Notwithstanding the foregoing, the receiving party may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. Injunctive Relief. Each party acknowledges that monetary damages may not be a

sufficient remedy for unauthorized disclosure of Confidential Information and that the disclosing party shall be entitled, without waiving any other rights or remedies under this Master Agreement, to seek such injunctive or equitable relief as may be deemed proper by a court of competition jurisdiction.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity and any applicable statutory, local, or constitutional requirements. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with consent, may be included in the Ordering used by the Purchasing Entity to place the Order.

9. Right to Publish: Throughout the duration of this Master Agreement, Contractor must secure prior approval from the Lead State or Participating Entity for the release of any information that pertains to the potential work or activities covered by the Master Agreement, including but not limited to reference to or use of the Lead State or a Participating Entity's name, Great Seal of the State, Coat of Arms, any Agency or other subunits of the State government, or any State official or employee, for commercial promotion which is strictly prohibited. 10. Defaults and Remedies

b. Upon the occurrence of an event of material default, the non-breaching party shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days (or an additional period of time as may be agreed to by the parties) in which the other party shall have an opportunity to cure the default. Each party will allow the other a reasonable opportunity to comply before it claims that the other has not met its obligations under this Agreement or an Ordering Document. The parties will attempt in good faith to resolve all disputes, disagreements or claims relating to this Agreement or any Ordering Document. In the event of a Contractor default, the Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate either party's liability for damages.

c. If a party alleged to be in breach is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, such party shall be in breach of its obligations under this Master Agreement and the non-breaching party shall have the right to exercise any or all of the following remedies:

(1) Exercise any remedy provided by law; and

(2) Terminate the applicable portions that are the subject of the material breach in the Master Agreement and any related Contracts or portions thereof; and

d. Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, either party shall provide a written notice of default as described in this section and have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code. The United Nations Convention on Contracts for the International Sale of Goods does not apply to transactions under this Master Agreement.

11. Changes in Contractor Representation: The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel, consisting of Contract Manager & Report Administrator, in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified above. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

12. Force Majeure: Neither party to this (i) Master Agreement, (ii) a participating Addendum, or (iii) an Ordering Document shall be in default by reason of any failure or delay in performance of this Contract in accordance with reasonable control and without fault or

negligence on their part. Such causes may include, but are not restricted to, acts of nature or the public enemy, restrictive acts of the government (including the denial or cancelation of any export, import, or other license) in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes and unusually severe weather, but in every case the failure to perform such must be beyond the reasonable control and without the fault or negligence of the party. The parties will both use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, either party may cancel unperformed Services and affected Orders upon written notice. This Section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Purchasing Entity's obligation to pay for the Service.

13. Indemnification

The Contractor's obligations under this section shall not extend to any claims arising from, and Contractor has no responsibility for claims based on, the combination of the Product with any other product, system or method, regardless of if the Product, system or method is: (a) provided by the Contractor or the Contractor's subsidiaries or affiliates; (b) specified by the Contractor to work with the Product;

(c) reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or (d) it would be reasonably expected to use the Product in combination with such product, system or method. Contractor has no responsibility for claims based, in whole or part, on Non-Contractor Products, items not provided by Contractor, or any violation of law or third-party rights caused by Participating Entity's content, materials, designs, specifications, or use of a non-current version or release of a Contractor Product when an infringement claim could have been avoided by using a current version or release. Contractor reserves the right to modify or replace a Service with an equivalent non-infringing one or, if replacement is not reasonably available, to discontinue a Service and provide a credit for any pre-paid unexpired term. The Indemnified Parties are responsible for any violation of law or any third-party rights caused by its content or, except as provided in this paragraph, its use of a Service.

4. This Section 13(b) provides the Indemnified Party's exclusive remedy for any infringement claims or damages.

c. The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim or other indemnified claim or cause of action. This provision is not intended to, and does not, increase or decrease IBM's liability under the Limitation of Liability provision of this Master Agreement.

(3) Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements. Contractor will carry Crime or Employee Fidelity Coverage for loss of money, securities and other tangible property belonging to the Participating Entity resulting directly from a fraudulent or dishonest act by a Contractor employee taken by any means including via a computer, while performing professional services for the Participating

If a claim must be brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court of (a) a Participating Entity's State if the dispute is between a Participating Entity or Purchasing Entity of that State, and Contractor; or (b) the Lead State if the dispute involves the Lead State.

19. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence as appropriate.

b. This Master Agreement permits Purchasing Entities to define project-specific requirements and informally compete the requirement among other firms having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to Purchasing Entity rules and policies. The Purchasing Entity may in its sole discretion determine which firms should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. If the Purchasing Entity provides the necessary information to Contractor, Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin providing Services without an Ordering Document.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders attempted after the expiration or termination of this Master Agreement. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

20. Participants and Scope

- a. Contractor may not deliver Services under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the Ordering Document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.
- b. Subject to subsection 20c and a Participating Entity's Participating Addendum, the use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by

d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of political subdivisions

e. NASPO ValuePoint is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO ValuePoint cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance. Payments may be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no

additional charge. Purchasing Entity agrees to pay all applicable charges specific for a Service by Contractor and charges for use in excess of authorizations. Charges are exclusive of applicable taxes, levies, or fees imposed by any governmental authority resulting from Purchasing Entity's acquisitions under this Master Agreement, and any late payment fees. Charges shall be identified on Contractor's invoice. Prepaid Services must be used within the applicable period. Contractor does not give credits or refunds for any prepaid, one-time charges, or other charges already due or paid.

Contractor may audit the Purchasing Entity's use of the Services (e.g., through use of software tools) to assess whether the Purchasing Entity's use of the Services is in accordance with the Purchasing Entity's Order and the terms of this Master Agreement. The Purchasing Entity agrees to cooperate with Contractor's audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with the Purchasing Entity's normal business operations. The Purchasing Entity agrees to pay within 60 days of written notification any fees applicable to the Purchasing Entity's use of the Services in excess of the Purchasing Entity's rights. If the Purchasing Entity does not pay, Contractor can end the Purchasing Entity's Services and/or the Purchasing Entity's Order. The Purchasing Entity agrees that Contractor shall not be responsible for any of the Purchasing Entity's costs incurred in cooperating with the audit.

IBM is not responsible for performance or security issues encountered with the Cloud Services that result from the Purchasing Entity's failure to accept the application of Patches that are necessary for the proper function and security of the Services. Except for emergency or security related maintenance activities, IBM will coordinate with the Purchasing Entity the scheduling of application of Patches, where possible, based on IBM's next available standard maintenance window.

IBM disclaims all liabilities arising from or related to Third Party Content.

- III. The Purchasing Entity acknowledge that: (1) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (2) features of the Services that interoperate with third parties (each, a “Third Party Service”), depend on the continuing availability of such third parties’ respective application programming interfaces (APIs) for use with the Services. Attachment B – Scope of Services Awarded to Contractor

1.1 Awarded Service Model(s).

Contractor is awarded the following Service Model:

- Platform as a Service (PaaS)
- Software as a Service (SaaS)

1.2 Risk Categorization.*

Contractor's offered solutions offer the ability to store and secure data under the following risk categories:

Service Model	Low Risk Data	Moderate Risk Data	High Risk Data	Deployment Models Offered
****PaaS	x	x	x	Public, Private, **Hybrid, ***Community
SaaS	x	x	x	Public, Private, **Hybrid, ***Community

*Contractor may add additional OEM solutions during the life of the contract.

** In the Hybrid Deployment Model, some of the systems, applications, and database may reside on customer premises outside of IBM Cloud infrastructure. Therefore, those components must support the Data Risk classifications, as specified in the Table above for the end-to-end cloud solution to comply with the requirement in this document.

*** While the Community Cloud is not a standard Deployment Model, as per IBM Cloud terminology, it is supported on IBM Cloud platform.

****While IBM PaaS offerings can support the Data Risk classifications indicated, IBM recommends reviewing each use case individually to confirm its compliance with a given Data Risk classification and the state's security posture.

2.1 Deployment Models.

Contractor may provide cloud based services through the following deployment methods:

- **Private cloud.** The cloud infrastructure is provisioned for exclusive use by a single organization comprising multiple consumers (e.g., business units). It may be owned, managed, and operated by the organization, a third party, or some combination of them, and it may exist on or off premises.
- **Community cloud.** The cloud infrastructure is provisioned for exclusive use by a specific community of consumers from organizations that have shared concerns (e.g., mission, security requirements, policy, and compliance considerations). It may be owned, managed, and operated

by one or more of the organizations in the community, a third party, or some combination of them, and it may exist on or off premises.

- **Public cloud.** The cloud infrastructure is provisioned for open use by the general public. It may be owned, managed, and operated by a business, academic, or government organization, or some combination of them. It exists on the premises of the cloud provider.
- **Hybrid cloud.** The cloud infrastructure is a composition of two or more distinct cloud infrastructures (private, community, or public) that remain unique entities, but are bound together by standardized or proprietary technology that enables data and application portability (e.g., cloud bursting for load balancing between clouds)

Attachment C - Pricing Discounts and Schedule

Contractor: International Business Machines Corp.

Pricing Notes

4. Contractor's price catalog include the price structures of the cloud service models, value added services (i.e., Maintenance Services, Professional Services, Etc.), and deployment models that it intends to provide including the types of data it is able to hold under each model. Pricing shall all-inclusive of infrastructure and software costs and management of infrastructure, network, OS, and
5. Contractor provides tiered pricing to accompany its named user licensing model, therefore, as user count reaches tier thresholds, unit price decreases.
