

Convince Your Boss

Why I Want to Attend

The Hospitality Show is one of the only events focused specifically on hotel operations. I'll gain practical ideas, connect with industry peers, and evaluate solutions that could help improve performance at our property.

How This Benefits Our Property

Improve Operations

I'll bring back ideas and best practices related to workforce, technology, guest experience, and day-to-day operations that we can apply to our property's goals.

Evaluate Solutions More Efficiently

I'll meet with 400+ hospitality suppliers in one place, helping us identify potential partners and solutions without months of separate research and demos.

Benchmark Against Peers

I'll learn how other hotel teams are approaching similar challenges so we can compare strategies and uncover new opportunities.

What I'll Bring Back

- 1 Actionable ideas relevant to our property's priorities
- 2 Industry benchmarks and best practices
- 3 Supplier and technology recommendations worth evaluating
- 4 Key takeaways and next-step recommendations for our team
