

NASPO Cloud & Software Solutions and Value-Added Services

For nearly 40 years, Public Consulting Group (PCG) has partnered with public agencies across the country to modernize operations, strengthen compliance, and improve service delivery. Our team brings deep expertise in health, human services, education, and technology, and our solutions are designed to make government work smarter, faster, and more effectively.

Through NASPO Cloud and Software Solutions, PCG offers a powerful suite of Software-as-a-Service (SaaS) platforms and value-added services, each validated through successful statewide and multi-agency implementations. These services are available under our Master Service Agreement (MSA), effective **September 16, 2026, through September 15, 2036.**

Our SAAS Offerings Under NASPO Cloud and Software Solutions

PCGOne™ | Enterprise Data Exchange as a Service

PCGOne is a stand-alone Enterprise Data Exchange as a Service platform that connects an unlimited number of state and/or agency systems and users to a growing menu of more than 250 third-party data sources – including the best data the country's premier, competing data providers offer – via a single PCG interface, contract, and implementation.

Key Benefits:

- ✓ Eliminates siloed data integrations and duplicative purchases
- ✓ Reduces IT resource needs and implementation costs
- ✓ Centralizes data purchasing and enhances state buying power
- ✓ AI-enabled, rules-driven eligibility with real-time decision support and continuous optimization
- ✓ Enables cross-agency data sharing through a unified citizen record

AlloCAP™ & EasyRMTS™ | Cost Allocation and Time Study Solutions

A modern, web-based solution suite that simplifies financial claiming, cost allocation, and time study operations. AlloCAP™ automates cost allocation plans with configurable

tools, methods, and reports, while EasyRMTS™ modernizes Random Moment Time Studies through intuitive dashboards, real-time tracking, and customizable reporting to boost compliance and accuracy.

Key Benefits:

- ✓ Fully web-based; no software installation required
- ✓ Configurable to agency-specific data, methods, and processes
- ✓ Automates workflows and improves transparency
- ✓ Real-time dashboards and QC tracking
- ✓ Strengthens compliance and audit readiness

Financial Executor | Fund Distribution Portal

A transparent, secure web-based portal that manages the distribution of funds across programs and organizations.

Key Benefits:

- ✓ Provides full visibility into all payments and transactions
- ✓ Includes provider registration and verification modules
- ✓ Supports documentation and reporting for HCA/CMS compliance
- ✓ Proven performance—over \$2B disbursed to providers, MCOs, and tribal entities

EDPlan™ | Special Education and Student Success Platform

A trusted, web-based case management platform supporting one-third of all Education Plans (IEPs) nationwide and used statewide in 10 State Education Agencies.

Key Benefits:

- ✓ Process-driven workflows for IEP, 504, and student success plans
- ✓ Embedded dashboards and reports for data-informed decision-making
- ✓ Secure, FERPA-compliant environment protecting student data
- ✓ Reduces compliance risk and improves educational outcomes

Our Value-Added Services

PCG provides end-to-end staffing services to help agencies implement and sustain cloud and software solutions as well as augment workforce capacities.

Staff Augmentation

PCG's flexible and scalable staffing model gives agencies rapid access to a broad-spectrum talent—from customer service personnel to highly skilled professionals. Whether supporting short-term initiatives or long-term needs, our staffing solutions ensure agencies receive the right expertise at the right time. Because ultimately, having the right people makes all the difference.

Key Benefits:

- ✓ Rapid access to diverse, qualified talent to meet both immediate and ongoing workforce needs.
- ✓ Flexible, customizable staffing models designed to align with each agency's goals, whether deploying large teams quickly or filling select highly specialized roles.
- ✓ Experienced team of management, operational, and project management professionals to ensure we maximize the performance and effectiveness of our people supporting your programs.

End-to-End Program Support

PCG provides full end to end program support—guiding agencies from initial planning through long term optimization to ensure seamless implementation and strong user adoption. We deliver strategic **pre-implementation consulting, expert-led implementation and training, and continuous optimization** through help desk support, product enhancements, and performance reviews.

Why PCG?

PCG delivers more than technology and talent—we provide results-driven partnerships grounded in experience and a deep understanding of public sector work.

- ✓ **Proven Results:** Successful statewide and multi-agency implementations in 30+ states.
- ✓ **Staff Augmentation:** With more than 900 staff embedded across state agencies nationwide, we provide scalable, experienced support where it's needed most.
- ✓ **Full Lifecycle Support:** From consulting to workforce augmentation.
- ✓ **Configurable SaaS:** Scalable, intuitive platforms tailored to each client's goals.
- ✓ **Impact-Driven:** Solutions focused on efficiency, transparency, and measurable outcomes.

Next Steps

PCG is ready to partner with you to establish a Participating Addendum (PA) and support your agency in the areas that best meet your needs. For more information or to begin the PA process, please contact NASPOcloud@pcgus.com.
