### ADDENDUM

I. The State extends the due date and time of the solicitation from July 23, 2024, 3:00 PM CT to July 31, 2024, 3:00 PM CT.

II. Below are the State's Responses to questions received by the deadline stated in the solicitation.

Q: We have some products that are just about to be released; these are still not 100% available just yet. But will be available in the next 2 months. By the time the award is given, these items should be fully available. Can we include them in our list price now? Or would it need to be added later? Our current Master List price sheet has these items shown as coming soon so our customers know this will be released very soon.

A: Responders should only include items (and pricing) in their response that will be available on March 1, 2025. Regarding adding equipment after a Contract is fully executed, please see Attachment D: Sample Master Agreement, VI. Pricing, Payment & Leasing, Section 6.1.2 which in part states: *"...If offering new state-of-the-art equipment, the manufacturer's price list may only be changed up to two (2) times within any twelve (12) month period."*
