OnClick Utilities Help File Downloads

Program Help File [Download the OnClick Utilities Help File Installer V1.6](#)

PDF Help File [Download the OnClick Utilities Help File in PDF format](#)

- Entering the serial number once unlocks all commercial programs in the OnClick Utilities suite -

FindOnClick V2.3.0.1

License: Commercial Software: 30 day fully functional trial

[validate download](#)

Benefits of the commercial program

- Fast searching of any NTFS or FAT internal or external drives.
- Easy to use filters provide powerful ways that help reduce the number of search results.
- Powered from the command line or from an easy-to-use graphical interface.
- Search results can be exported to .csv files for analysis in programs such as Microsoft Excel.
- View information about the version numbers of program files.
- Quickly delete unwanted or duplicate files at the click of a button. No need for Explorer.
- Locate duplicate files quickly to better manage and organize your data.
- Advanced users can make complex search queries using regular expressions.
- Quickly integrate the program with the click of a button with Windows Explorer.
- Confirm the contents of your files are identical to source files by using hash referencing.
- Extensive options to search MP3 music files. Displays MP3s by Title, Artist, Album etc.
- Limit your search to a particular folder. This significantly speeds the search process.

UndeleteOnClick V1.7.0.0

License: Commercial Software: Limited Trial [undelete up to 64kb]

[validate download](#)

Additional benefits of the commercial version

- Any file size can be potentially recovered.

DeleteOnClick V2.2.32.109

License: Freeware and Commercial Software

[validate download](#)

Additional benefits
of the commercial
version

- Renames files before they are deleted so that anyone trying to undelete cannot even see what the file was called.
- Quickly Wipe Free Disk Space: This will wipe all free space on the disk more quickly but is less secure than the Securely Wipe Free Disk Space option below.
- Securely Wipe Free Disk Space: This will securely wipe all free space on the disk.
- Can securely empty recycle bin.
- Wipes all file dates before wiping file.
- Wipes file attributes before wiping file.

**HashOnClick
V2.3.32.21**

License: Freeware and Commercial Software

[validate download](#)

Additional benefits
of the commercial
version

- MD4 hashing.
- RipeMD-128 hashing.
- RipeMD-160 hashing.
- SHA-256 hashing.
- SHA-512 hashing.
- Tiger hashing.
- Command line version.

**EncryptOnClick
V1.4.1.2**

License: Freeware

[validate download](#)

Benefits

- A very secure encryption method is also used (256-bit AES encryption).
- Files are both compressed & encrypted, which results in a smaller file.
- Password protected.
- Will encrypt single files or all files in a folder.
- Very simple to use interface.
- Can be used on a USB key.
- Fully Unicode enabled so filenames in any language can be encrypted.
- Fits on a floppy disk.
- Files can be opened and decrypted using WinZip 9 provided the correct password is used.

[Bert Feenstra](#) has kindly produced a [Dutch language PDF guide](#) for using EncryptOnClick. Please note that 2BrightSparks did not produce this guide and does not warrant that it is complete, comprehensive or accurate.

**PatchOnClick
V3.0.0.0**

License: Freeware and Commercial Software

[validate download](#)

Additional benefits
of the commercial
version

- Command line parameters may be used.
- Hash files can be created.
- Patch files can be created using hash files (so the original unmodified file is no longer required).
- Can create self-executing patch files.

Note: PatchOnClick V2 is not compatible with PatchOnClick V1.

Due to the required changes to improve PatchOnClick, you cannot use PatchOnClick V1 patch files with PatchOnClick V2 and vice-versa. PatchOnClick V2 uses compressed patch files which can be used with files of any size, where as PatchOnClick V1 patch files were not compressed and could not be used on files over 2GB in size. You may still [download PatchOnClick V1](#) if you need to Patch files made with that version.

ScrambleOnClick License: Commercial Software: 30 day fully functional trial
V1.3.0.0

[validate download](#)

Benefits of the
commercial
program

- Encrypt any text using military grade encryption.
- Decrypt text which has been encrypted using ScrambleOnClick.
- Use with any email program as well as document programs like Word.
- Clipboard viewer.
- Ctrl-W to wipe the clipboard contents at any time.
- Use either a keyboard shortcut or the ScrambleOnClick Tray menu to encrypt and decrypt.
- Define different keys for friends, colleagues, business etc.
- Master Password protects other people from using Encryption Keys.
- Password hints to help the user remember the password they have saved.
