Notes:

- 1) The price for the Microwave Radio in section 5.1 reflect a 1+1 Space Diversity Native IP system with a capacity of 150 Mbps.
- 2) This example reflects an 11 GHz system. Pricing for 6, 13, 18, 23 GHz systems remain the same.
- 3) Choose the correct ASNK ODU frequency and sub-band from the "Options" worksheet that reflect the license for the link.
- 4) Antennas, accessories, Software Upgrades and Extended Warranties can be added using the "Options" page for the desired configuration.
