## Trial Download

If you have the free WMV Player, you already have a trial version of all the other Flip4Mac WMV products. In trial mode you can export 50% of the duration of your source file up to 30 seconds.

**In addition, a watermark will be placed on any files that you import until you upgrade to Player Pro.**

When you purchase a product, you will receive a serial number, which will unlock the features you purchase.

## Purchase Instructions:

To purchase a license Flip4Mac WMV, select Preferences > License > Purchase from within the application.

You can also purchase Flip4Mac WMV from our [secure online store](#).
