Core Virus and Spyware Protection Trusted by Millions Worldwide

We have taken the security product millions of people know and trust one step further to give all users the power to protect themselves online. By combining Lavasoft's pioneer anti-spyware technology with traditional anti-virus protection, **Ad-Aware Free** now features complete malware protection, that won't slow your computer down!

Ad-Aware Free **Internet Security** features real-time protection, advanced Genocode detection technology, rootkit protection, automatic updates, and much more — to ensure that you have the power to protect yourself online.

- **Shop, bank, e-mail, and watch videos online**

We keep you safe from password stealers, keyloggers, virus, spyware, rootkits, trojans, online fraudsters, identity thieves and other potential cyber criminals.

- **Download photos, music, and other files with confidence**

Ad-Aware's behavior-based detection finds suspicious files and threats before they integrate into your PC and attack your personal information.

- **Get Peace of Mind**

Know that your personal information is kept safe from dangerous intruders and prying eyes.

Just set and forget - we'll keep you safe.

Ad-Aware Free provides good basic protection. For added security and deeper layers of protection, please visit
