## About your download

### January 2010 Security Release ISO Image

If your download does not start after 30 seconds, click here: [Start download](#)

#### Instructions

This DVD5 ISO image file contains the security updates for Windows released on Windows Update on January 12th, 2010. The image does not contain security updates for other Microsoft products. This DVD5 ISO image is intended for administrators that need to download multiple individual language versions of each security update and that do not use an automated solution such as Windows Server Update Services (WSUS). You can use this ISO image to download multiple updates in all languages at the same time.

**Important:** Be sure to check the individual security bulletins at <http://www.microsoft.com/technet/security> prior to deployment of these updates to ensure that the files have not been updated at a later date.

This DVD5 image contains the following updates:

[KB972270](#) / [\(MS10-001\)](#)
