**Question Paper / Test Generator**

Question Paper/Test Paper Generator is a product from experts in software producers for education sector. The software allows you to create question bank for various programs, classes, chapters and store your data in an organized way.

The test generator then allows you to create tests with the criteria that you want. You can create chapter, unit, objective, final and various other types of exams. The tests can be exported to word file with your institute's header and footer. The output in word is optimized for printing to save on paper.

This is a MUST have software for somebody who is spending time in creating tests for their students.

Check our [Sample Papers](#) (click on this link).

Test Generator provides:

- Easy creation of test
