

# POWER TOMORROW WITH CLOUD & SOFTWARE SOLUTIONS CONTRACTS

## COOPERATIVE CONTRACTS DELIVER

**Flexible Solutions:** Access a range of products/services tailored to meet your agency's unique needs.

**Budget-Friendly:** Save with competitive pricing on pre-negotiated contracts.

**Streamlined Process:** Enjoy fast, simple purchasing with a contract ready for immediate use.

Through a network of more than 1,500 OEM partners, Four Inc. delivers scalable, secure cloud and on-premises solutions designed to support public sector missions and, when required, align with NIST, ISO, and FedRAMP/GovRAMP standards. We further empower agencies by bridging the gap between upfront vendor costs and flexible government budget cycles through unique, multi-year financing.
