CRITERION VII-

Institutional Values and Best Practices

Key Indicator – 7.2: Best Practices

Best Practices : 2

Environment Consciousness (Go Green initiative)

1. Title: Environment Consciousness (Go Green initiative)

2. Objectives:

- 1) To foster a sense of environmental responsibility.
- 2) To raise students and staffs understanding of environmental protection and safety through instruction.
- 3) To transform the campus into pollution free and environmentally friendly zone.
- 4) To assist people in learning about pollution and environmental damage.
- 5) To encourage giving people the chance to actively participate in environmental decision-making at all levels.

3. The Context:

SU College is a green, oxygen-rich, and eco-friendly learning environment on the outskirts of Kharadi town. The climate problem pushes the institution to prioritise environmental awareness. It also demands that the institution set high environmental standards and commend practices that organise and innovate in the field. The college advocates for environmental policy, raises awareness, and encourages local conservation efforts to reduce the threat. We consistently promote our environmental responsibility both internally and globally. More environmental projects will reduce our environmental impact.

4. Practice:

The following actions have been performed on campus to support the worthy goals of environmental awareness and sustainability:

➤ **Green Campus Initiative:**

The institution has a well-known green campus effort to promote eco-friendly and sustainable campus behaviour and make the environment habitable for living things, which is vital for future generations. The green campus volunteers regularly maintain the gardens with therapeutic herbs and oxygen-friendly plants.

➤ **Plastic Free Campus:**

The college started a "Plastic Collection Drive" on July 22, 2022, to reduce and eliminate plastic bottles, straws, utensils, and food packaging to celebrate Hon. Shri. Ajitdada Pawar, President, Pune District Education Association, Pune's 63rd birthday. The college collects campus and household plastic on the 22nd of each month. The programme encourages college students to use less plastic and reduce plastic pollution. Instead of buying bottled water, students should refill stainless steel bottles or glasses.

➤ **Waste Diversion:**

The College recycles and composts. Separate dustbins gather solid, liquid, and electrical waste. Vermi Compost units convert biodegradable garbage into organic manure. Non-biodegradable rubbish goes to designated local businesses. Students reuse electrical components from e-waste such mother boards, keyboards, and mice in project work.

➤ **Use of solar energy:**

The College took energy-saving steps. Campus uses LED tubes. Solar energy powers numerous college CFL bulbs. The college's 20 KW solar plant is a promising step towards using renewable and infinitely clean energy.

➤ **Green Audit, Environment Audit and Energy Audit:**

Environmental issues are the subject of programmes that are run as a part of the awareness-building project. The club also investigated the effects of the campus's green initiative campaign, and a review was done at the conclusion of each academic year.

➤ **Tree Plantation Drive:**

The College has organized tree Plantation Drives on multiple occasions. The students and staff members have taken part in the college premises.

➤ **ISO Certification:**

The College has received ISO Certification on 21.11.2020 for 9001:2015 (Quality Management System) and 14001:2015 (Environmental Management System).

5. Evidence of Success:

The institution is implementing the "Environment Consciousness (Go Green initiative)" project extremely effectively, which has the effect of steadily reducing the amount of electricity used. Reduced use of hard papers is plainly visible on the institution's grounds due to rising environmental awareness among students and employees.

6. Problem encountered:

- a. **Problem:** - It can be challenging to persuade people—including faculty members and students—of the presence of harmful environmental activities and their unfavorable effects.

Resource Required: -

The awareness programmes and carrying out door- to- door campaigns will help to overcome the obstacles.

- b. **Problem:** - The availability of financial resources is always necessary to ensure the success of these programmes planning.

Resource Required: -

To help the locals comprehend the value of environmental cleanliness and improvement, a programme with outside authorities should be set up.

शंकराव उरसळ महाविद्यालयात प्लास्टिक संकलन उपक्रम

खराडी, ता. ५ : आपल्याला भेडसावत असलेल्या पर्यावरणीय समस्यांपैकी प्लास्टिक ही गंभीर समस्या आहे. आपल्या परिसरातील प्लास्टिक संकलन करून या मानवनिर्मित समस्यांचे निर्मूलन करण्याचा प्रयत्न आपण सर्वांनी मिळून करावा, असे आवाहन पुणे जिल्हा शिक्षण मंडळाचे उपाध्यक्ष राजेंद्र घाडगे यांनी केले.

खराडी येथील शंकराव उरसळ कॉलेज ऑफ फार्मास्यूटिकल सायन्स अँड रिसर्च सेंटर संस्थेचे अध्यक्ष आणि महाराष्ट्रचे विद्यार्थी पक्ष नेते अजित पवार यांच्या वाढदिवसानिमित्त गेल्या एका वर्षापासून प्रत्येक महिन्याच्या २२ तारखेला प्लास्टिक संकलनाचा उपक्रम राबविला जातो. असे घाडगे यांनी सांगितले. या महाविद्यालयातील राष्ट्रीय सेवा योजनेचे विद्यार्थी समाजामधील वेगवेगळ्या टिकाणाना भेट देऊन प्लास्टिकमुळे होणारे दुष्परिणाम याबाबत जनजागृती करत आहेत. असे प्राचार्य डॉ. अशोक पोसले यांनी सांगितले. या वेळी समन्वयक प्रा. तेजस्विनी कांदे, शिक्षक आणि विद्यार्थी या अभियानात सहभागी झाले होते.
