

Downloading

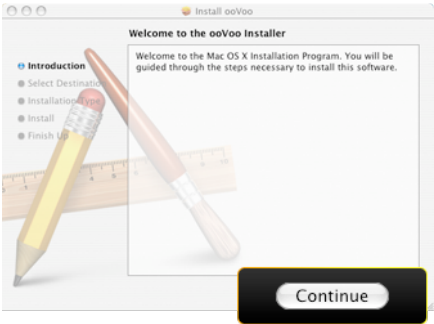

You're now downloading ooVoo

1 The ooVoo download should start within seconds. If it doesn't you can [click here](#) to start the download again.

1 **Run the ooVoo Setup application**
A window will open asking what you want to do with a file called ooVooinstaller.zip. Click 'OK'.

2 **Follow the Setup Wizard**
When the download is done, click on the ooVooInstaller.zip file from the Firefox Downloads window to open the ooVoo Setup application.
(Alternatively, you could open it directly from the location you saved it which is typically your desktop.) The ooVoo Setup Wizard will appear and guide you through the rest of the installation.

3 **Launch ooVoo**
After the installation has finished, you can open ooVoo at any time by clicking the icon on your desktop or in your system tray.
