RE: Civic Leaders in the New Haven Area

Regional Plan Association and Tri-State Regional Planning Commission are co-sponsoring a March 2 conference in New York City on the status of planning in this Region. In preparation for the Regional Conference, there will be several local meetings of top civic leadership, together with local and state officials, to consider Tri-State's work. The results of these meetings will be used in developing the Regional Conference. We would appreciate you sending a list of civic leaders whom you feel should be invited to attend the local meeting in the New Haven Area.
