Sometimes you receive emails with **zip** files, rar files or any other "strange" **archive** files attached and you are wondering how to open them. Stop looking for solution! IZArc is the right choice. It can **unzip** (extract) almost any archive file types.

If you have many documents containing confidential information or you just want to back up your files you can use IZArc to create password protected archives secured with strong **AES** encryption.

IZArc is the best **freeware** archive utility supporting many archive formats like: 7-ZIP, A, ACE, ARC, ARJ, B64, BH, BIN, BZ2, BZA, C2D, CAB, CDI, CPIO, DEB, ENC, GCA, GZ, GZA, HA, IMG, ISO, JAR, LHA, LIB, LZH, MDF, MBF, MIM, NRG, PAK, PDI, PK3, RAR, RPM, TAR, TAZ, TBZ, TGZ, TZ, UUE, WAR, XXE, YZ1, Z, ZIP, ZOO. With a modern easy-to-use interface, **IZArc** provides support for most compressed and encoded files, as well as access to many powerful features and tools. It allows you to drag and drop files from and to Windows Explorer, create and extract archives directly in Windows Explorer, create multiple archives spanning disks, creating self-extracting archives, repair damaged zip archives, converting from one archive type to another, view and write comments and many more. **IZArc** has also build-in multilanguage support.

With **IZArc** you can open CD image files like **ISO**, **BIN**, **CDI** and **NRG**.

It is also possible to convert such files from one type to another (**BIN** to **ISO**, **NRG** to **ISO**).

If you need to send large files to your colleagues, friends or customers who may not have archiving tool you can easily create self-extracting archive that can be extracted by simple double click.

IZArc can be configured to run your preferred Anti-Virus scanner when you open any archives.

IZArc supports **256-bit AES** encryption to secure your data.

IZArc is integrated in Windows so you can perform all archiving operations by using right-click menus in Windows Explorer.

If you have broken archives **IZArc** can help you to repair them with ease.

IZArc is 100% virus free and it doesn't contain any spyware or adware.

IZArc is the most complete archive utility available today.
