*Please note: Line ups already have likely and are subject to more changes. Hey, this is only a guide. You are the ultimate master of your Burn experience. Mwah!

Thank you to Cameron Burg, for scheming with me, making the shit happen & being my Rave partner in crime. And for reminding me that it never hurts to ask 'cause the answer might be a big win YES!

Thanks Rider, for jumping in head first on this project and hanging in there with me until the wee end.

Thank you to Tony Trouble & Villians & Vixens (8:45 & Hajj) who will have copies of the music guide available for you to pick up on playa while supplies last.

A BIG smooch of a thank you to everyone who donated to bring this printed guide to the playa.

A SASSY all-nite booty shake goes out to the sound camps, big & small, for making this guide an *almost* impossible job by planning such a ridonkulous year of dust music.
