Agent Ransack - Free File Searching Utility

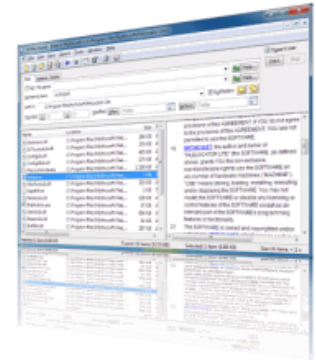

Finding files that other search engines miss.

Agent Ransack is a free 'lite' version of [FileLocator Pro](#). It is free for both personal and commercial use.

Agent Ransack 2010

First released in April 2000 Agent Ransack has been helping people find files for over 10 Years.

To celebrate Agent Ransack's 10th birthday we've created a huge update which includes these new features:

"A simple, elegant, powerful tool -- what software should be."

[Customer testimonials](#)

Boolean expressions

Combine search terms using the familiar Boolean operators AND, OR, NOT.

Office formats

Support for popular Office formats including Office 2007 and OpenOffice.

Updated UI

Brings Agent Ransack's user interface into the modern day.

Perl regex

Support for Perl compatible regular expressions.

64-bit Version

Natively compiled 64-bit version for improved compatibility.

FileLocator Lite

A more 'gentle' branding of Agent Ransack for corporate environments. See the [FileLocator Lite](#) page for more information.
