## Download Gladinet Cloud Desktop™ Starter Edition Version 2.0

### Thanks for downloading Gladinet Starter Edition Version 2.0

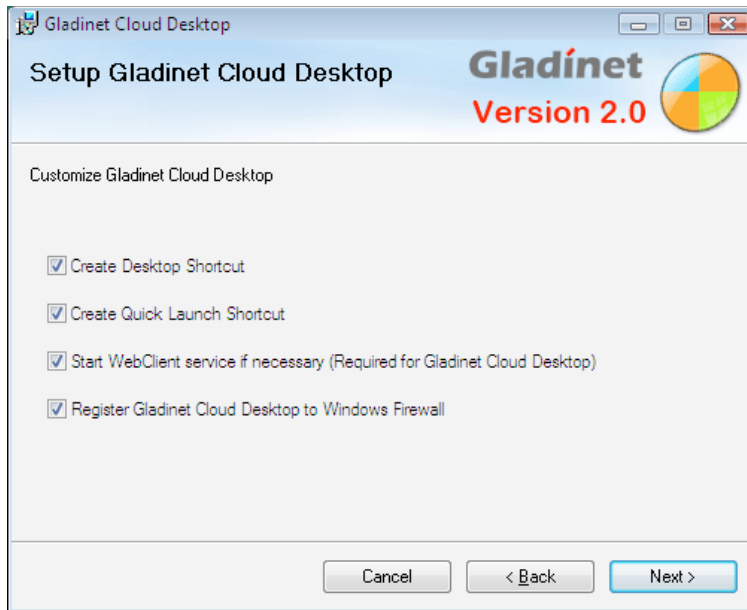

Your download should automatically begin in a few seconds, but if not, click [here for msi package](#) .

After download the client installation package, follow these simple steps to get started.

When upgrade from previous release, during the installation, you may hit 'Files in Use' warning couple of times. Please ignore the warning and click 'Continue'. Or you can shut down Gladinet and uninstall the old release from Windows 'Uninstall Program' in Control Panel. Then install the msi package just downloaded.

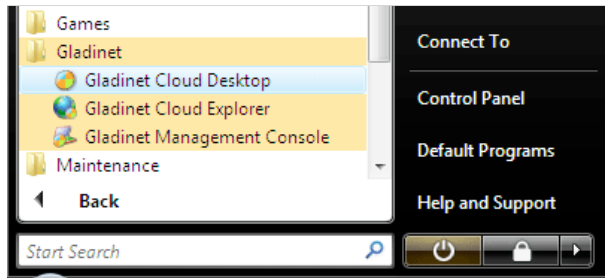

### Step 1 - Double Click on the MSI Package To Start Installation

. Gladinet works better with WebClient service. You can start the service during installation.

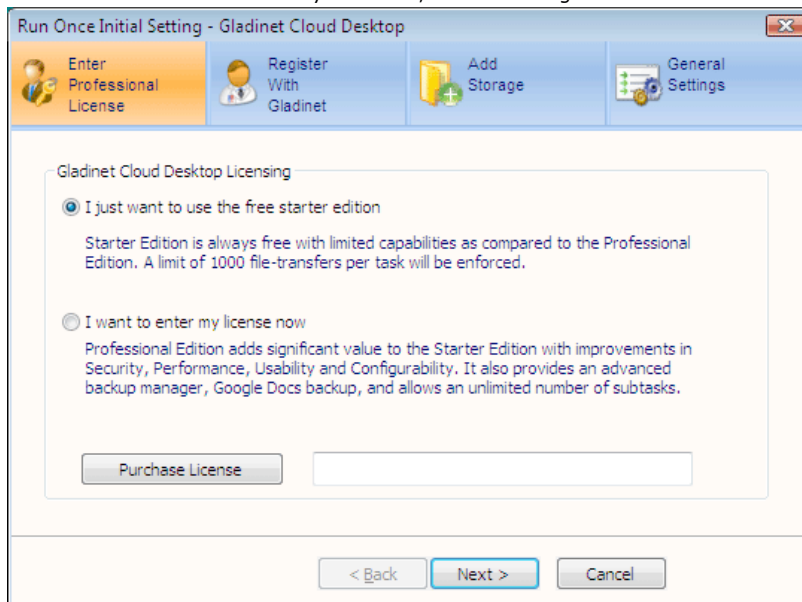

. If Windows Firewall is enabled, you can register Gladinet Cloud Desktop to the firewall. If the firewall is disabled, you can uncheck the firewall flag.

#### Step 2 - After the installation, click Gladinet Cloud Desktop to start

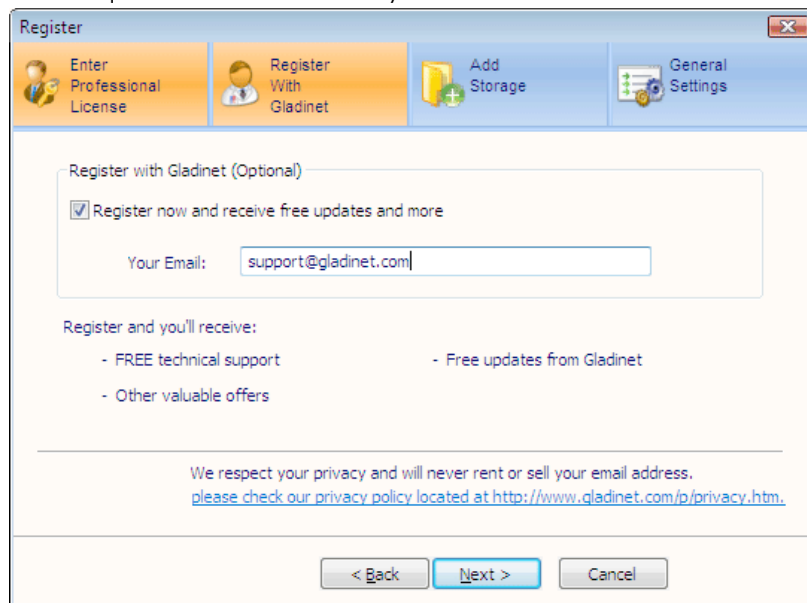

#### Step 3 - Configure Gladinet when start for the first time

When start Gladinet for the very first time, need to configure Gladinet in Initial Settings.

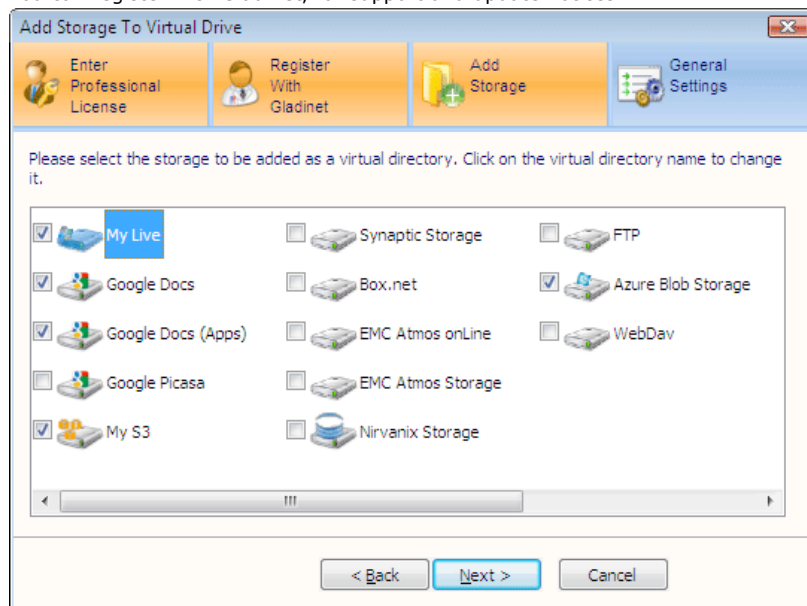

Choose which edition of Gladinet to run. Starter Edition contains 30-day free trial for Professional Edition. Professional Edition requires Professional license key.

The 'Register' dialog box has a title bar with a close button. It features four tabs: 'Enter Professional License', 'Register With Gladinet' (selected), 'Add Storage', and 'General Settings'. The 'Register With Gladinet' tab contains the following elements:

- A section titled 'Register with Gladinet (Optional)' with a checked checkbox labeled 'Register now and receive free updates and more'.
- A text field labeled 'Your Email:' containing the text 'support@gladinet.com'.
- A list titled 'Register and you'll receive:' with three items:
  - FREE technical support
  - Free updates from Gladinet
  - Other valuable offers
- A privacy statement: 'We respect your privacy and will never rent or sell your email address. [please check our privacy policy located at http://www.gladinet.com/p/privacy.htm.](http://www.gladinet.com/p/privacy.htm)'
- Navigation buttons at the bottom: '< Back', 'Next >' (highlighted), and 'Cancel'.

You can register with Gladinet, for support and update notices.

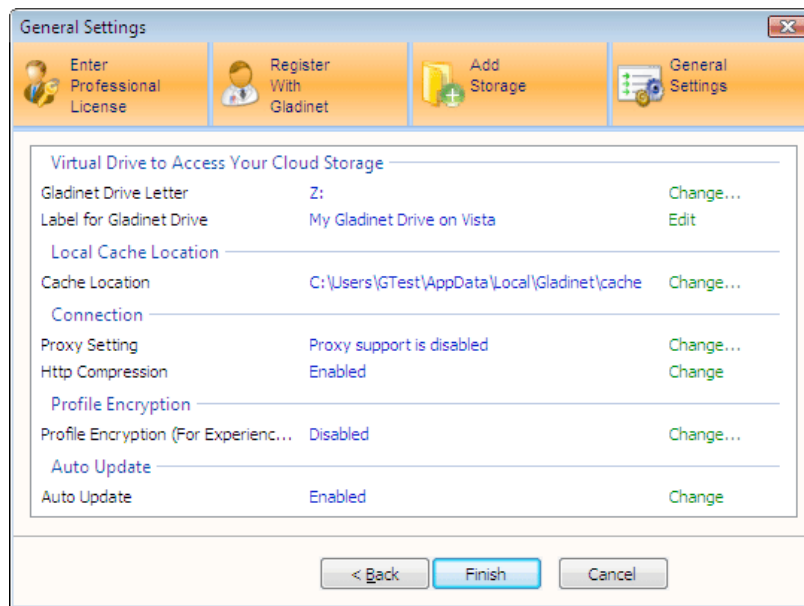

The 'Add Storage To Virtual Drive' dialog box has a title bar with a close button. It features four tabs: 'Enter Professional License', 'Register With Gladinet', 'Add Storage' (selected), and 'General Settings'. The 'Add Storage' tab contains the following elements:

- A text instruction: 'Please select the storage to be added as a virtual directory. Click on the virtual directory name to change it.'
- A list of storage options, each with a checkbox and an icon:

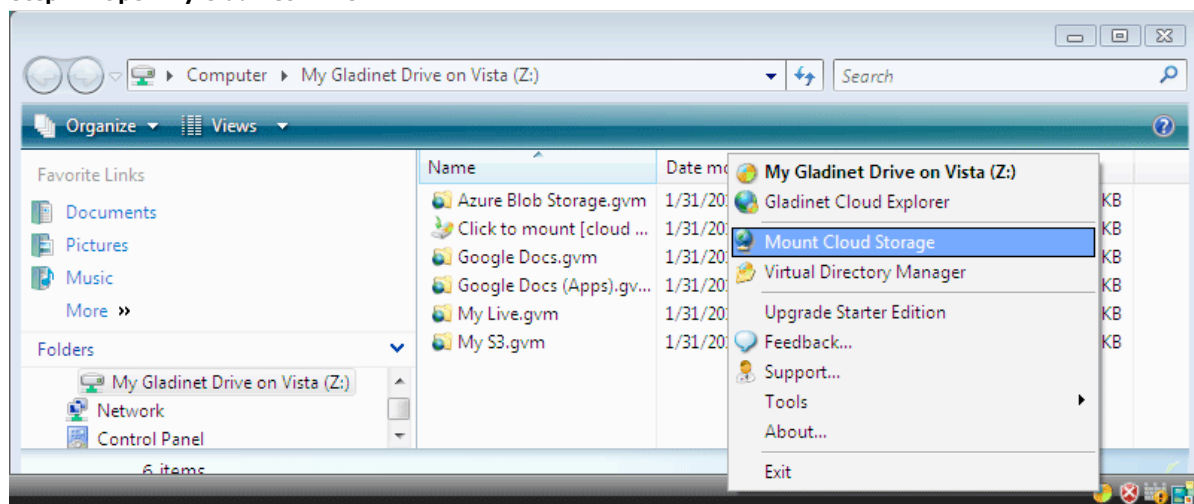

Storage Option	Selected
My Live	Yes
Google Docs	Yes
Google Docs (Apps)	Yes
Google Picasa	No
My S3	Yes
Synaptic Storage	No
Box.net	No
EMC Atmos onLine	No
EMC Atmos Storage	No
Nirvanix Storage	No
FTP	No
Azure Blob Storage	Yes
WebDav	No
- Navigation buttons at the bottom: '< Back', 'Next >' (highlighted), and 'Cancel'.

Can choose which storage to mount when Gladinet starts.

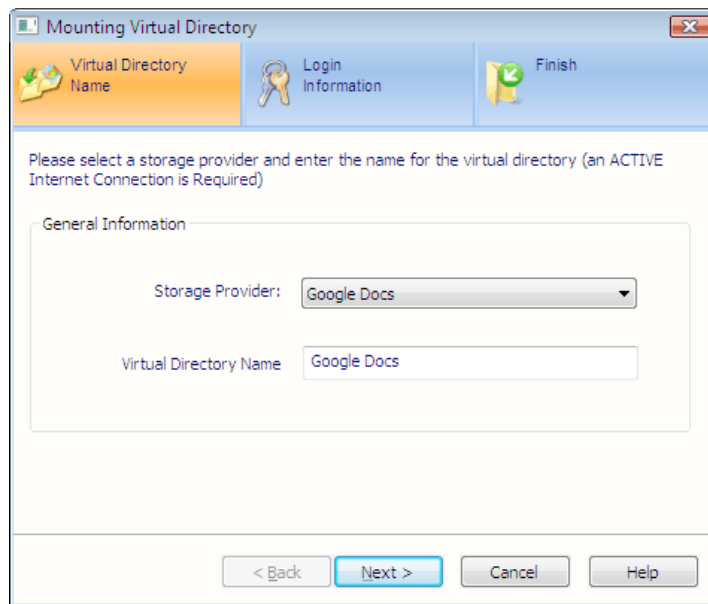

Configure some basic behavior in Gladinet. For example, which drive letter to use, where to store Gladinet cache, whether to enable profile encryption and auto update of storage plug-ins.

#### Step 4 - Open My Gladinet Drive

Click Gladinet icon on systray and select 'My Gladinet Drive' on top to open it.

#### Step 5 - Mount Cloud Storage

Double click the Click-to-Mount links in My Gladinet Drive, or Mount Virtual Directory menu in Gladinet systray menu, to mount cloud storage.

Check Gladinet Wiki to see where to start OR Complete User Guide.
