textexpander

TextExpander saves you countless keystrokes with customized abbreviations for your frequently-used text strings and images.

Buy now \$34.95

THANK YOU FOR DOWNLOADING!

HOW TO INSTALL:

1. Unzip the downloaded .zip file.
2. Drag the TextExpander application to your Applications folder, or wherever you prefer to put your applications.
3. Double-click the TextExpander application to launch.
Note: Press Remove when prompted to remove your older TextExpander version.

HOW TO BUY:

TextExpander 3.x: \$34.95

(Family Pack: \$44.95, for up to 5 computers in one household)

Upgrades from earlier versions: \$15 [[how to upgrade](#)]

Options:

- Buy now from our [web store](#)
- From TextExpander itself. Here are the steps:
 1. Choose *TextExpander > Purchase / Register TextExpander...* from the menu.
 2. Click the **Buy** button.
 3. Fill in your info and credit card details, and click the "Checkout" button.
 4. Verify your order details, and click the "Submit Order" button.
 5. Your name and serial number are automatically registered with the product. You will also receive an email with your serial number. If you ever need to enter it manually, select *Purchase / Register* again, enter your name and serial number from the email and click the "Register" button.
- [By phone](#)
- [By fax](#)

We have a 90-day money-back [guarantee!](#)
