On the Cleveland Division of Health as Field Public Health Nurse from Jan. 12, 1923 to the present.

Miss Gregory's work has been in connection with a generalized Public Health Nursing program under municipal control, and includes clinics (infant welfare, tuberculosis and some school work) and home follow-up in behalf of tuberculosis, child hygiene, prevention of blindness, communicable disease control, etc.

Miss Gregory is much interested in her work and is anxious to progress. She has taken various courses in an effort to better prepare herself. She is one of five colored nurses ~~working~~ employed by the Division of Health. She is agreeable and has worked in harmony with the other nurses at her station.

I believe that Miss Gregory, with the public health experience she has had, is altogether a very worthy candidate for a Foundation scholarship.

Very truly yours,

Cora M. Templeton, R.N.
