## **Rev-A-Shelf® Unveils the 5349 Series Black Aluminum Pullout Waste Container – A Sleek Fusion of Design and Functionality**

Rev-A-Shelf® is proud to introduce the **5349 Series Aluminum Pullout Waste Container**, a premium kitchen solution that merges high-end design with superior functionality. Now available in a sophisticated **black aluminum frame** paired with matching **black polymer waste containers**, this system is crafted to complement modern kitchen aesthetics while offering an organized and efficient waste management solution.

Designed for **15" and 18" base cabinets**, the 5349 Series accommodates a range of configurations, including **single 35 and 50 qt. or double 27, 35, and 50 qt.** waste containers. To suit various kitchen styles, the containers are also available in **metallic silver** and **white**, providing flexibility and customization for homeowners and designers.

The 5349 Series features a **10" high door-mountable frame**, available in both **brushed aluminum** and **black finishes**, delivering sleek, Italian-inspired elegance that elevates any kitchen space. The system is engineered with **full-extension soft-close slides**, ensuring smooth and quiet operation with every use. Its **built-in door-mount brackets** simplify installation, offering a seamless integration into existing cabinetry.

For added convenience, **single-unit models** include **rear storage**, creating additional space for essentials like trash bags or cleaning supplies. To further enhance the system's utility, **optional 27, 35, and 50 qt. polymer lids** are available, providing a clean and organized appearance. Additionally, the unit offers the option of an **integrated bag management system**, allowing for easy trash bag changes and improved waste control.

### **About Rev-A-Shelf® LLC.**

Established in 1984 as a division of the family-owned Jones Plastic & Engineering, Rev-A-Shelf® LLC initially specialized in crafting metal and polymer Lazy Susan components for prominent U.S. cabinet manufacturers, distributors, fabricators, and retailers. Over time, it has transformed into the market leader, offering innovative residential cabinet storage solutions, high-quality wood components, and cutting-edge L.E.D. cabinet lighting.

Located in Louisville, KY., Rev-A-Shelf® is renowned for manufacturing thousands of innovative kitchen, bath, and closet accessories. Its reputation for superior craftsmanship extends to a diverse range of products produced under its Omega National Products by Rev-A-Shelf® subsidiary, including decorative molding, range hoods, and floating shelves. Additionally, Rev-A-Shelf® offers a comprehensive selection of L.E.D. lighting options for residential cabinetry and commercial display fixtures under the Tresco Lighting® brand.

Rev-A-Shelf® caters to primary markets, serving cabinet hardware distributors, major O.E.M. cabinet manufacturers, leading big box retailers, and a wide array of online web resellers.
