### One-click Clean and Tune-up

Cleans junk files and unneeded registry entries to improve the performance of your PC by one simple click.

**Light, Easy-to-use, and  
Reliable**

Takes up very little space in your computer, but offers great computer clean and fine-tune functionality in a reliable way.

## Fast and Powerful Windows Clean

Swiftly locates and deletes any junk files that may exist in Recycle Bin, Recent Documents, Temporary files, Log files, Clipboard, DNS Cache, Error Reporting, Memory Dumps, Jump Lists.

### Improves PC Performance

Better PC performance for your work or gaming. Gives you the new computer feeling again.

### More Stable Windows System, Less Crash

Reduces system errors and crashes by safely taking out all unused and old registry entries.

### Faster PC Startup and Program Launch

Helps speed up PC startup by rearranging applications that launch together with Windows. Shuts down programs that may slow down your system.

## Media Review

"JetClean did better with the Apps Clean module, though, where it was able to erase more application activity histories than CCleaner could manage."
