BurnAware Free is a full-fledged disc burning tool – fast, lightweight, feature-packed and, most importantly, 100% free. The program burns all types of CD, DVD and Blu-Ray discs containing data, digital photos, music and video. With BurnAware Free, you will be able to create bootable or multisession CDs and DVDs, high-quality audio CDs from your collection of MP3, WAV, WMA, OGG, M4A, AAC and FLAC files, burn disc images, copy discs to backup ISO images and do a whole lot more.

The software supports the most popular Windows versions, including NT/2000/XP/Vista/7 (32 and 64-bit) and does not require the .NET framework to operate.
