Gentlemen:

Dr. Ruth M. Easterling who graduated from Tufts Medical School in nineteen twenty-one when I was Professor of Surgery, is applying for a scholarship at your school for further training in tuberculosis research.

This girl was well trained in a New York Hospital and has worked under Dr. Hinton of the Hinton test, and in the laboratory at Tuskegee for five years.

She is a very capable student and is I believe worthy of your scholarship.

Very truly yours,

Frank M. Lahey
