

#### WinPatrol from Ruiware

When I discovered WinPatrol I knew it was a winner and a program I'd install for my entire family.

WinPatrol customers will continue to receive all the same benefits. You still won't find obnoxious toolbars when you download WinPatrol. As always WinPatrol will help you remove them.

Thanks,  
Bret Lowry

#### More Version 32 builds are on their way

These translations are the work of wonderful volunteer friends of Scotty. We are grateful for their hard work and participation. Ruiware, LLC is not responsible for their content.  
Many have completed their work but with changes to our 2014, interface release of local versions will come after some additional testing and enhancements.

To localize your own version or volunteer to localize a new language see our [Localize WinPatrol Instructions](#) and additional languages.

#### More Updated Builds in Progress

Stand alone language packs will soon be available from more of our friends outside the US.

These scripts are created by volunteers and can be imported using Regedit or older versions of Internet Explorer. After downloading the newest WinPatrol in English you can run these language scripts until we have a complete setup available in your native language.
