MISSOURI ECONOMIC IMPACT

The utilization of Missouri businesses and Missouri employees and other positive economic impact in the provision of the products and/or services under the agreement between the State of Missouri and the vendor is highly desirable for the State of Missouri. Therefore, please provide responses to the following to describe your Missouri economic impact.

1. Provide a description of the company's economic presence within the State of Missouri, including Missouri employees statistics, Missouri business facilities (size, type of facility, location), Missouri subcontractors, etc.

   Accenture maintains a substantial and long-standing economic presence in the State of Missouri, supported by a large Missouri-based workforce, multiple business facilities, and ongoing partnerships with local firms. Accenture operates four offices in Missouri, including two facilities in the St. Louis region supporting more than 1,000 employees, an office in Kansas City with approximately 380 employees, and an office in Joplin with approximately 20 employees, providing consulting, technology delivery, and client support services to state and local government, federal, and commercial clients . Accenture also established the Accenture Federal Services Technology Center in the St. Louis area, representing a significant long-term investment in Missouri and supporting continued job growth and technology delivery capabilities within the State . In addition to direct employment, Accenture routinely engages Missouri-based subcontractors, including certified MBE and WBE firms, based on scope and agency needs, further extending the economic benefit of State contracts to Missouri businesses . Through local employment, facility operations, subcontracting, and sustained investment, Accenture contributes meaningfully to Missouri's economy while maintaining a strong local delivery presence for State of Missouri engagements.

2. Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by the Missourians and/or Missouri products under the Missouri Contract Number

   Accenture expects to provide a range of Cloud and Software services, delivered primarily by Missouri-based professionals from Accenture's established Missouri offices. These services may include cloud migration and modernization, SaaS implementation, application development and integration, data and AI solutions, cybersecurity, managed services, and ongoing operations and maintenance for state and local government agencies, as defined through individual Orders or Statements of Work. Accenture will make every reasonable effort to staff these engagements with Missourians to support local economic impact and ensure familiarity with Missouri's operating environment. When specialized expertise, capacity, or timing requirements necessitate, Accenture may supplement local teams with qualified resources from outside Missouri to ensure the State receives the best-qualified expertise and highest-value outcomes, while continuing to leverage Missouri-based subcontractors and suppliers where applicable.

3. Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.

   Accenture delivers ongoing economic impact to the State of Missouri through full compliance with all applicable State and local tax obligations associated with maintaining a significant Missouri-based workforce and business presence. Accenture is properly registered with the Missouri Department of Revenue and maintains a current Vendor No Tax Due certification, confirming that all required sales, use, withholding, and employment-related taxes are fully filed and paid in accordance with Section 34.040.7, RSMo. Through the employment of Missouri residents and the operation of multiple business facilities across the State, Accenture contributes directly to Missouri tax revenues tied to payroll,

employment, and business operations, supporting the State's tax base and long-term economic stability.
