SN All Hashes Generator

Very fast, easy-to-use and FREE Hash and Checksum Calculator for files, folders or text. Support 4 different popular cryptographic hash functions ability to export the checksum results to XML or CSV file in just a click. This free

Windows utility can get you the MD5 (and other) checksum for Windows OS file, files in folder or MD5 checksum of text string.

With the easy-to-use UI you can just drag-n-drop your input to calculate hash for MD5 and other 3 cryptographic hash function:

- **MD5:** Message-Digest Algorithms.
- **SHA1:** Secure Hash Algorithm.
- **SHA256:** Secure Hash Algorithm.
- **CRC32:** Cyclic Redundancy Checksum.

Our Hashes/Checksum generator is very fast and it use multi-threaded ability to calculate different hashes or check-sum at the same time. The program will allow you to export the hash calculation results to XML or CSV file in just one click.
