

Negro Physician
~~SHIP~~

February 22, 1937

Dear Dr. Gibson: Your letter of February 19, to Mr. Paty, has come to me for reply. Requests for fellowships from physicians and nurses are referred to me as being under a separate category — in the medical field.

Medical fellowships as offered by the Julius Rosenwald Fund are extended only to physicians or nurses connected with institutions or projects in which the Fund has a special interest and where additional training will result in advancing the particular job in hand.

I am indeed sorry that it is impossible to consider your request for aid, but I am sure that you understand why it is necessary for certain limitations to be made.

Very truly yours,

M. O. BOUSFIELD

M. O. Bousfield, M.D.
