Re: Regulatory Charge Increase

Dear Valued Public Sector Contract Owner,

We are writing to make you aware of a recent Regulatory Charge Increase. Effective September 1, 2024, the monthly Verizon Wireless Regulatory Charge for voice-capable devices will increase from \$0.16 to \$0.19 per line. The charge for data-only devices remains \$0.02 per line. Please note that this is a Verizon Wireless charge which helps defray various government charges we pay including government number administration and license fees. Because this charge is not a tax, tax exemptions do not apply. This charge, and what's included, are subject to change from time to time.

We appreciate the opportunity to continue to support Verizon customers purchasing services under your agreement. Should you have any questions or concerns surrounding this correspondence please contact your Verizon Program Manager, Melissa Togo, at 949-233-1282 or melissa.togo@verizonwireless.com.

Sincerely,
