Description

This is the official home of Race Into Space, the computer version of the Liftoff! board game by Fritz Bronner. It was developed by Strategic Visions and published by Interplay as a disk-based game in 1993 and a CD-ROM in 1994.

Excellently enhanced game play. BARIS is a game ive been playing for decades, first on diskette then cd rom. Now I can put away the cd and play on my dell quad core win xp system!
This is so great, the graphics and sound are so much better because [\(more \(#\)...](#)
