	Amendment No.:	7
	Effective Date:	09/25/2024

AMENDMENT NO. 7
TO
CONTRACT NO. 8200060944
PIERCE MANUFACTURING INC.

This Amendment to Contract No. 8200060944 is effective 09/25/2024. All other terms and conditions remain unchanged.

P U R P O S E

THE PURPOSE of this amendment is to capture the following changes:

- **Addition of the following language at the end of Section 3.5 Price Adjustments in the Master Agreement:**

Additional Pricing Terms

Persistent Inflationary Environment: If the Producer Price Index of Components for Manufacturing [www.bls.gov [bls.gov] Series ID: WPUID6112] ("PPI") has increased at a compounded annual growth rate of 5.0% or more between the month Pierce accepts the order ("Order Month") and the month 14 months prior to the then predicted Ready For Pickup date ("Evaluation Month"), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month. The seller will document any such updated price for the customer's approval before proceeding and provide an option to cancel the order.

Lead-times: The delivery date on the customer contract will be honored to the extent all relevant circumstances are exclusively in the control of Pierce. However, to the extent any delay is caused by global supply chain constraints outside of Pierce's control, the delivery date on the customer contract is a good faith estimate as of the date of the order/contract, and merely an approximation based on current information. Delivery updates will be made available, and a final firm delivery date will be provided as soon as possible.

The master agreement has been updated.
