security with identity management, encryption, and compliance controls
4. Edge Computing – Distributed processing near data sources to reduce AI and IoT applications.
5. DDI (DHCP, DNS, IPAM) Management Platforms – Integrated platforms for automating and securing core network services (DHCP, DNS, IP address management).

B. Security Solutions

Security of networks is paramount for the success of this scope of work and one of the most important aspects to ensure the confidentiality, integrity, and availability of data transmitted over communications networks. Security solutions will secure the data in transit across wired and wireless networks, prevent unauthorized access, inception, and tampering of communications. Security solutions will align with industry standards. The security solutions will enhance monitoring of the network. It is expected that networks be equipped with cutting edge security technology. Network systems need to be aware of the ever-changing landscape of threats, how to detect them, prevent them, and in cases where the threat is present, eliminate the threat.

Please note that this section refers to an array of desired security products. This does not supplement security requirements found in the Master Agreement Terms and Conditions. While some products may overlap or require additional negotiation with the Participating Entity, the MA security terms should be a baseline that take precedence and apply to all of the offerings.

Below is a list of security solutions, this list is not limited to the offerings that can be provided under this scope:

1. Network Security – These security measures will require a comprehensive solution that protect the network and digital infrastructure from cyber threats. These security measures include, but are not limited to:
 - Remote Browser Isolation (RBI): Keeps web content off endpoints to prevent drive-by downloads and malicious scripts.
 - Incident Response Solutions: Rapid-deployment networking solutions for emergency response, including drone communication hubs.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

-
- Zero Trust OT Security: Focused on securing operational technology environments with strict identity verification.
 - Zero Trust Network Access (ZTNA): Provides secure, identity-based access to applications regardless of location.
 - Malware Analysis & Sandboxing: Isolates and analyzes suspicious files or behavior in a secure environment before execution.
 - DNS Security: Blocks access to malicious domains and provides visibility into domain-level threats.
 - AI Access Security: Controls and monitors access to AI tools and platforms, helping prevent misuse or data leaks.
 - Data Center Security: Protects physical and virtual infrastructure in centralized or hybrid data centers.
 - Data Loss Prevention (DLP): Prevents sensitive data from being lost, leaked, or misused.
 - Intrusion Detection and Prevention (IDPS): Monitors and blocks suspicious or malicious network activity.
 - AI-Driven Network and Security Management - For automation, anomaly detection, predictive maintenance, and self-optimizing networks.
 - IoT Security: Protects connected devices and their communication from exploitation.
2. Cloud Security – Consists of securing the communication channels, protocols, and endpoints involved in data exchanges across cloud services. These cloud security measures include, but are not limited to:
- Cloud Secure Web Gateway: Protects users from malicious internet traffic, enforcing security policies in the cloud.
 - Cloud Access Security Broker (CASB): Bridges the gap between cloud service usage and enterprise security policies.
 - Cloud Security Posture Management: Continuously monitors and evaluates cloud configurations to ensure they meet security and compliance standards.
 - Cloud Workload Protection: Secures applications and services running in cloud environments by protecting workloads from vulnerabilities and threats.
 - Cloud Visibility, Compliance, & Governance: Provides centralized insight into cloud resources while enforcing policies for regulatory compliance and governance.
 - Secure Access Service Edge (SASE): Converges networking and security services into a single cloud-delivered platform.
 - Security Service Edge (SSE): Consolidates cloud-delivered security functions such as SWG, CASB, and ZTNA.
 - Cloud-Native Networking and Security: Tools and services supporting hybrid/multi-cloud deployments and modern security architecture.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- Cloud Threat Detection: Identifies suspicious behavior, misconfigurations, and active threats across cloud environments using analytics and threat intelligence.
 - Infrastructure as Code (IaC) Security: Scans and secures infrastructure templates (e.g., Terraform, CloudFormation) to detect misconfigurations before deployment.
- 3. Identities and Access Management** – Consists of managing user identities, controlling access to systems and data, and ensuring that access is granted based on the principle of least privilege. These management security measures include, but are not limited to:
- Privileged Access Management (PAM): Secures, monitors, and controls access to critical systems by privileged users to reduce the risk of insider threats and credential abuse.
 - Identity as a Service (IDaaS): Delivers cloud-based identity management capabilities such as single sign-on (SSO), authentication, and user provisioning as a service.
 - Access Management: Controls and enforces who can access what resources, when, and under what conditions, often integrating with authentication and authorization policies.
 - Identity Governance and Administration (IGA): Provides policy-based controls to manage user identities, access rights, and lifecycle processes across the enterprise.
 - Directory Services: Centralizes user identity data and authentication across systems, typically using technologies like LDAP, Active Directory, or cloud directories.
 - Micro and Macro Segmentation Solutions: Granular (micro) and broad (macro) network segmentation for enhanced security and compliance.
 - Identity Analytics: Uses data analysis and machine learning to detect anomalies, assess risks, and support access decisions in real-time.

C. Unified Communications – Integrated data communications solutions that can include hardware, software, and services.

Unified Communications (UC) is a solution that integrates multiple communications tools and technologies into a single cohesive end-user interface to enhance business communication. UC features include, but is not limited to the following:

- 1. Voice Calling (VoIP):** Internet-based voice communication, includes E911 support.
 - Support for analog, digital, and IP endpoints
 - Flexibility to configure queue depth and hold time, play unique announcements and Music on Hold (MoH), log in and log out users from a queue and basic queue statistics
 - Enterprise Telephony Features (CFx, Transfer, CID, Shared line appearance, One Number Service, etc.)

**Request for Proposals for
Data Communications**

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

2. Video Conferencing: Real-time video meetings and virtual collaboration.
3. Instant Messaging (Chat): Real-time text communication. Solutions that allow communication over the Internet Protocol, within the enterprise, and remotely, as well as with guest users that offers quick transmission of text-based messages from sender to receiver. In push mode between two or more people using personal computers, Desktop (Windows/Mac/VDI/Linux), Mobile/Smartphone, Tablet, along with shared clients, instant messaging basically offers real-time direct written language-based online chat. Instant messaging may also provide video calling, file sharing, PC-to-PC voice calling and PC-to-regular-phone calling
4. Email and Voicemail Integration: Unified inbox for different types of messages.
5. Presence Information: Shows user availability (e.g., available, busy, offline).
6. File Sharing & Collaboration Tools: Enables real-time co-editing and document sharing.
7. AI driven communication tools leveraging machine learning that automate and enhance communication experience and abilities.

D. Facilities Management, Monitoring and Control – Integrated data communications solutions that can include hardware, software, and services.

This integrated solution provides the capabilities of monitoring systems and control mechanisms to track, manage, and optimize building performance in areas such as energy, safety, HVAC, lighting, access, and IT infrastructure.

1. Monitoring – The use of technology such as sensors (hardware) and software to track building conditions and security. It can include environmental metrics, power usage, equipment usage and fault detection.
2. Control – The use of technology to automatically or manually manage and control systems in a physical space utilizing monitored data. It can include remote equipment operation, HVAC and lighting systems, power management and backup systems.
3. Security Systems – The use of data communications systems to provide video surveillance, facial recognition, thermal imaging, smart sensors, real-time alerts and forensic search. The employment of AI solutions that enable video surveillance and analytics is desired.

IV. DATA COMMUNICATIONS: SERVICES

This SOW seeks not only hardware and software offerings above, but a comprehensive service offering to ensure that all purchases of data communications hardware and software perform properly and optimally. The Contactor shall be responsible for the performance of all aspects of the contract, including the performance of all subcontractors.

**Request for Proposals for
Data Communications**Issued by the **State of Montana****Solicitation Number: SPB-RFP-2025-0563LS****A. Services and Consulting**

To ensure success of data communications systems and networks, the SOW requires that the Contractor provide holistic solutions consisting of services including, but not limited to the following service areas:

1. Installation

- Site Survey and Assessment – Includes preinstallation site assessments to identify cabling paths, equipment locations, power requirements, and potential constraints
- Network Cabling and Physical Infrastructure – Installation of secured cabling systems and testing of all cables to ensure connectivity.
- Equipment Installation – Mount and install all hardware including firewalls, switches, routers, wireless access points, etc. Configure hardware to design and system specifications, including integrating power supplies.
- Wireless Network Deployment – Install and test wireless access points, optimize signal strength, secure access points by configuring encryption and protocols.
- Configuration and Integration – Load base configurations on hardware, integrate new hardware with existing systems.
- Testing and Validation – Includes performance testing, fault tolerance, connectivity and document results.

2. Maintenance

- Preventative Maintenance – Perform routine inspections and testing of data comm systems.
- Corrective Maintenance – Respond to system failures, cable faults, or connectivity issues. Replace faulty or defective components, restore service and limit downtime.
- Performance Monitoring – Monitor performance, analyze data traffic efficiency, identify congestion.
- System Configuration Management – Maintain backup copies of data comm system configurations, track and document changes to network.

3. Troubleshooting and Helpdesk

- Support Services – Provide Tier 1 (basic), Tier 2 (intermediate), and Tier 3 (advanced) support for data communication systems. Offer support in multiple channels (phone, email, chat, remote in)
- Incident Management – Log, categorize, prioritize, and track all incidents through a centralized ticketing system
- Guide users through troubleshooting steps for simple issues (e.g., cable checks, adapter settings)

4. Security

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- Security Architecture and Design – Includes firewall and perimeter defense consulting.
- Updates and Patching – apply critical updates to system, test and update firewall rules, scan the system for network vulnerabilities.
- Data Encryption and Secure Transmission – Encrypt data in transit using protocols like TLS, IPSec, and VPNs. Secure communications between network nodes, cloud services, and remote users.

5. Training

- Conduct training and knowledge transfer sessions for Participating Entity staff and end users.
- Platforms for upskilling staff in AI, automation, network management, and cybersecurity.
- Provide user guides and quick-reference materials.

B. Service Level Considerations

This SOW seeks quality services administered with successful performance while recognizing that there are multiple potential Participating Entities with many different needs. This service level outline is meant to provide framework for the Contractor to incorporate as required and as appropriate per the service level agreed upon by the Contractor and Participating Entity.

1. Performance Guidelines:

- Assign a contract manager to act as a liaison and contact person between the Purchasing Entities and the Contractor for the purpose of resolving issues or problems related to any part of this contract.
- Follow the Participating Entities’ state and local laws and regulations, especially labor and prevailing wage laws as well as all federal law (i.e. Davis-Bacon Act).
- Employ skilled and experienced professionals for the specific task required to ensure highest quality and neat and expeditious performance.
- Be licensed in each region, state, jurisdiction, etc. where Contractor is approved and awarded to work. Contractor or subcontractor performing work requiring a license must have obtained the license prior to commencing work. The Participating Entity reserves the right to reject a response if the responder fails to provide the Participating Entity adequate documentation of any required license. The Participating Entity reserves the right to verify any required license prior to final award and at any time during the work. The Contractor is responsible for the costs of obtaining or maintaining any licenses, permits, or other costs and shall not pass the cost through on an invoice.
- Be responsible for obtaining all necessary permits, plan reviews, and inspections required for the work when applicable. Permits and Plan Reviews required by local authorities or the Participating Entity shall be secured and paid for by the Contractor.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- Provide all necessary payroll and prevailing wage reports along with any required statements of compliance along with their invoice.
- Comply with each Participating Entity's cabling, electrical, and construction materials requirements.
- Hazardous Materials – The Contractor is responsible for compliance with any Participating Entity requirements regarding hazardous materials. If the Contractor encounters a hazardous material or substance not addressed in the quote and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop work in the affected area and report the condition to the Participating Entity.
- Final Acceptance of Completed Service by the Participating Entity – Upon completion of installation, maintenance, or repair services, Contractor must submit a request for written final acceptance of service completion from the Participating Entity. After receiving written final acceptance of completion of the service from the Participating Entity, the Contractor may issue an invoice to the Participating Entity. Contractor must satisfy all other Contract submittal requirements necessary for the service prior to submitting the request for written acceptance of service completion. If agreed upon by Participating Entity and Contractor, milestone payments are permitted. The milestones will be in writing and a part of the quote/contract between the Participating Entity and Contractor.

2. Request for Quote

- Provide a quote to any Purchasing/Participating Entity for data communications services and projects prior to any installation.
- Provide a not to exceed number of hours at the time of quote to complete the service and indicate whether the service will be performed on or off site.
- Provide the Participating Entity with a written quote of the amount of additional time needed to complete the service which the Participating Entity must approve in writing before continuing with the service, in the event the number of quoted not to exceed hours is met, but more time is needed to complete the service.
- Provide Contractor's name and subcontractor's name, and representatives.
- Date of quote and contract number at the top.
- Hardware, software, third party products information that will be used in the data communications solution – including price, extended pricing, quantity, license agreements, additional service level agreements.
- Estimated Quantity – clear and concise number of hours for all positions that will perform work.
- Any retainage information based on Participating Entity requirements.

Request for Proposals for
Data Communications

Issued by the **State of Montana**

Solicitation Number: SPB-RFP-2025-0563LS

- Any performance bond information based on Participating Entity requirements.
- Any additional fringe costs such as: milage, lodging, freight, as agreed upon with the Participating Entity.

WWAN Statement of Work Services	\$300.00

Customers must contact the Authorized Supplier Partner/Reseller for customized quotes based on the project scope of work and level of service required.

Note that most services are billed as a flat rate and not on a time and materials basis.

Services are offered by our Authorized Supplier Partners/Resellers, not Ericsson Wireless directly.

Authorized Supplier Partners/Resellers are not required to offer all of the services listed above.

Authorized Supplier Partners/Resellers may require up to a 24 hour minimum purchase for onsite services.

Services and associated rates vary widely by Partner, geographic location, and skill set required. Hourly rates listed are Not To Exceed (NTE) ceiling rates and pricing to the customer shall not exceed the hourly rates listed. Example:

Attachment H - Cost Proposal
 Solicitation Number: SPB-RFP-2025-0563LS
 Data Communications

Offeror Name: Ericsson Enterprise Wireless Solutions, Inc. (Ericsson Wireless)

Justification for 3rd Party Antennas & Accessories: In the evolving landscape of wireless communications, integrating third-party antennas with Ericsson Wireless solutions is paramount for achieving optimal connectivity and performance. As enterprises strive for expansive coverage and enhanced signal reliability in diverse environments, third-party antennas offer specialized capabilities that complement Ericsson's robust technologies. These antennas are crucial in challenging settings where proprietary solutions may face limitations due to physical constraints or environmental conditions. By providing directional capabilities and mitigating interference, third-party antennas ensure that Ericsson solutions deliver consistent and reliable connectivity across variable terrains.

These antennas also enable Ericsson's offerings to meet varied enterprise demands through options like higher gain and diverse polarization, which are essential in both dense urban areas and remote locations. For instance, the integration of third-party antennas with Ericsson's Private 5G Compact solutions can extend network reach and enhance performance in isolated areas without compromising quality. This flexibility allows enterprises to optimize their infrastructure and prepare for technological advancements by maintaining an adaptable network framework.

Ultimately, third-party antennas in Ericsson Wireless solutions offer superior efficiency, maintain high security standards, and fulfill dynamic data needs, presenting a compelling case for investment in a resilient and transformative network

	MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz)*Must be paired with matching cable harness	AP-MF5G-C2W4G- O-B1	Two Cellular/5G & Four WIFI & GNSS, black	Airgain	each	1	\$ 229.09	25%	\$ 171.82	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
	MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz)*Must be paired with matching cable harness	AP-MF5G-C2W4G- O-W1	Two Cellular/5G & Four WIFI & GNSS, white	Airgain	each	1	\$ 229.09	25%	\$ 171.82	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
	MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz)*Must be paired with matching cable harness	AP-MF5G-C2W3G- O-B1	Two Cellular/5G & Three WIFI & GNSS, black	Airgain	each	1	\$ 216.50	25%	\$ 162.38	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
	MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz)*Must be paired with matching cable harness	AP-MF5G-C2W3G- O-W1	Two Cellular/5G & Three WIFI & GNSS, white	Airgain	each	1	\$ 216.50	25%	\$ 162.38	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
	MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz)*Must be paired with matching cable harness	AP-MF5G-C2W2G- O-B1	Two Cellular/5G & Two WIFI & GNSS, black	Airgain	each	1	\$ 203.90	25%	\$ 152.93	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2WG-Q-W1	Two Cellular/5G & Two WiFi & GNSS, white	Airgain	each	1	\$ 203.90	25%	\$ 152.93	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2WG-Q-B1	Two Cellular/5G & One WiFi & GNSS, black	Airgain	each	1	\$ 189.00	25%	\$ 141.75	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2WG-Q-W1	Two Cellular/5G & One WiFi & GNSS, white	Airgain	each	1	\$ 189.00	25%	\$ 141.75	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2G-Q-B1	Two Cellular/5G & GNSS, black	Airgain	each	1	\$ 174.10	25%	\$ 130.58	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2G-Q-W1	Two Cellular/5G & GNSS, white	Airgain	each	1	\$ 174.10	25%	\$ 130.58	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2-Q-B1	Two Cellular/5G, black	Airgain	each	1	\$ 154.18	25%	\$ 115.64	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C2-Q-W1	Two Cellular/5G, white	Airgain	each	1	\$ 154.18	25%	\$ 115.64	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CWG-0-B1	Single Cellular/5G & One WIFI & GNSS, black	Airgain	each	1	\$ 180.99	25%	\$ 135.74	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CWG-0-W1	Single Cellular/5G & One WIFI & GNSS, white	Airgain	each	1	\$ 180.99	25%	\$ 135.74	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CW-0-B1	Single Cellular/5G & One WIFI, black	Airgain	each	1	\$ 161.90	25%	\$ 121.43	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CW-0-W1	Single Cellular/5G & One WIFI, white	Airgain	each	1	\$ 161.90	25%	\$ 121.43	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CG-0-B1	Single Cellular/5G & GNSS, black	Airgain	each	1	\$ 167.92	25%	\$ 125.94	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-CG-0-W1	Single Cellular/5G & GNSS, white	Airgain	each	1	\$ 167.92	25%	\$ 125.94	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C-0-B1	Single Cellular/5G, black	Airgain	each	1	\$ 132.72	25%	\$ 99.54	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

MULTIMAX 5G antenna with 1 foot pigtail (600 MHz to 6 GHz) *Must be paired with matching cable harness	AP-MF5G-C-Q-W1	Single Cellular/5G, white	Airgain	each	1	\$ 132.72	25%	\$ 99.54	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
LUMOS 5G (600-960 MHz, 1700-4200 MHz) *Must be paired with matching cable harness	AP-LM5G-C4	SMA on Four Cellular/5G, no LMR-100 cables, White, Mounting Bracket	Airgain	each	1	\$265.00	25%	\$ 198.75	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W8G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Eight WiFi	Airgain	each	1	\$390.56	25%	\$ 292.92	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W7G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Seven WiFi	Airgain	each	1	\$368.07	25%	\$ 276.05	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W6G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Six WiFi	Airgain	each	1	\$345.56	25%	\$ 259.17	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W5G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Five WiFi	Airgain	each	1	\$323.06	25%	\$ 242.30	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W4G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Four WiFi	Airgain	each	1	\$299.26	25%	\$ 224.45	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W3G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Three WiFi	Airgain	each	1	\$276.06	25%	\$ 207.05	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W2G-1-2-1-14	SMA on Four Cellular & GNSS, RP-SMA on Two WiFi	Airgain	each	1	\$286.65	25%	\$ 199.99	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4G-1-1-14	SMA on Four Cellular & GNSS	Airgain	each	1	\$202.33	25%	\$ 151.75	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4-1-14	SMA on Four Cellular	Airgain	each	1	\$165.03	25%	\$ 123.77	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2W4G-1-2-1-14	SMA on Two Cellular & GNSS, RP-SMA on Four WiFi	Airgain	each	1	\$253.38	25%	\$ 190.04	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2W3G-1-2-1-14	SMA on Two Cellular & GNSS, RP-SMA on Three WiFi	Airgain	each	1	\$219.35	25%	\$ 164.51	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2W2G-1-2-1-14	SMA on Two Cellular & GNSS, RP-SMA on Two WiFi	Airgain	each	1	\$175.61	25%	\$ 131.71	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2WG-1-2-1-14	SMA on Two Cellular & GNSS, RP-SMA on WiFi	Airgain	each	1	\$153.73	25%	\$ 115.30	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2G-1-1-14	SMA on Two Cellular & GNSS	Airgain	each	1	\$113.39	25%	\$ 85.04	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-CWG-1-1-1-14	SMA on Single Cellular, WiFi & GNSS	Airgain	each	1	\$106.51	25%	\$ 79.88	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-CWG-4-4-4-14	TNC on Single Cellular, WiFi & GNSS	Airgain	each	1	\$106.51	25%	\$ 79.88	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-CW-1-2-14	SMA on Single Cellular, RP-SMA on WiFi	Airgain	each	1	\$80.41	25%	\$ 60.31	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-CG-4-4-14	TNC on Single Cellular & GNSS	Airgain	each	1	\$74.73	25%	\$ 56.05	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2-1-14	SMA on Two Cellular	Airgain	each	1	\$80.41	25%	\$ 60.31	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C-1-14	SMA on Single Cellular	Airgain	each	1	\$54.22	25%	\$ 40.67	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
14 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-P-A-14	Mini UHF on Whip (compatible with AP-WP-B accessory)	Airgain	each	1	\$58.79	25%	\$ 44.09	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W8G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Eight WiFi	Airgain	each	1	\$465.31	25%	\$ 348.98	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W7G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Seven WiFi	Airgain	each	1	\$437.07	25%	\$ 327.80	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W6G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Six WiFi	Airgain	each	1	\$408.81	25%	\$ 306.61	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W5G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Five WiFi	Airgain	each	1	\$380.56	25%	\$ 285.42	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W4G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Four WiFi	Airgain	each	1	\$351.01	25%	\$ 263.26	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W3G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Three WiFi	Airgain	each	1	\$322.06	25%	\$ 241.55	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4W2G-1-2-1-19	SMA on Four Cellular & GNSS, RP-SMA on Two WiFi	Airgain	each	1	\$306.90	25%	\$ 230.18	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4G-1-1-19	SMA on Four Cellular & GNSS	Airgain	each	1	\$231.08	25%	\$ 173.31	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.
19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C4-1-19	SMA on Four Cellular	Airgain	each	1	\$188.03	25%	\$ 141.02	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

19 feet Matching Cable Harnesses. Must be paired with matching antenna configuration	CH-C2W4G-1-2-1-19	SMA on Two Cellular & GNSS, RP-SMA on Four WiFi	Airgain	each	1	\$293.63	25%	\$ 220.22	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

	Thunder	THOR40	Thunder Integrated 5G/LTE Omnidirectional Antenna for Ericsson S400	Taoglas	each	1	\$ 421.67	25%	\$ 316.25	Antenna and associated accessories (mounts, cables, etc.) are an integral part to the hardware functionality and overall solution.

Attachment H - Cost Proposal

Solicitation Number: SPB-RFP-2025-0563LS

Data Communications

Offeror Name: Ericsson Enterprise Wireless Solutions, Inc. (Ericsson Wireless)

1. Describe your relationship with price competitiveness and how do you ensure that the contractual pricing is competitive?

Ericsson Wireless Response: We use a value based model and keep prices within a competitive market band informed by ongoing research, customer segmentation, and partner feedback. We also track discount trends, unit volume, and revenue to confirm that pricing remains competitive. We review pricing on an annual cycle in April so changes are predictable.

2. What measures have been put in place that will enhance cost savings. What tools and communication/transparency capabilities does the Offeror currently have to support this?

Ericsson Wireless Response: We enhance savings by narrowing changes to the specific products under cost pressure, keeping one planned pricing window per year, and honoring pre increase quotes for 90 days so customers can buy at the prior price during budget cycles. Quote controls enforce the 90 day validity, and KPI dashboards track trends on discounting, unit volume, partner level sales, and revenue help us spot opportunities and prevent ineffective pricing.

3. How will you manage pricing volatility?

Ericsson Wireless Response: We manage volatility by planning first and limiting changes to a single annual window, using early notice and 90 day quote protection to reduce budgeting risk. For contractual agreements, we implement an in option for inflation or pricing adjustments giving both sides a transparent way to handle sustained input cost shifts without surprise changes.

4. Do you provide any tools that assists users in evaluating the total cost of ownership of products offered during the purchasing process (i.e., Contractor tools to assist buyers in identifying equipment that runs more efficiently or that utilizes fewer supplies, etc.).

Ericsson Wireless Response: Understanding and presenting the Total Cost of Ownership (TCO) is essential for providing a comprehensive view of the investment needed for our wireless solutions. During the pre-sale stage, our sales teams include a transparent breakdown of costs associated from a Manufacturer's Suggested Retail Price (MSRP) standpoint, ensuring customers comprehend the entirety of their financial commitment upfront. We address critical aspects such as the selection, acquisition, and installation of necessary antenna equipment, which are integral to optimizing wireless connectivity for all platforms, including mobile, branch, and IoT setups.

Our offering goes beyond just hardware provision; it includes strategic collaboration with certified installers and vetted antenna vendors. This partnership ensures that the correct installation is executed efficiently, preventing the typical delays or suboptimal configurations that could otherwise impact performance. By aligning with premier installation and antenna partners, our plans aim to minimize additional costs and potential adjustments after deployment. This holistic approach creates a seamless integration experience, ultimately maximizing the value of your investment while preventing unforeseen expenditures associated with post-deployment fixes.

Through these measures, our objective is to furnish a solution that not only reflects upfront purchase costs but also encompasses ancillary expenses related to installation and integration and data and subscription plans, offering a true account of the Total Cost of Ownership. This commitment to clarity and comprehensibility in our pricing structure is designed to empower our customers with the necessary insight to make informed, confident decisions that align with their strategic objectives.

5. Location of data – please provide details around your pricing models when it pertains to where data is stored. Please provide scenarios in which the location of data is provided as an option with different price points available? What is the markup when it is US soil only?

Ericsson Wireless Response: Any devices deployed in the US – the data remains in the US at no additional costs.
