- Sync to Furthest Page Read:** Our Whispersync technology automatically syncs your books across apps, so you can start reading on one device with the Kindle app installed, and pick up where you left off on another device with the Kindle app installed. You don't need to own a Kindle to use the app, but if you do, Whispersync also syncs your Kindle books between your apps (including the Kindle for PC app) and your Kindle devices.
- Look Up Words:** Use the built-in dictionary in the Kindle for PC app to look up the definition of words without interrupting your reading.
- Search in Books:** Search inside any book to find a topic, character, or section you want to revisit.
- Organize Collections:** Organize your books into various collections/lists with the Kindle for PC app.
- Look Up Book Facts:** Access descriptions of characters, important places, popular quotes, and themes from Shelfari, the community-powered encyclopedia for book-lovers.
- Personalize:** Switch to full-screen reading mode, choose your background color, and adjust the brightness of your screen from within the Kindle for PC app.
- Read e-Textbooks:** Choose from a large selection of e-textbooks to read with the Kindle for PC app and avoid the hassle of carrying around heavy textbooks.
- Take Notes:** Highlight, take notes, and add bookmarks in any book.
- View Page Numbers:** See page numbers that correspond to a book's print edition page numbers to easily cite passages. This feature is available with thousands of books in the Kindle Store.
