

EYE CARE FOR ALL

This October, in celebration of World Sight Day, join Orbis in raising awareness about avoidable blindness and vision impairment through the **Orbis: Eye Care for All Campaign.**

Bisrat got the treatment he needed thanks to the eye care workers trained by Orbis.

THE PROBLEM

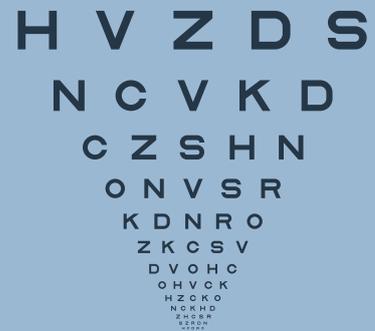

- 450 million children have a sight condition that requires treatment, and many are unable to access affordable, accessible eye care.
- Children in low-and middle income countries with vision loss are 2-5 times less likely to be in school.
- Young people miss learning and social opportunities every day because of a vision issue that could be treated, corrected and often cured.

WAYS TO SUPPORT

- **Donate to Orbis** to support the Eye Care for All Campaign this October.
- **Pledge** a percentage from each sale of frames and lenses dispensed or a portion of the cost of an eye exam. Or ask customers to donate to Orbis.
- **Host an Orbis** event to join Orbis in raising awareness and funds for accessible eye care in Ethiopia. Bring your space to life with branded posters, window decals, and flyers.

THE IMPACT OF €15 :

- conduct sight-saving surgery
- provide a pair of glasses
- distribute 100 doses of sight-saving antibiotics

Becoming an Orbis supporter will change lives and add value to your business. Your generous support can have a huge impact on Orbis's work. Together, we can make a difference and bring vision to those who need it most. Thank you!
