- Terminate this Contract under Section 15.1, Termination for Convenience and pursue any of its remedies under this Contract, at law, or in equity; or
- Treat this Contract as materially breached and subject to Section 15.2 - Event of Breach by State, provide Contractor notice and opportunity to cure such breach and upon failure to cure the State may pursue any of its remedies under this Contract, at law, or in equity.

- Treat this Contract as materially breached and, except as the remedy is limited in this Contract, pursue any of its remedies under this Contract, at law, or in equity.

17. WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

18. FORCE MAJEURE

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, earthquakes, fires, floods, labor disturbances, riots, wars, terrorist acts, health crises such as epidemics, endemic or pandemics, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays; provide, however, that this provision will not apply to State's existing payment obligations. A party affected by a force majeure condition shall

provide written notice to the other party within a reasonable time of the onset of the condition. A force majeure condition suspends a party's obligations under this Contract, unless the parties mutually agree that the obligation is excused because of the condition.

19. CONFORMANCE WITH CONTRACT

No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the Contract shall be granted without the State Procurement Bureau's prior written consent. Product or services provided that do not conform to the Contract terms, conditions, and specifications may be rejected and returned at Contractor's expense.

20. MEETINGS

20.1. Technical or Contractual Problems.

Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

20.2. Progress Meetings

During the term of this Contract, State's Project Manager shall plan and schedule progress meetings with Contractor to discuss Contractor's and State's progress in the performance of their respective obligations. These progress meetings will include State's Project Manager, Contractor's Project Manager, and any other additional personnel involved in the performance of this Contract as required. At each meeting, Contractor shall provide State with a written status report that identifies any problem or circumstance encountered by Contractor, or of which Contractor gained knowledge during the period since the last such status report, which may prevent Contractor from completing any of its obligations or may generate charges in excess of those previously agreed to by the parties. This may include the failure or inadequacy of State to perform its obligation under this Contract. Contractor shall identify the amount of excess charges, if any, and the cause of any identified problem or circumstance and the steps taken to remedy the same.

20.3. Failure to Notify

If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material

breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

20.4. State's Failure or Delay

For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

21. TRANSITION ASSISTANCE (RESERVED)

22. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees, except as provided in Section 13, Defense, Indemnification/Hold Harmless.

Nothing in these provisions shall be construed as a waiver of the sovereignty or governmental immunity the State enjoys, whether derived from the Eleventh Amendment to the United States Constitution or otherwise, or a waiver of any defenses to Proceedings or consent to jurisdiction based thereon.

23. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

24. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal, and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

25. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.

26. PUBLIC DISCLOSURE

approval. However, Contractor may not use the State seal, any State logo, or claim any State endorsement as to the Contract without prior written approval by State.
