

Fellowship Comm.

March 3, 1944

Dear Mr. Budworth: I am enclosing a list of the candidates who will submit material. They have all been notified to send their exhibits directly to you, and they should have plenty of time to get them in well before the meeting date.

Since there are only nine candidates this year, part of a room should be sufficient space for the judging.

Yours very truly,

VANDI V. HAYGOOD
