

Discover your Provider™ (DyP)

Purpose-Built Provider Management Solutions For Health and Human Service (HHS)

The driving force in any successful Provider Services System is quite simple - ensuring that the number of qualified participating providers meets client needs. Flexibility, 24/7 accessibility, and ease-of-use are the hallmarks of the HHS Technology Group Provider Management Solution. Not only does our Solution facilitate and promote greater Provider participation, but our use of leading-edge technology significantly streamlines once seemingly cumbersome internal processes, enhancing the provider's experience, increasing staff productivity, and promoting the highest quality in customer service.
