Download PortableApps.com Suite and Platform

your computer, without the computer™

The **PortableApps.com Platform™** is an easy-to-use portable menu, backup utility and application management system that ties all your **portable apps** together. The **PortableApps.com Suite™** bundles the PortableApps.com Platform with a complete collection of software including a web browser, email client, office suite, calendar/scheduler, instant messaging client, antivirus, audio player, sudoku game, password manager, PDF reader and minesweeper game, all preconfigured to work portably. Just drop it on your portable device and you're ready to go.
