AbiWord 2.8.8 is an award winning, small, fast, featureful and crossplatform word processor. Get your copy today to experience the state of the art in word processing.

Note:Sometimes packages are made available on our [file server](#) without necessarily showing up on this page (such as slightly outdated [Mac OSX binaries](#)).

Microsoft Windows

Get additional dictionaries
Get fonts for equation editing

Work together with your friends on documents using our
free [AbiCollab.net](#) service!

Linux

AbiWord is usually available
from your Linux distribution
repository.
Ubuntu users should go [here](#).
