[Download Ustream's viewer application for your mobile phone to watch your favorite streams on the go!](#)

## Ustream Producer

The Ustream Producer is a desktop application allowing broadcasters to stream in high quality, just like they would from Ustream's website.

Additional features include the ability to:

- Easily manage video and audio sources
- Browse, drag and drop audio and video files
- Start and stop recordings
- Pop-out a chat room or Social Stream
- Display your desktop via screencasting capability
- Update your status and syndicate to Twitter, Facebook, MySpace, and AIM
- Broadcast using Picture in Picture
- Create multiple transitions
- Optimized for iPhone and Android Viewing

### The Ustream Producer Duo

The Ustream Producer is available as a free application. Additional features such as multiple cameras, overlays, layers, titles, and transitions are available through Producer Pro. [See side-by-side comparison.](#)

#### Ustream Producer (Free)
