

PORTFOLIO TITLE: Electronic Monitoring Products and Services

LEAD STATE: Connecticut

PORTFOLIO SNAPSHOT

OVERVIEW:

The State of Connecticut in partnership with NASPO ValuePoint has awarded cooperative Master Agreements for Electronic Monitoring Products and Services.

The Master Agreements allow Participating Entities to source critical electronic monitoring equipment and services from qualified and competitively priced vendors and thus deliver to their respective jurisdictions and communities pertinent public safety apparatus and monitoring services.

KEY BENEFITS:

Participating Entities can source critical electronic monitoring products and services from six Contractors. Each Contractor's Exhibit B Price Schedule includes not to exceed "ceiling" pricing. All Contractor costs are included in the prices specified unless otherwise negotiated per Participating Entity's Participating Addendum ("PA").

Due to significant variability of Purchasing Entity's needs and specific requirements, Contractor(s) shall comply with all additional Service Level and Maintenance and Support requirements as may be set forth in a PA or SOW, as applicable.

EVALUATION INFO:

In person evaluations were led by the Lead State. The evaluation was completed by the Sourcing Team on 5/2/23.

INITIAL TERM:

This Master Agreement will be in effect from the date that the last party executes (the "Effective Date") and will continue for three (3) years.

TOTAL POSSIBLE TERMS:

The parties, by mutual agreement, may extend this Master Agreement for additional terms beyond the Term, prior to Termination or expiration, one or more times for a combined total period not to exceed the complete length of the original Term, but only in accordance with the Section in this Master Agreement concerning Master Agreement.
