## SIGGRAPH 2014

Blender Foundation and Institute are presenting at SIGGRAPH in Vancouver. Freely accessible events include "Birds of a Feather" meetings and the tradeshow exhibit.

## Blender Conference 2014

As usual the conference is in the awesome De Balie venue in Amsterdam. Until August 20 people can submit a presentation, talk or course.

## Get Involved

Blender is being made by hundreds of active volunteers from around the world; by studios and individual artists, professionals and hobbyists, scientists and students, VFX experts and animators, game artists and modders, and so on. All of them are united by the desire to have access to a fully free/open source 3D creation pipeline.

People can join us to work on parts of the software, on the websites, documentation, education, design proposals, testing, and many more topics.
